The Story of the Bible

**Algernon James Pollock's classic volume is an exposition of "types" - people, places, objects, events, offices, activities and institutions - connected with the Tabernacle, the Priesthood, the Offerings and the Feasts (particularly as described in the first five books of the Old Testament) which foreshadow their corresponding New Testament "antitypes" - most particularly Christ Himself. The author wrote in a postscript to the first edition: "The reward of this modest volume will be if it whets the appetite of the reader, leading him to desire to know more of these wondrous subjects. The theme is delightful indeed as it leads the heart into contact with Christ, subduing it by a deepening sense of the meaning of the death of Christ, leading out at the same time the affections of the heart to Him to Whom the believer owes everything for time and eternity." Elsewhere he once wrote: "We appeal to our readers, especially young men and women, to give the Bible a fair trial. Read it, study it, and seek earnestly the truth." The publishers commend this book to you as an aid to such study, confident that as you read, your appreciation will grow of the wonder of the One who is indeed the Tabernacle's true Theme, and is Himself the Truth.**

*In this 2006 text, Daniel M. Gurtner examines the meaning of the rending of the veil at the death of Jesus in Matthew 27:51a by considering the functions of the veil in the Old Testament and its symbolism in Second Temple and Rabbinic Judaism. Gurtner incorporates these elements into a compositional exegesis of the rending text in Matthew. He concludes that the rending of the veil is an apocalyptic assertion like the opening of heaven revealing, in part, end-time images drawn from Ezekiel 37. Moreover, when the veil is torn Matthew depicts the cessation of its function, articulating the atoning role of Christ's death which gives access to God not simply in the sense of entering the Holy of Holies (as in Hebrews), but in trademark Matthean Emmanuel Christology: 'God with us'. This underscores the significance of Jesus' atoning death in the first gospel.*

*This is the forth book in this series that began with an in-depth look at how God views details, communicates with this world, and decides what process to use. Of course this series of books looked at aspects recorded in scripture about the Tabernacle. How the materials were collected, specific design details, who did the work, and how the Tabernacle was constructed. Much of that information is found in dozens, maybe hundreds of other books about the Tabernacle. But there are details setting this book apart from every other book written about the Tabernacle. This book takes a verse by verse, story by story, chapter by chapter look at the Tabernacle. In other words, this book presents a picture of the Tabernacle from God's point of view. Which the beginning of this series pointed out, is much different than any human perspective. With more than 2 million copies sold, it's no secret that the NKJV Study Bible is a reliable guide for your journey into God's Word. This beautiful full-color Bible provides a complete resource for study, including thousands of notes, articles, extensive cross-references, and features contributed by top evangelical scholars. THE BOOK: Africa: The Origin of Life is a 10-year painstaking research on the Bibles story of mankind's cosmogony of which 7 out of the years spent on the research were on full time basis. The Bible says that God created one man in the beginning and went ahead to describe location of the habitation of the first man. Two important issues in the Bibles story were of great interest to the Author for which he research. These were: ? If the Bible story were taken to be true, it then means that the multi-races and colors in humanity today only years after the creation of the first man, which means that originally, humanity only had one race and color from that man to a certain history. That being so, what was the original color of that man? In other words, was he a Caucasian, a Mongolian, a Negro or an American when did the multi-races and colors of people that we have today come to be? ? The earth has gone through so many changes through

earthquakes, landslides, tumults, ocean drifts and desert encroachments, and etc., over the years since the creation of the first man. To take these into consideration, is it still possible to establish the location of Eden where our first parents lived? In other words, was Eden in Europe, Asia, or Africa? And if we are able to establish the continent which Eden was located, is it not correct to say that the first man was a native of that continent? ? Africa is poor and backward today, what are the causes of Africa's backwardness? Is there any hope for Africa? Has God forsaken Africa? These and more are the salient questions that this book has biblically, scientifically and historically found answers to. This book is highly explosive and revealing. It would cause so much ripples and likely going to change some of your Biblical beliefs.

***The secret things belong to the Lord our God, but the things revealed belong to us and to our children forever, that we may follow all the words of this law" (Deuteronomy 29:29 NIV). As we ponder the question, "Do race, color, and religion matter?", we find that the initial response of many is "No." If in fact, the reader accepts that everything the Creator has made was good, then one can acknowledge without reservation that race, color, and religion have a beneficial existence. If the reader can recognize that there is a plan and purpose for all things, then without exception one must admit that race, color, and religion have a purpose on this earth and are ideal instruments of God. Race, color and religion are deeply intertwined within the life of mankind as well as with the Creator. They exist as gifts dispersed among humanity for the purpose of diversified beautification. They were destined by the Creator to be used in the fulfillment of His plan for the population of the earth and His plan of salvation. Race, color, and religion serve as indicators of chronological time and are useful in the study of eschatology. They serve as indicators of the three phases of human development: the "Physical Phase, the "Spiritual Phase," and the "Intellectual Phase." They are also preordained factors of life for various reasons. Some of these reasons have been revealed to humanity; the others may not be known until the return of Christ. If you are a person who believes that these three factors do not matter, you must read this book. If you are a person who believes the Christian Bible can be studied without consideration for race, color, and religion, your understanding of the Holy Scriptures is both incomprehensive and inconclusive. Through this book, your eyes will be opened to a new awareness of the glorious and magnificent works the Creator has done and is doing. This book provides a better understanding of the proclamations declared throughout biblical history. Also, you will be presented with an anthological survey designed to enhance the study of the Christian Bible with a focused consciousness of the topic. Let this book serve as a sobering experience and a lesson that race, color, and religion truly matter."***

We actually used the Rose book to prepare the groups that were waiting to enter. One guest ordered a copy from you. It was very helpful. I attached the script we used for our guides. We had about 1000 visitors go through before one of the worst storms I have ever seen here made the structure unstable and the ground too wet. We fight quite a battle here in what the New Age calls its capital. Many were very moved. One Jewish man exclaimed at the end of the tour, 'So the tabernacle was all about the Messiah!' --- Paul Wallace, The Tabernacle Journey"
