***Mastering
Computer
Typing
Revised
Edition***

Do you need to learn to type in a hurry? Or do you just need a refresher course to

Get Free Mastering Computer Typing Revised Edition

practice with and tone up your skills? This is the shortest typing course that covers all of the fundamental skills of touch typing. This classic handbook, which has literally taught more than a million people the basics of typing, can teach you too. Touch Typing in 10 Lessons

Get Free Mastering Computer Typing Revised Edition

starts by teaching you
the basic

combinations for
fingering the
keyboard, and then
helps you master the
entire alphabet. Once
you've learned the
alphabet, the book
jumps right into
capitals, punctuation,
and numbers.

Learning the keyboard

Get Free Mastering Computer Typing Revised Edition

is just the beginning.
The book will teach you how to set up professional business letters and tricks to help you get the most out of your word processor. There are dozens out of your keystrokes. There are dozens of drills that will help you develop the accuracy and

Get Free Mastering Computer Typing Revised Edition

speed you need in school and at the office. Finally, there are practice tests that will help you get over fears concerning typing tests and that will help build up your speed on the keyboard.
