Leopold Stokowski began his career in England as an organist and choirmaster. This first major study of Stokowski's early years covers his education at the Royal College of Music, his church posts in London, and his three years spent as director of music at New York's prestigious St. Bartholomew's Church. An examination of the programs of his organ recitals (played on the third largest organ in America), a list of his repertoire, facsimiles of his original choral works, an analysis of his Aeolian player organ roll of Bach's Passacaglia, and a detailed study of his famous orchestral transcriptions of Bach's organ works, reveals a new and unique insight into Stokowski's unparalleled career in music.

Organists' Review

***Written for the most basic of organ resources, this swift and playful piece is subtitled Toccatina for Flute. The entire piece is played on a single manual with a single 8-foot flute stop, and is pedaled with a 16-foot stop and the coupled manual flute. While fairly demanding for the hands, with a constant sixteenth note broken chord pattern in both hands, the pedal notes are fairly simple, and intermittent. The constant dynamic is very soft, and a steady tempo is indicated throughout, right up to the end. Pietro Alessandro Yon, (1886--1943) was an Italian-born organist who made his career in the United States. He served for a time as an organist at the Vatican and at the Royal Church in Rome before coming to the United States in 1907, and he is most famous for this Humoresque, and for his Christmas piece, Gesù bambino.
