*A Photographic Atlas for Anatomy & Physiology is a new visual lab study tool that helps students learn and identify key anatomical structures. Featuring photos from Practice Anatomy Lab (tm) 3.0 and other sources, the Atlas includes over 250 cadaver dissection photos, histology photomicrographs, and cat dissection photos plus over 50 photos of anatomical models from leading manufacturers such as 3B Scientific®, SOMSO®, and Denoyer-Geppert Science Company. The Atlas is composed of 13 chapters, organized by body system, and includes a final chapter with cat dissection photos. In each chapter, students will first explore gross anatomy, as seen on cadavers and anatomical models, and then conclude with relevant histological images.*

**NOTE:** *This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. For two-semester courses in anatomy & physiology. This package includes MasteringA&P(tm). Providing a streamlined, clear pathway through A&P Anatomy & Physiology, Sixth Edition answers the demand for a leaner version of Elaine Marieb and Katja Hoehn's best-selling Human Anatomy & Physiology while maintaining its trusted, accurate approach. This streamlined text excludes coverage of pregnancy & human development, heredity, and the developmental aspects of body systems, while providing coverage of key A&P concepts. With the newly revised Sixth Edition, Marieb and Hoehn introduce a clear pathway through A&P that helps students and instructors focus on key concepts and make meaningful connections. The new modular organization makes key concepts more readily apparent and understandable to students, and new "Why This Matters" videos help students see why the content is important not only for their course, but also for their future careers. An expanded suite of learning tools in the book and in MasteringA&P guide students through important concepts. Personalize learning with MasteringA&P. MasteringA&P is an online homework, tutorial, and assessment program designed to engage students and improve results. Instructors ensure that students arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources such as Learning Catalytics(tm). Students can further master concepts after class through assignments that provide hints and answer-specific feedback. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts.*

This is the product access code card for MasteringA&P with Pearson eText and does not include the actual bound book. Anatomy & Physiology, Fifth Edition answers the demand for a leaner version of Elaine Marieb and Katja Hoehn's top-selling Human Anatomy & Physiology while maintaining its trusted, accurate approach. This streamlined text excludes coverage of pregnancy & human development, heredity, and the developmental aspects of body systems, while maintaining coverage of key A&P concepts. Marieb draws on her career as an A&P professor and her experience completing her nursing education; Hoehn utilizes her medical education and award-winning classroom instruction--together, they explain anatomy & physiology concepts and processes in a meaningful and memorable way. The new Fifth Edition makes it easier for you to learn key concepts in A&P by presenting information in smaller and more digestible bites, making it easier to distinguish key concepts from supporting details. Additionally, the Fifth Edition seamlessly integrates accompanying technology into the book for a completely integrated learning system. Plus: All text and art features are now assignable in MasteringA&P®, providing professors with an easy way to give their students extra help on important topics. New "At the Clinic" case studies help you to learn by applying your knowledge of A&P to clinical situations. This package consists of: Standalone Access Code Card for MasteringA&P with Pearson eText for Anatomy & Physiology, Fifth Edition

DIGITAL UPDATE available for Fall 2020 classes The Pearson eText and Mastering have been updated to provide new author-written content that speaks directly to students, coaching them through complex concepts. For courses in Anatomy & Physiology. A distinctive learner-centered approach for the way today's students learn Human Anatomy & Physiology speaks to the way today's diverse students learn and study, bringing A&P to life with student-friendly writing, just-in-time coaching, and rich author-created media. The distinctive learner-centered approach uses art to guide and tutor students through complex A&P topics -- one-concept-at-a-time before bringing the distinct parts together into one summarizing Big Picture figure. Students get coaching at the very moment they need help, starting with the new Module 1.1 How To Succeed in Your Anatomy & Physiology Course. Students also get opportunities to practice and develop critical-thinking skills through questions about case studies and real-world scenarios. Personalize learning with Modified Mastering A&P By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student. Built for, and directly tied to the text, Mastering A&P enables an extension of learning, allowing students a platform to practice and learn, and then apply outside of the classroom. Help manage time and improve learning inside and outside of the lab The #1 best-selling Human Anatomy & Physiology Laboratory Manual helps students and instructors manage time inside and outside of the A&P lab classroom and works hand-in-hand with Mastering A&P, the leading online homework and learning program for A&P. The 13th Edition features dozens of new, full-color figures and photos in the review sheets, as well as revamped clinical application questions and critical thinking questions that reinforce the most important concepts from lab. Encourage students to prepare for lab by assigning recommended Mastering A&P activities for each lab exercise, including 18 pre-lab videos (8 are new to this edition), Building Vocabulary Coaching Activities, exercise review sheet assessment questions, art labeling activities, mobile-ready Practice Anatomy Lab(tm) 3.1 with customizable flashcards, and more. Thousands of assignment options in the Item Library are closely correlated with the print edition of the manual, making it easier than ever to create homework assignments that are aligned with your lab activities. Continuing to set the standard for the 2-semester A&P laboratory course, the lab manual complies with the illustration and presentation style of the best-selling Marieb/Hoehn Human Anatomy & Physiology text, but can accompany any A&P textbook. New customization options are available through Pearson Collections, as well as three conventional versions: Main (12th Edition), Cat (13th Edition), and Fetal Pig (13th Edition). Personalize learning with Mastering A&P By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. Mastering A&P assignments support interactive features in the lab manual, including pre-lab video coaching activities, bone, muscle, and dissection videos, Dynamic Study Modules, Get Ready for A&P, plus a variety of Art Labeling Questions, Clinical Application Questions, and more. 0134767330 / 9780134767338 Human Anatomy & Physiology Lab Manual, Main Version Plus MasteringA&P with Pearson eText -- Access Card Package, 12/e Package consists of: 0134763246 / 9780134763248 MasteringA&P with Pearson eText -- ValuePack Access Card -- for Human Anatomy & Physiology Laboratory Manuals 0134806352 / 9780134806358 Human Anatomy & Physiology Lab Manual, Main Version

For the two-semester A&P course. Equipping learners with 21st-century skills to succeed in A&P and beyond Human Anatomy & Physiology by best-selling authors Elaine Marieb and Katja Hoehn motivates and supports learners at every level, from novice to expert, equipping them with 21st century skills to succeed in A&P and beyond. Each carefully paced chapter guides students in advancing from mastering A&P terminology to applying knowledge in clinical scenarios, to practicing the critical thinking and problem-solving skills required for entry to nursing, allied health, and exercise science programs. From the very first edition, Human Anatomy & Physiology has been recognized for its engaging, conversational writing style, easy-to-follow figures, and its unique clinical insights. The 11th Edition continues the authors' tradition of innovation, building upon what makes this the text used by more schools than any other A&P title and addressing the most effective ways students learn. Unique chapter-opening roadmaps help students keep sight of "big picture" concepts for organizing information; memorable, familiar analogies describe and explain structures and processes clearly and simply; an expanded number of summary tables and Focus Figures help learners focus on important details and processes; and a greater variety and range of self-assessment questions help them actively learn and apply critical thinking skills. To help learners prepare for future careers in health care, Career Connection Videos and Homeostatic Imbalance discussions have been updated, and end-of-chapter Clinical Case Studies have been extensively reworked to include new NCLEX-Style questions. Mastering A&P features new Interactive Physiology 2.0 tutorials, new Focus Figure Mini-Animations, and new customizable Practice Anatomy Lab (PAL 3.1) Flashcards, complementing Human Anatomy & Physiology and providing a cohesive learning experience for today's learners. Personalize learning with Modified Mastering A&P Mastering(TM) is the teaching and learning platform that empowers you to reach every student. By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. Mastering A&P assignments support interactive features in the text, including new Interactive Physiology 2.0 tutorials, new, customizable Practice Anatomy Lab (PAL) Flashcards, new Focus Figure "Mini-Animation" Coaching Activities, new Building Vocabulary Coaching Activities, Dynamic Study Modules, Learning Catalytics (TM) , 3D animations, lab study tools, Get Ready for A&P, plus a variety of Art Labeling Questions, Clinical problem-solving activities, and more.
