whose main function is to raise their members' wages at the expense of the general public. Using data from individuals and business establishments, they demonstrate that in addition to

raising wages,
unions have
significant non-
wage effects on
industrial life.

Unionization,
they argue, often
leads to higher
productivity,
more stable work
force and
provides
protection for

vulnerable employees. They describe the role of unions as the collective voice of workers, which creates a vehicle of direct communication between workers and management. Excellent books can be found on

Interest in
economics is at
an all-time high.

Among the
challenges facing
the nation is an
economy with
rapidly rising
unemployment,
failures of major
businesses and
industries, and

continued
dependence on
oil with its wildly
fluctuating price.
Americans are
debating the
proper role of the
government in
company
bailouts, the
effectiveness of
tax cuts versus

increased government spending to stimulate the economy, and potential effects of deflation.

Economists have dealt with such questions for generations, but they have taken
