*the most powerful engines ever in the sport-compact world. It's not uncommon to find one of these four-cylinder, iron-block, aluminum-headed, 2-liter turbocharged monsters making more than 1,000 horsepower with the right modifications and tuning - well above the 200-300 hp produced in the factory-made engines. Bolted into such cars as the Mitsubishi Lancer Evolution, Eclipse, and Galant, and the Eagle Talon and Plymouth Laser, the 4G63t has more than a cult following among sport-compact enthusiasts, who know and respect this engine's immense performance potential at the track or on the street. Up until now, in-depth performance information on the 4G63t has been hard to find. For this book, author Robert Bowen went straight to the source, Robert Garcia of Road/Race Engineering in Santa Fe Springs, California. RRE is the most well-known and respected Mitsubishi turbo performance shop in the United States, and Garcia is its in-house engine builder. Mitsubishi enthusiasts will benefit from Garcia's expertise and be able to build better, stronger engines than ever before. "How to Build Max-Performance Mitsubishi 4G63t Engines" covers every system and component of the engine, including the turbocharger system and*

*engine management. More than just a collection of tips and tricks, this book includes a complete history of the engine and its evolution, an identification guide, and advice for choosing engine components and other parts. Profiles of successful built-up engines show the reader examples of what works, and the book includes helpful guidance for choosing your own engine building path.*

Damion and Devon are identical twins. But it's their differences that set them onto diverging life paths, resulting in their eventual estrangement.

Devon grapples with his identity. He's black, and a low-level aide to a Republican congressman.

He's forced to reckon with his politics and his social consciousness when one of the

congressman's past misdeeds lands them both in the center of a national scandal. Deemed a bad

apple from childhood, Damion's story collides

with Devon's when a pair of hit men track

Damion from his Army base in Afghanistan all the way to Devon's Washington, D.C. doorstep.

Amid this all, a love triangle involving both brothers sparks an ember of rage in a woman that grows into a homicidal blaze. The

Congressman's scandal, Damion's hit men and the woman's scorn test the brothers' already strained relationship. At its core, *The Devil's*
