From the author of the internationally bestselling novels My Best Friend’s Girl""and Marshmallows for Breakfast""comes an incredibly moving, powerfully written new novel about motherhood, love, loss, and new beginnings. Nova will do anything for her closest friend, Mal, whom she has known since childhood. So when Mal and his wife, Stephanie, ask Nova to be a surrogate mother, she agrees—despite her reservations about what it might mean for their friendship. Then Nova’s fears are realized. Halfway through the pregnancy, Stephanie finds a text from her husband to Nova that reads "Goodnight, beautiful." Already suspicious of their deep connection, Stephanie demands that Mal cut all ties to Nova and their unborn baby, leaving Nova to raise the child alone. Eight years later, Nova is anxiously waiting for her son, Leo, to wake up from a coma, while childless Stephanie is desperately trying to save her failing marriage. Despite her anger and hurt, Nova wants Mal to have the chance to know his son before it's too late. Will it take a tragedy to remind them all how much they mean to one another?

A law school casebook that maps the progression of the law of torts through the language and example of public judicial decisions in a range of cases. A tort is a wrong that a court is prepared to recognize, usually in the form of ordering the transfer of money (“damages”) from the wrongdoer to the wronged. The tort system offers recourse for people aggrieved and harmed by the actions of others. By filing a lawsuit, private citizens can demand the attention of alleged wrongdoers to account for what they’ve done—and of a judge and jury to weigh the claims and set terms of compensation. This book, which can be used as a primary text for a first-year law school torts course, maps the progression of the law of torts through the language and example of public judicial decisions in a range of cases. Taken together, these cases show differing approaches to the problems of defining legal harm and applying those definitions to a messy world. The cases range from alleged assault and battery by “The Schoolboy Kicker” (1891) to the liability of General Motors for “The Crumpling Toe Plate” (1993). Each case is an artifact of its time; students can compare the judges’ societal perceptions and moral compasses to those of the current era. This book is part of the Open Casebook series from Harvard Law School Library and MIT Press.

'I'm looking for that perfect blend of flavours; the taste that used to be you.' It's been 18 months since my husband was murdered and I've decided to finish writing The Flavours of Love, the cookbook he started before he died. Everyone thinks I'm coping so well without him - they have no idea what I've been hiding or what I did back then to protect my family. But now that my 14-year-old daughter has confessed a devastating secret, and my husband's killer, who was never caught, has started to write to me, I know it's only a matter of time before the truth about me and what I've done will be revealed. My name is Saffron Mackleroy and this is my story.

What kind of woman leaves three young daughters at home every morning to spend her days representing convicted murderers and rapists? That is the question criminal defense attorney Claudia Trupp confronts in this sharp and riveting memoir as she seeks answers—for herself and, mostly, for her daughters. Every working mother faces the challenges of balancing work and home, but the nature of Trupp’s work makes her juggling act all the more precarious—and at times hilarious and bizarre. Trupp’s domestic anecdotes of life with her kids run parallel to narratives of her most memorable, and often unsettling, criminal cases, each providing a platform to explore broader issues such as faith, perspective, and charm. The navigation of radically different realms—the criminal courts and maximum security prisons where clients serve hard time, and the home front where children demand marshmallows for breakfast—provides thought-provoking and entertaining reading. While the working mother has been a popular subject of fiction and self-help guides, this may be the only book offering a woman’s deeply personal and unapologetic account of how embracing a challenging job while simultaneously guiding a family reaps unexpected benefits on both fronts. In a memoir that will resonate powerfully with all women, Trupp candidly conveys to the reader and to her daughters the struggles and rewards of the conflicting roles in her life, the joy she has found in being a mother, and the value of meaningful work.
