If you are serious about earning £1,000 - £3,000 per week ... or more - I'll show you EXACTLY how I went from ZERO experience, £50,00 start-up capital and no website to earning £83,575.00 in my first year and how you can literally copy my step-by-step instructions and set yourself up with your own online internet business."In fact, using this very same system ..... I went on to earn £212,000 in my second year!"I promise I won't waffle or pad out this page with nonsense ... I'll simply explain what is involved and why I'm willing to share this business system that earns me £1,000 - £3,000 per week with you.Let's get a couple of things out the way first ...1. Forget what others have to say about making money online using ... magical methods ... long-forgotten strategies ... Google manipulation software ... bulk email marketing. AdSense, SEO ... and all the other crazy ideas that I seen over the years.I'm sorry to say (if you believed any of the above) ... but, hand-on-heart there are no special secrets, no magic formulas etc ... to making money online. In fact ... there really are only a very small number of ways to make money online.FIRSTLY ... The important - and obvious - point:You need to receive regular payments from customers or other businesses ... plain and simple - MONEY!And to receive payments or income from customers and businesses, you need to:1. Sell your own products or services.2. Sell other peoples products or services as an affiliate3. Receive payments from adverts that appear on your websiteAnd that's more or less it!In the past - I admit - I fell for loads of product launches from all those so-called 'internet gurus' and spent £1,000's on products ... secrets ... software - that frankly never earned me a penny!What I had to do was learn the hard way ...This meant spending hours trying different methods, testing everything, researching product niches, website design ... in fact, I tried and tested every method to making money online ... phew!That was 4 years ago - (I can't believe how time has flown by) - and now I genuinely earn over £3,000 per week from my online businesses!And it is this 4 years experience and knowledge that - if you allow me - I'll be sharing with YOU.So ... if you are sick of the daily grind ... the boring job ... those early morning starts ... the lack of cash to spend on luxuries ... the constant worry of bills ... There is an escape. In fact you'll love what I'm going to show you. From my 4 active years online, I NOW KNOW exactly how to make money online, and with my help and advise, I can take you to a £3,000 per week lifestyle!I promise you'll not be disappointed, you'll be shown in a fully illustrated step-by-step format how to make £1,000 - £3,000 per week - exactly how I do it week in week out.And to put your mind at rest, what you are about to read is NOT some made up nonsense, NOT a stupid get-rich quick scheme, NOT MLM, NOT stocks and shares, NOT buy-to-let ... and NOT gambling.I started out with zero internet experience, couldn't build a website, didn't have a list, no product ... and only £50.00 start-up capital.I eventually turned this into a business that earns me over 6 FIGURES every year!Now, I won't mislead you (as others usually do) by saying that there is no effort involved, no long hours, no capital required ... because there is - how's that for honesty!However ... because you'll be following my tried and tested methods - from 4 years online trading, a lot of the mistakes that newbie's make will be eliminated, leaving you to just concentrate on the methods that actually work.Project 26 - The Secrets To Online Riches is easily worth a few hundred pounds, considering how much information you'll get ... but ... don't worry, I'm not charging anything like that.... It's not even going to be £100, or £80, or even £70.In fact, you can get access to this life-changing information for just £67.00.

"HOW TO MAKE MONEY ONLINE" EBOOK CREATION FOR ENTREPRENEURS DO IT LIKE THE BIG DOGS!! When you hire for a writer for your ebook, what you are doing is enlisting the services of a ghostwriter. A ghostwriter is a writer who publishes under someone else's name, with the consent of both parties. (Its legal and writers are available to provide the service). The straightest route to ebook profits is in the nonfiction ebook market. Fiction is making a story; journalism is finding one. That's the big difference. When I am writing a book, I am usually dealing with events or ideas that have already arranged themselves in memory. With nonfiction, you need to find your prospective before time has arranged it. **This book is all about how to make money online and how to earn a full time or a part time income while working from the comfort of your home in your pajamas. This book is great for the beginner, for the intermediate and also for the advanced person that is already working from home. We will show you step-by-step some secret tactics that you can use in 24-48 hours to help start your online journey.Earning an income from home is not as difficult as some might claim it is. Many people are earning a part-time or a full-time income while working from their home. As a bonus to you today I will tell you this - that once you start your online journey, you have to be PERSISTENT to start seeing results/ sales. A lot of us, especially when we first start out online, we might start promoting different things online, and when we don't see results right away, we quit. A lot of times, when people start their online/internet business, they start setting their website up or whatever it is that they are doing, it might seem to them that they are taking action in their online business, but they're actually not taking the action that they need to take in order to get the sales to happen.You need to also start driving traffic to that website or to that affiliate website/affiliate link. You need to start taking the action that needs to be taken in order to see the results. You need to start providing VALUE to people because it all comes down to how much value you provide to people out there - to your followers or maybe to your list that you started to build.Because the more value you provide to people, the more money you're going to make. If you're not providing any value, if you're not sharing anything with people, sharing the things that you're learning, if you're not helping people out, don't expect a lot of sales to happen for you.You need to focus on providing that VALUE and that's one thing obviously that you need to do to see some sales happening. And just remember to be PERSISTENT. Maybe it takes you a month or two to set everything up, to go through the training and to actually start getting some traffic to your site.Don't think that just because it might take you a month longer and you're not seeing results yet that you're just gonna quit. A lot of newbies do that because they haven't seen any results yet within a month, or within a couple of months, and they just think that it doesn't work for them so they quit.But the fact is that you need to be persistent, you need to be consistently promoting it, driving traffic consistently, daily to your website, in order to start seeing some results in the future days or weeks ahead or even in months.For some people it takes shorter, for some people it takes longer, it all comes down to a lot of things, it really depends on a lot of things. For me, it took about 2-3 months to get my first sale, my first online sale on autopilot to happen. It's different for everyone. You just need to stay persistent in whatever you're doing and you will see that sale happen. Your first sale and your second sale. Just be persistent. Make sure you're doing the things that you need to do in order to see the sales because if you are being not being persistent than don't expect the sales to happen.Another bonus I have for you in starting out with your online journey is to find a MENTOR. Someone who will actually take you step-by-step and who will show you how it's done because someone who has achieved the results that you want to achieve is going to show you exactly what to do to succeed in your online journey.Don't try to figure it out all by yourself because it could take years for you to figure it out on your own. If you try to figure it out on your own, you might get stuck in one place, so you need a mentor, someone who will show you how to get to the next level and how it's done. So persistence is number one to start getting those sales happen & having a mentor is number 2.**
