

Momotaro Xander And The Dream Thief

A powerful portrait of the greatest humanitarian emergency of our time, from the director of Human Flow In the course of making Human Flow, his epic feature documentary about the global refugee crisis, the artist Ai Weiwei and his collaborators interviewed more than 600 refugees and aid workers in twenty-three countries around the world. A handful of those interviews were included in the film. This book presents one hundred of these conversations in their entirety, providing compelling first-person stories of the lives of refugees. Speaking in their own words, refugees give voice to their experiences of migrating across borders, living in refugee camps for months or years, and struggling to rebuild their lives in unfamiliar and uncertain surroundings. They talk about the dire circumstances that drove them to migrate, whether war, famine, or persecution; the hardships they face; and their hopes and fears for the future. In the words of Atiq, an Afghan in his early twenties staying at a refugee camp in Greece, "Nobody in the world wants to leave his country. But there's no way for people to live in that place." Complete with photographs taken by Ai Weiwei while filming Human Flow, this book provides a powerful and moving account of the most urgent humanitarian crisis of our time.

From #1 New York Times bestselling author Aaron Reynolds comes the third hilariously macabre mystery in The Incredibly Dead Pets of Rex Dexter series. My name is Rex Dexter. Yes. THAT Rex Dexter. The one cursed with the ability to see and talk to dead animals. The solver of atrocities against the four-footed. The savior of the flipper-finned. Save your standing ovation for later, because I have bigger things on my mind. Rabbits. Specifically, dead rabbits. And not just anybunny. This particular gaggle once belonged to Booper the Mystical, Middling Falls' foremost birthday party magician. A bedroom full of recently deceased bunnies is enough to give anyone a chronic case of the heebie-jeebies. But it gets worse. Because before long, dead doves start showing up by the flockful. One thing quickly becomes clear...somebunny hates magic. Whoever it is, they're attempting to put Booper the Mystical out of the birthday biz for good. And they're willing to kill to do it. It's a cold cruel world out there. But don't worry. I'm on the case. And so is Darvish. Also, Sami Mulpepper. (Don't ask.) The point is, nobunny pulls one over on Rex Dexter...and his best friend...and his maybe-girlfriend...and his dead chicken. Nobunny.

Earlier this year, VIZ Media released The Art of Howl's Moving Castle, a hardbound, prestige format book which exists as an essential companion to Hayao Miyazaki's latest animated classic. To further complement the movie-going experience, we are now proud to present the Howl's Moving Castle Picture Book, a companion publication wedding scene-by-scene film footage with character dialogue in one handsome volume. Based on the young-adult novel by British author Diana Wynne Jones, Howl's Moving Castle reflects on a wondrous time when science and magic captured the spirit of 19th century Europe. The story of Howl's Moving Castle is the story of a young girl who is magically transformed into a 90-year-old woman. Undaunted by this curse, her continuing adventures introduce her to the vainglorious wizard Howl and his curious castlemates. Two years ago, VIZ Media released a similar book inspired by Spirited Away, the movie which garnered an Academy Award for director Hayao Miyazaki. Another picture book for My Neighbor Totoro is planned for later this year. Now, add Howl's Moving Castle to this list of must-have movie books. Director Hayao Miyazaki is a master storyteller and his films have all become classics of animation. There's no better way to preserve the magic of Howl and his flying castle than by adding this delightful volume to your home library.

Momotaro Xander and the Dream ThiefDisney-Hyperion

Xander Miyamoto should be feeling great. It's the beginning of summer vacation, his mother has returned from a long absence, and he has

learned that he is a warrior with special powers. Xander never would have guessed that the old Japanese folktale about Momotaro, the hero who sprang from a peach pit, was real, much less part of his own heritage. But instead of reveling in his recent victory against the oni, monsters bent on creating chaos, Xander is feeling resentful. What took his mother so long to come back? Why does his father insist on ruining the summer with study and training? And why is Xander plagued by nightmares every night? Maybe this whole Momotaro thing is overrated. Xander's grandmother gives him a special baku charm to use to chase his nightmares away. He just has to be careful not to rely on it too much. If he does, the baku will not only take his dreams, but those of everyone in the house, forever. Without dreams, there is no hope, no motivation, no imagination, no Momotaro. And then it would be far too easy for Ozuno, king of the oni, to wreak havoc. . . . On his second quest, Xander explores new surreal landscapes, encounters more strange and dangerous creatures, and faces even higher stakes as he learns whether or not he has what it takes to be Momotaro.

Winner of the ALA Reading List Award Difficult and obstinate. Thriving under a set of specific and limited conditions. That pretty much describes me. Maybe that's why I like these roses so much. Roses are Galilee Garner's passion. An amateur breeder, she painstakingly cross-pollinates her plants to coax out new, better traits, striving to create a perfect strain of her favorite flower, the Hulthemia. Her dream is to win a major rose competition and one day have her version of the bloom sold in the commercial market. Gal carefully calibrates the rest of her time to manage the kidney failure she's had since childhood, going to dialysis every other night, and teaching high school biology, where she is known for her exacting standards. The routine leaves little room for relationships, and Gal prefers it that way. Her roses never disappoint her the way people have. Then one afternoon, Riley, the teenaged daughter of Gal's estranged sister, arrives unannounced to live with her, turning Gal's orderly existence upside down. Suddenly forced to adjust to each other's worlds, both will discover a resilience they never knew they had and a bond they never knew they needed.

Momotaro: Xander and the Dream Thief

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health. A heartfelt and funny story about a shy eleven-year-old who learns to manage her anxiety through improv classes—and discovers her activist voice. From Margaret Dilloway, author of *Summer of a Thousand Pies*, and perfect for fans of Sharon Draper, Lynda Mullaly Hunt, and Holly Goldberg Sloan. Eleven-year-old Ava Andrews has a Technicolor interior with a gray shell. On the inside, she bubbles with ideas and plans. On the outside, everyone except her best friend, Zelia, thinks she doesn't talk or, worse, is stuck-up. What nobody knows is that Ava has invisible disabilities: anxiety and a heart condition. Ava hopes middle school will be a fresh start, but when Zelia moves across the country and Ava's Nana Linda pushes her to speak up about social issues, she withdraws further. So Ava is shocked when her writing abilities impress her classmates and they invite her to join their improv group, making up stories onstage. Determined to prove she can control her anxiety, she joins—and discovers a whole new side of herself, and what it means to be on a team. But as Ava's self-confidence blossoms, her relationship with Zelia strains, and she learns that it isn't enough just to raise your voice—it's how and why you use it that matters.
