This book about the science of Vastu was written as a simple and clear, yet detailed exposition on the knowledge and basic technical applications for the design of secular Vastu buildings - such as homes and offices. 'Vastu Architecture' provides the reader with a nuts and bolts explanation of how to create a solid structure that is in resonance with Earth, Cosmic and Divine energies. Being a fully illustrated book, with around 100 simple, clear and easy to interpret drawings; the book is very accessible to a general audience and does not require any background knowledge in architectural design. Also included are two complete floor plans that can be tailored for specific individuals in accordance with their birth stars. Many other books about Vastu do not include an explanation of the technical knowledge of Vastu science, and if they do, they often present only a partial, or an altogether incorrect account thereof. This is not the case with 'Vastu Architecture', as its technically rich, yet layman-accessible knowledge base provides the reader with all of the basic requirements to create a Vastu structure, including a very clear chapter on how to use the Ayadi Calculations to get the Sacred Dimensions of a building. This is not however a coffee table book, it is rather a manual for the construction of special havens for the soul. Whether you've always dreamed of building your own home, or can't find the right house from among the dozens you've toured, this collection of ultimate plans can help you achieve the home of your dreams. You could have an architect create a one-of-a-kind home for you, but the design services alone could end up costing up to 15 percent of the cost of construction—a hefty premium for any building project. Ultimate Book of Home Plans allows you to select from 730 of the most popular designs from the country's top architects and designers, for a fraction of the cost. More than 550 gorgeous, full-color photographs and 1,600 illustrations allow you to experience homes actually built from the designs, plus some interiors. Virtually every home style is offered, including farmhouses, country cottages, contemporaries, luxury estates, vacation retreats, and regional specialties. Get practical tips and advice on everything from selecting a site and hiring a contractor to adding finishing touches like trimwork and landscaping. Once you've selected your dream home, you can obtain easily customizable construction blueprints, cost estimates, materials lists, and CAD files.

In this ground-breaking study the traditional Indian science of architecture and house-building, Vastu Vidya, is explored in terms of its secular uses, at the levels of both theory and contemporary practice. Vastu Vidya is treated as constituting a coherent and complete architectural programme, still of great relevance today. Chakrabarti draws on an impressive amount of textual material, much of it only available in Sanskrit, and presents several extremely valuable illustrations in support of the theories expounded. Each chapter deals with one architectural aspect, and chapters are divided into three sections. For each aspect, the first section explains the prescriptions of the traditional texts; the second section deals with the rather arbitrary use of that aspect by contemporary Indian architects trained in the western manner but striving to relate to Indian roots; while the last section in each chapter explores the selected use of that particular aspect by contemporary Vastu pundits, with their disregard for architectural idiom

Improve Your Health, Wealth And Relationships With Indian Feng Shui - Vastu Shastra Vastu Shastra is the art of arranging your home or work place to work in harmony with the flow of energy that surrounds us on a daily basis and to mimic nature in such a way as to honor it. Much like the Chinese art of Feng Shui, Vastu Shastra is becoming an integral part of everyday life for millions of people around the world. When we invest time in our homes and our personal well-being, there are bound to be positive effects with long reaching benefits that bring happiness and peace to our lives. Vastu Shastra may have originated many years ago in India, however, the lessons it teaches are timeless and especially important in the current high-stress society that we live in today. Vastu wisdom teaches us to reunite with the forces of the universe to achieve personal wealth, health, and happiness on a variety of levels that can only happen once we have acknowledged and honored the endless energies that flow through our lives at any given time. With the use of colors, positioning of household items and lawn ornamentation, personal health practices, and positive mental attitudes, Vastu Shastra guides us in making choices that not only encourage positive flows of energy throughout our homes, but it also reminds us of the beauty of the world in which we live. By bringing nature into the homes in which we live, we encourage positive forces to work in our lives. When we seek positive enrichment, our lives change on many levels and we become well-rounded individuals which opens the door to personal gains that we may have only previously dreamed about. While the history may seem complex, the techniques are simple to follow. Vastu Shastra is like a road map to a positive future.

Unveiling the enigmatic mysteries of Vāstu that have been hidden for centuries, this book manifests Vāstu śāstra in its purest, unsullied and true form. From characteristics and selection of land, sub-terrain faults, auspicious time, planetary position, micro-cell energy, water reservoir, temple construction, entrance and furniture consideration, to other scientific calculations, this book is a whole gamut of Vāstu śāstra. This pre-classical Scripture was spoken by Lord Vishwakarma Himself. People from all walks of life can get transformative methods to make their personal spaces, homes, offices, buildings, gardens more energetic. As Nicola Tesla once quoted, "If you want to find the secrets of the Universe, think in terms of energy, frequency, and vibration." This book has it all, as this comes from the wisdom and lineage of Sages.

If you are a spa owner looking for new, authentic world class treatments, a body worker wanting to learn methods that touch your clients on a heart level, or someone who enjoys creating nurturing rituals for yourself and family in your home, Ayurvedic Spa will guide and help you to offer and/or achieve greater levels of beauty, peace and wellness.

Vaastu Shaastra is the art and science of living a happy and contented long life. In the modern-day world of high-speed technology, many diseases are arising out of faulty lifestyles. Classical principles of Vaastu Shaastra describe the ancient way of living which need modifications in the present-day context. This book is an intelligent amalgamation of the ancient practice of Vaastu living and modern technologies of house building and architecture. It offers an introduction to Vaastu Shaastra, systematising and standardising its techniques and methodologies. The book has been divided into three sections. The first section has been devoted to the understanding of the key concepts, principles and forces of Vaastu that exert an influence on any given space. The second section of the book reveals how to create heaven on earth; right in your home. It shows how we can achieve internal peace by first achieving external peace in the house. The third section is related to the day-to-day use of Vaastu. One chapter has been devoted to Vaastu of workplace which, in many aspects, is different from residential Vaastu. This book has been written according to the established principles of Vedic Astrology; an inevitable part of Vaastu Shaastra. The effect of the nine planets is considered in Astrology while mainly the effect of planet earth is taken in Vaastu. Astrology depends on dashas (Planetary Periods) while Vaastu depends on dishas (Directions), Jyotish assumes the existence of Kaal Purush (Time Personified) while Vaastu assumes the existence of Vaastu Purush (Space Personified). The book incorporates current knowledge of building science to explain the ancient wisdom of Vaastu Shaastra only to bridge the gap between ancient traditions and modern way of thinking. No attempt has been made to transgress into the other parallel systems known as Feng Shui and Pyramidology, which require totally separate study. The work is meant primarily for those who want to learn Vaastu from the very beginning and pursue it seriously in a scientific manner. The book will also serve as a stepping-stone for those who intend to indulge in hitherto unexplored areas of Vaastu Shaastra like suitability of certain directions for certain activities, hidden meanings of Vaastu Purush; forty-five demi gods; ten dikpalas; three energies and Panchmahabhootas, predicting the fate of a house and its inhabitants through Vaastu kala, etc.
