are squandered in 'simple' endings... But it's tough finding a way to study endings that doesn't send you to sleep and that helps you actually remember and apply what you have learnt. "While endgame theory books are helpful, active participation by the reader is a great aid to learning. I hope that this

book of endgame exercises will encourage readers to put their brains in high gear, both to test themselves and to learn more about the endgame. I have spent several months selecting the 444 exercises in this book from what was initially a much larger collection." - John Nunn

All major types of
