women, illegal labour and arms across five continents. The journey begins with an appalling and inexplicable murder in England's stockbroker belt and continues with stories that are often horrifying, sometimes inspiring, usually bizarre and

Acces PDF Mcmafia Seriously Organised Crime

occasionally funny. But together they build a breathtaking picture of the shadow economy that has grown so fast that it may now account for about 20% of the world's GDP. Usually the preserve of sensationalist reporting in the tabloid press, organised crime

On May 6, 2010, financial markets around the world tumbled simultaneously and without warning. In the span of five minutes, a trillion dollars of valuation was lost. The Flash Crash, as it became known,

Navinder Singh Sarao hardly seemed like a man who would shake the world's financial markets to their core. Raised in a
