In World War Two a secret US military experiment caused a warship to vanish at sea - but has the tech now fallen into the wrong hands? Juan Cabrillo breaks into a Russian prison deep in the Siberian wastes to rescue his friend Yuri Borodin - the man who helped build the top-secret spy ship Oregon. But when the mission goes badly awry, Juan is left clutching the pieces of a disturbing puzzle: was Yuri arrested because he had discovered the horrifying secret behind the sinister designs of Russian admiral Pytor Kenin? Juan knows he owes it to his friend to find out. With his own private army and a weapon based on plans made by scientific genius Nikolai Tesla, Admiral Kenin is someone only a fool would cross. However, with the weapon about to start a war, Juan and the Oregon have no choice but to set course for trouble. 'Cussler is hard to beat.' Daily Mail 'The adventure king.' Sunday Express

Ex-CIA ship captain Juan Cabrillo leads the crew of the Oregon on a quest to save a kidnapped politician in this adventure in the #1 New York Times-bestselling series. Corsairs are pirates, and pirates come in many different varieties. There are the pirates who fought off the Barbary Coast in the late eighteenth and early nineteenth centuries, the contemporary pirates who infest the waters of Africa and Asia, and the pirates...who look like something else. When the U.S. secretary of state's plane crashes while bringing her to a summit meeting in Libya, the CIA, distrusting the Libyans, hire Juan Cabrillo to search for her, and their misgivings are well founded. The crew locates the plane, but the secretary of state has vanished. It turns out Libya's new foreign minister has other plans for the conference, plans that

Juan Cabrillo and the crew of the Oregon find themselves exposed when a brilliant scientist blows their cover in the #1 New York Times–bestselling series by the grand master of adventure. In 1902, the volcano Mt. Pelée erupts on the island of Martinique, wiping out an entire city of thirty thousand—and sinking a ship carrying a German scientist on the verge of an astonishing breakthrough. More than a century later, Juan Cabrillo will

have to deal with that scientist's legacy. During a covert operation, Cabrillo and the crew meticulously fake the sinking of the Oregon—but when an unknown adversary tracks them down despite their planning and attempts to assassinate them, Cabrillo and his team struggle to fight back against an enemy who seems to be able to anticipate their every move. They discover that a traitorous American weapons designer has completed the German scientist's work, and now wields extraordinary power, sending the Oregon on a race against time to stop an attack that could lead to one man ruling over the largest empire the world has ever known.

When NUMA team leader Kurt Austin finds his own memories of a dangerous mission

aren't to be trusted, he must follow a trail of mysterious disappearances to the truth in this novel in the #1 New York Times-bestselling series. After a narrow escape during a perilous rescue operation to save the passengers and crew from a sinking yacht, Marine adventurer Kurt Austin awakens with fragmented and conflicting memories. Did he see an old friend and her children drown, or was the yacht abandoned when he came aboard? For reasons he cannot explain, Kurt doesn't trust either version of his recollection. Determined to know the fate of his friend, he begins to search for answers, and soon finds himself descending into a shadowy world of state-sponsored cybercrime, and uncovering a pattern of vanishing scientists, suspicious accidents, and a web of human trafficking. With the help of fellow NUMA operative Joe Zavala, he takes on the sinister organization at the heart of this web, facing off with them in locations ranging from Monaco to North Korea to the rugged coasts of Madagascar. But where he will ultimately end up even he could not begin to guess.

Only Juan Cabrillo and the crew of the Oregon stand between two warring moguls and global havoc in this thrilling suspense novel in Clive Cussler's #1 New York Times bestselling series. Nearly two thousand years ago, an Eastern emperor charged a small group with safeguarding secrets powerful enough to change the history of mankind. They went down in legend as the Nine Unknown Men--and now two rival factions of their descendants are fighting a mighty battle. Both sides think they are saving the world, but

their tactics could very well bring about the end of humankind. Soon, Juan Cabrillo and his team of expert operatives aboard the Oregon find themselves trapped between two power-hungry adversaries, both of whom are willing to use shocking means to accomplish their goals. Cabrillo and the team must divide and conquer as they fight dual threats, which include a supercomputer at sea and satellites that can wipe out technology across the globe--including the high-tech weapons on board the Oregon. The crew must rely on their unique skills to stop the tyrants in their tracks and save the earth from a dynasty of terror.

Juan Cabrillo faces a global deadly threat in Clive Cussler's *The Jungle*. Juan Cabrillo and the crew of the Oregon are up against their smartest foe yet - but in their midst there is a traitor . . . After losing their contract with the US government because of a daring raid too far, Cabrillo and his crew of mercenaries with a conscience are earning money the hard way: doing dirty, dangerous little jobs in the world's trouble spots. Now they've accepted a mission deep to find a missing adventurer deep in the jungles of Myanmar. But it is not long before Cabrillo and his team realise that they have been set up. Cabrillo - betrayed, tortured and played for a fool - is angry that he's been used as a pawn in someone's deadly scheme. But with the US nuclear launch codes up for grabs and a madman bent on using them to hold millions of lives to ransom, he hasn't time to worry about revenge. He's got to save the world first . . . Chairman Juan Cabrillo and the rest of the Corporation's mercenaries fight to stop a corrupt activist group from unleashing a viral attack in this #1 New York Times-bestselling adventure from the Oregon Files. Captained by the rakish, one-legged Juan Cabrillo and manned by a crew of former military and spy

personnel, the Oregon is a private enterprise, available for any government agency that can afford it. They've just completed a top secret mission against Iran in the Persian Gulf when they come across a cruise ship adrift at sea. Hundreds of bodies litter its deck, and, as Cabrillo tries to determine what happened, explosions rack the length of the ship. Barely able to escape with his own life and that of the liner's sole survivor, Cabrillo finds himself plunged into a mystery as intricate - and as perilous - as any he has ever known and pitted against a cult with monstrously lethal plans for the human race . . . plans he may already be too late to stop

It begins deep beneath the Pacific Ocean, where a nuclear bomb strikes at the fiery hot heart of the earth. Churning, spewing boiling lava, a volcano rises with unnatural speed from the ocean floor -- the source of a new mineral that promises clean, limitless nuclear power. It continues in hot spots around the globe: Hawaii, where a secessionist movement is about to turn violent and the American army may be asked to fire on U.S. citizens; Washington, D.C., where the subway system becomes the site of a running gun battle; the Far East, where disrupted diplomatic negotiations jeopardize world peace; a rogue Russian submarine, circling the infant volcano. Caught in the middle is Philip Mercer, a geologist and a one-time commando with shady contacts in all the

right (or is it wrong?) places. When Mercer learns that the daughter of an old friend is being kept under armed guard in a local hospital, he vows to rescue her, not knowing that this is the first step in unraveling the fantastic secrets of Vulcan's Forge.

When a high-profile Russian prisoner warns of a deadly weapon designed by one of America's greatest inventors, Juan Cabrillo and the Oregon crew must race to uncover the truth in this adventure in the #1 New York Times–bestselling series. In October 1943, a U.S. destroyer sailed out of Philadelphia and supposedly vanished, the result of a Navy experiment with electromagnetic radiation. The story was considered a hoax—but now Juan Cabrillo and his Oregon colleagues aren't so sure. There is talk of a new weapon soon to be auctioned, something very dangerous to America's interests, and the rumors link it to the great inventor Nikola Tesla, who was working with the Navy when he died in 1943. Was he responsible for the experiment? Are his notes in the hands of enemies? As Cabrillo races to find the truth, he discovers there is even more at stake than he could have imagined—but by the time he realizes it, he may already be too late. In 1926, on the advice of his doctor, former newspaperman William Caruthers, whose writings appeared in most Western magazines during a career spanning

more than 25 years, retired to an orange grove near Ontario, California. Once there, he would go on to spend much of his time during the next 25 years in the Death Valley region, witnessing the transition of Death Valley from a prospector's hunting ground to a mecca for winter tourists. This book, which was first published in 1951, is William Caruthers' personal narrative of the old days in Death Valley—"of people and places in Panamint Valley, the Amargosa Desert and the big sink at the bottom of America." A wonderful read.

This is a bold and original reinterpretation of almost all of Shakespeare's major plays, in the light of the Marxist, feminist and semiotic ideas of our own time. Through a set of tenaciously detailed readings, the book illuminates a number of persistent problems or conflicts in Shakespearean drama - in particular a contradiction between words and things, body and language, which is also explored in terms of law, sexuality and Nature. Language and desire, Terry Eagleton argues, are seen by Shakespeare as a kind of 'surplus' over and above

the body, stable and social roles and a fixed human nature. But the attitude of the plays to such a 'surplus' is profoundly ambivalent; if they admire it as the very source of human creativity, they also fear its anarchic, transgressive force. Underlying such ambiguities, the book convincingly shows, is a deeper ideological struggle, between feudalist traditionalism on the one hand, and the emergence of new forms of bourgeois individualism on the other. This book reveals how, in the light of our own contemporary theories of language, sexuality and society, we can understand the issues present in Shakespeare's drama which previously have remained obscure.

The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout

and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." This is certainly the case when Bell thwarts the assassination of a U.S. Senator shortly after meeting the man. This heroic rescue is just the start of the mystery for Bell, who suspects that the would-be assassins have a much larger and more dangerous agenda--one involving the nearly-constructed Panama Canal. While the senator supports the building of the canal, there are many, including a local Panamanian insurgency known as the Red Vipers, who never want to see its completion. With millions of dollars and the fates of two nations at stake, Bell heads to Panama to find answers. After a deadly bombing at the canal's construction site, he is determined to stop the insurgents--or whoever is funding them--before they can attack again.

Clive Cussler's New York Times bestselling Blue Gold, now available in ebook, is a heart-pounding thriller in the NUMA adventure series. Kurt Austin navigates the Amazon jungle in search of a legend that could change the path of science—but secretive powers will do anything to stop him. From deep within the Venezuelan rain forest emanates the legend of a white goddess and a mysterious tribe with startling technical accomplishments. Few believe the tribe exists—and even fewer suspect its deity may hold knowledge that can change the course of history. For National Underwater & Marine Agency crew leader Kurt Austin, an investigation into the sudden deaths of rare whales leads him to the Mexican coast, where someone tries to put him and his mini-sub permanently out of commission. Meanwhile, in South America's lush hills, a specially assigned NUMA crew turns up the white-goddess legend—and a murderous cadre of bio-pirates intent on stealing medicinal secrets worth millions. Soon Austin and his crew realize they're working the opposite ends of the same grand scheme. A billionaire California tycoon is poised to rise to power by monopolizing the earth's vastly depleted freshwater reserves and ultimately dominate the world. Austin has a

hunch Venezuela's mythical tribal goddess has some real roots in science, and may be the key to locating a secret formula that could turn vast amounts of seawater into fresh. But with each step into the bush, he and his NUMA team feel like fish out of water—and must fight a deadly, twisting trail of enemies through a dense jungle of treachery, blackmail, and murder.

In 1991, the Oregon Council for the Humanities published *The First Oregonians*, the only single-volume, comprehensive history of Oregon's Native Americans. A regional bestseller, this collaborative project between the council, Oregon tribes, and scholars served as an invaluable reference for teachers, scholars, and general-interest readers before it went out of print in 1996. Now revised and expanded for a new generation of Oregonians, *The First Oregonians* provides a comprehensive view of Oregon's native peoples from the past to the present. In this remarkable volume, Oregon Indians tell their own stories, with more than half of the book's chapters written by

members of Oregon's nine federally recognized tribes. Chapters on each tribe examine lifeways--from the traditional to the present day. Using oral histories and personal recollections, these chapters vividly depict not only a history of decimation and decline, but also a contemporary view of cultural revitalization, renewal, and continuity. The First Oregonians also includes essays exploring geography, federal-Indian relations, language, and art written by prominent Northwest scholars. And, as with the first edition, this new edition is richly illustrated with almost two hundred photographs, maps, and drawings. No other book offers as wide a variety of views and stories about the historical and contemporary experience of Oregon Indians. The First Oregonians is the definitive volume for all Oregonians interested in the fascinating story of Oregon's first peoples.

Chairman of the Corporation Juan Cabrillo and his mercenary crew steer the Oregon into battle against a militant leader and his cult-like followers in this #1 New York Times-bestselling series. Juan Cabrillo and the crew of the covert combat ship Oregon have barely escaped a mission on the Congo River when they intercept a mayday from a defenseless boat under fire off the African coast. Still smarting from a

weapons-trade gone bad and a double-cross, Cabrillo takes action. He manages to save the beautiful Sloane Macintyre, who's on a mission of her own, looking for a long-submerged ship that may hold a fortune in diamonds. But what surprises Cabrillo is her story about a crazy fisherman who claims to have been attacked on the open sea by giant metal snakes in the same area. What begins as a snake hunt leads Cabrillo onto the trail of a far more lethal quarry—a deranged militant and his followers who plan to unleash the devastating power of nature itself against all who oppose them.
