Using ageless biblical principles that reveal the keys to personal success available to each and every one of us, Bishop Jakes teaches that every moment of every day, God provides all we need to achieve success. He explains how to release ourselves from damaging relationships and debilitating fears, how to face and conquer obstacles that may stand in our path to success, and how to move beyond our painful pasts. - Cover.

T.D. Jakes has emerged as one of the most prolific spiritual leaders of our time. He is pastor of one of the largest churches in the country, CEO of a multimillion dollar empire, the host of a television program, author of a dozen bestsellers, and the producer of two Grammy Award-nominated CDs and three critically acclaimed plays. In 2001 Time magazine featured Jakes on the cover and asked: Is Jakes the next Billy Graham T.D. Jakes draws on extensive research, including interviews with numerous friends and colleagues of Jakes, to examine both Jakes's rise to prominence and proliferation of a faith industry bent on producing spiritual commodities for mass consumption. Lee frames Jakes and his success as a metaphor for changes in the Black Church and American Protestantism more broadly, looking at the ramifications of his rise—and the rise of similar preachers—for the way in which religion is practiced in this country, how social issues are confronted or ignored, and what is distinctly “American” about Jakes's emergence. While offering elements of biography, the work also seeks to shed light on important aspects of the contemporary American and African American religious experience. Lee contends that Jakes's widespread success symbolizes a religious realignment in which mainline churches nationwide are in decline, while innovative churches are experiencing phenomenal growth. He emphasizes the “American-ness” of Jakes's story and reveals how preachers like Jakes are drawing followers by delivering therapeutic and transformative messages and providing spiritual commodities that are more in tune with postmodern sensibilities. As the first work to critically examine Bishop Jakes's life and message, T.D. Jakes is an important contribution to contemporary American religion as well as popular culture. An ethnographic study of the role of religion in the life of a southern rural community.

***Meditation for Christians? "Nonsense," author David Ray used to say. "Give me action and work, lots of work! Let somebody else waste time staring at the end of his nose!" Then one day the impact of Psalm 46:10 suddenly hit him: "Be still, and know that I am God." He found himself asking such questions as: "How well do I know God?" "How far have I come since I professed faith in Jesus Christ?" "How aware am I, at this moment, of God's presence?" He began to discover how to know God, to be still in a creative way, and to focus his uninterrupted attention on God. The Art of Christian Meditation is the result of David Ray's silent revolution. *maximum personal growth. Are there tried and true principles that are always certain to help a person grow? John Maxwell says the answer is yes. He has been passionate about personal development for over fifty years, and for the first time, he teaches everything he has gleaned about what it takes to reach our potential. In the way that only he can communicate, John teaches . . . The Law of the Mirror: You Must See Value in Yourself to Add Value to Yourself The Law of Awareness: You Must Know Yourself to Grow Yourself The Law of Modeling: It's Hard to Improve When You Have No One But Yourself to Follow The Law of the Rubber Band: Growth Stops When You Lose the Tension Between Where You are and Where You Could Be The Law of Contribution: Developing Yourself Enables You to Develop Others This third book in John Maxwell's Laws series (following the 2-million seller The 21 Irrefutable Laws of Leadership and The 17 Indisputable Laws of Teamwork) will help you become a lifelong learner whose potential keeps increasing and never gets "used up."*

*A study by an American University once revealed that 97 percent of the world's population have no goal and work for the 3 percent who have. This is a great tragedy; that 97 percent of people in all walks of life wake up each day, drudge through life, and go back to sleep for a lifetime without knowing why they came to earth. The sad thing is that among these daydreamers are great men and women originally destined by their Maker to be movers and shakers of our planet. The only reason they are wandering in the desert of life is because they have not found their true north. We all know that man is created in the image and likeness of God, which means that what is possible with God is possible with man. When put to the test, human beings have been known to perform mighty feats. Scientists call it hysterical strength, and there have been many reported stories of this happening, where an individual exercises superhuman strength in a time of great need. A famous case of this happened in 1960. Angela Carvallo's son was trapped under a car, and upon waiting for help, she took the rescue into her own hands and lifted the car off him, allowing him to crawl out of harm's way. In this insightful book, Pastor MKO argues that you do not have to settle for mediocrity and anonymity. You are capable of achieving the highest possible dream for which your Maker created you. All you need to do is find your true place on earth, and you will rock the universe! How to Fulfil Your Divine Purpose is a life-changing book that must be read by anyone who is going somewhere.*

*Life is indeed a game that we all play to pass time; simply a series of days strung together, made up of how you planned or decided to spend the moments. Like any game how well it is played or whether life's circumstances are interpreted accurately, then used to the best advantage, makes losers and winners to varying degrees. Senseless insanity is alive and well within the world. The world is awash with unruly forces, that if not intent upon harming you do desire to become a destabilising force, either temporarily or over the long term. We are all participants in a charade, how life evolves and turns out all depend on how well the game is played. It is not wise or ideal to treat life like a game of chance, a random roll of the dice that can determine unpredictable outcomes. The cost of success is the careful application of well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to manipulate the dynamics at play efficiently to ones own advantage, understanding the intricacies of the rules and how to capitalise upon or create opportunities, pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage. The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available. Don't wait for special times to evolve, rather create them in accordance with your true desires to experience what you wish to make real. Much like any*

*game, the game of life has things that can be obtained, or things that can be lost. How the game is played, the value of the stakes, the opposing factions all come to dictate an outcome, be that favourable or lacking any resemblance of being lucky. A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic, or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future. While it takes resources to control the world, the control of your own specific world environment is really within your potential to achieve. How you choose to control your world, as well as to what extent your desires are put into action, determine whether your life will meet your wishes or not. The amount of thought and energy you exhort, the persistence of that effort, all comes to determine whether and to what degree what you want is what you actually get. In life you may win or loose at times, it's basically just like playing a game; the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same.*

But reducing evangelicals to such caricatures does not help us understand their true spiritual and political agendas and the means they use to advance them. Shaking the World for Jesus moves beyond sensationalism to consider how the evangelical movement has effectively targeted Americans—as both converts and consumers—since the 1970s. Thousands of products promoting the Christian faith are sold to millions of consumers each year through the Web, mail order catalogs, and even national chains such as Kmart and Wal-Mart. Heather Hendershot explores in this book the vast industry of film, video, magazines, and kitsch that evangelicals use to spread their message. Focusing on the center of conservative evangelical culture—the white, middle-class Americans who can afford to buy "Christian lifestyle" products—she examines the industrial history of evangelist media, the curious subtleties of the products themselves, and their success in the religious and secular marketplace. To garner a wider audience, Hendershot argues, evangelicals have had to carefully temper their message. But in so doing, they have painted themselves into a corner. In the postwar years, evangelical media wore the message of salvation on its sleeve, but as the evangelical media industry has grown, many of its most popular products have been those with heavily diluted Christian messages. In the eyes of many followers, the evangelicals who purvey such products are sellouts—hucksters more interested in making money than spreading the word of God. Working to understand evangelicalism rather than pass judgment on it, Shaking the World for Jesus offers a penetrating glimpse into a thriving religious phenomenon.***

God has a purpose for you right now. You may think you're not ready to make a difference in God's Kingdom or that you're too young for others to take seriously. But that's not what God thinks. At some point, you have to understand your own purpose and significance in the kingdom of God. How does God want to use you? This book uses the Old Testament leader Joshua as a model for stepping up to God's big calling. Before Joshua, Moses was the one who had spoken to God, performed miracles, and challenged Pharaoh. But at some point, Joshua had to come out to the front. So what did he do? How did he step up? And what steps can you take to seize "now" for yourself? Now is your time. If you will be steadfast and unmovable, and always abound in what God is calling you to do, you'll see that it will not be in vain. He has a plan, a destiny for your life. Now means "not later." Now means "don't wait." God wants to do great things.

Get your hopes up. Raise your expectations. Your best days are in front of you. In challenging times, it may be hard to see better days ahead. You may feel as though your struggles will never end, that things won't ever turn around for you. This is exactly the moment to put your faith into action and expect God's blessings. It's your time to declare your faith, to look for God's favor, and to give control of your life to Him so that you can find fulfillment in His plans for you! It's Your Time to believe. It's not easy to always be optimistic. Life can be difficult, and in economic times it's not just your finances that suffer. Your relationships can be strained. Your health can be stressed. Bad habits can return, and negative thoughts can take over. When one part of your life after another takes a bad turn, you can feel like there is no end in sight, no way out. The truth is, maybe you don't have an answer. But God does! Maybe you don't have the strength. But God does! It's Your Time for favor. In *It's Your Time*, bestselling author Joel Osteen, pastor of the nation's largest church, offers the inspirational truth that no matter where you stand in life, you are never alone. He reminds you also that the bigger your burden, the greater your blessings to come. You may have neglected God, but He has not abandoned you. He has already released good things into your future. As long as you're breathing, you can still reclaim His favor by renewing your faith and accepting His plans for you. It's Your Time for restoration. In these pages, Joel offers assurances that God does not want you to merely survive challenging times, He wants you to thrive. When you give your life over to Him, God will send opportunities your way so that you can soar to new heights of fulfillment. History has shown that the most difficult times serve as catalysts for creativity, innovation, and accomplishment. If you hold on to your faith, ask for God's favor, and don't give in to depression or discouragement, you will emerge not bitter but better, not a victim but a victor. It's Your Time to trust. God already is working your life to arrange the right people, the right skills, and the right opportunities to give you the tools you need to fulfill and exceed your dreams. What people need today when they and society at large are in social and economic distress is great advice and spiritual support that is easy to access. 64 Lessons- informed by two of Bishop Jakes' bestselling titles, Reposition Yourself and Making Great Decisions- is a ready-reference book of advice to keep readers on course in managing their careers, relationships, health, home and spiritual well-being. The 64 lessons explore ideas like: 1. Good choices begin with research; 2. Quitting can be good, at the right time; 3. Begin before 'need' arises; 4. Regret can be the begging of triumph over adversity. For instance, we've all been told that quitters never win. But, there IS a time to quit whether it's your job, marriage, church or project. The biggest problem with quitting is the timing. Quitting too soon may mean that you relinquish your dreams. Get comfortable with change. Even after you've repositioned yourself, change is constant. You may need to quit something in order to make room for the next season of your life. Before you quit anything, look within and determine your real motives. Revisit the longings deep in your heart. Get a clear perspective on what you're releasing and what you're taking hold of. Examine your prior choices and consider what you've 'quit' in the past. This honest self-examination will prepare you for a new beginning.
