**EFFECTIVE ONLINE TEACHING: TRAINING MANUAL Designed to accompany the book Effective Online Teaching, the Training Manual offers instructors a handy resource that follows the main text and includes overviews, readings, discussion questions, hypothetical scenarios, activities, assignments, and scripts that can be used in face-to-face training or plugged into an online course management system. The companion website contains plug-and-play narrated presentations for each chapter of Effective Online Teaching, as well as handouts, templates, and PowerPoint slides. "Tina Stavredes has done something sorely needed in the online teaching world —she has successfully combined solid theory and research with the practical application of instructor training. Both the book and the training manual are a 'must' for any online education organization. Bravo!" —DR. DARCY W. HARDY, assistant vice provost for Technology Education Initiatives, University of Texas at San Antonio, and chair emerita, United States Distance Learning Association "Effective Online Teaching is that rare book that weaves together a solid understanding of the adult online learner and learning theory with dozens of helpful instructor strategies, activities, and resources to support learners' success in an online environment. This book and its accompanying training manual is a 'must-have' set for online instructors in higher education and corporate settings." —SHARAN B. MERRIAM, professor emeritus of adult education, University of Georgia, and coauthor, Learning in Adulthood "An eminently practical book that provides clear and unpretentious explanations of the learning theories that are essential knowledge for every online teacher, together with equally uncluttered and easy-to-follow guidance about how to apply this knowledge to achieve excellent teaching." —MICHAEL GRAHAME MOORE, Distinguished Professor of Education, The Pennsylvania State University; and editor, The American Journal of Distance Education**

A dissertation is the crowning achievement of years of graduate study. But many graduate students struggle long hours with formatting their dissertations properly. This book guides a graduate student, step by step, thorough the process of using Microsoft Word to produce a dissertation that meets the requirements of the student's graduate school -- the first time it's submitted. Throughout, the book uses real-world examples of formatting requirements from actual graduate schools, and is amply illustrated to provide a visual guide to working through Microsoft Word. Tips and tricks about Word will help a graduate student devote time to the content of the dissertation, not its formatting.

Maximize the impact and precision of your message! Now in its fourth edition, the Microsoft Manual of Style provides essential guidance to content creators, journalists, technical writers, editors, and everyone else who writes about computer technology. Direct from the Editorial Style Board at Microsoft—you get a comprehensive glossary of both general technology terms and those specific to Microsoft; clear, concise usage and style guidelines with helpful examples and alternatives; guidance on grammar, tone, and voice; and best practices for writing content for the web, optimizing for accessibility, and communicating to a worldwide audience. Fully updated and optimized for ease of use, the Microsoft Manual of Style is designed to help you communicate clearly, consistently, and accurately about technical topics—across a range of audiences and media.
