It is the motorbike that makes Vietnam tick. In Saigon alone, two million ply the streets. People commute by bike, father take their kids to school by bike, and products find their way to the consumers by motorbike. This title offers a selection of author's finest shots - often taken from the back of one of the self-same bikes. It is the motorbike that makes Vietnam tick. In Saigon alone, two million ply the streets. People commute by bike, father take their kids to school by bike (you'd be surprised how many at a time!), and products find their way to the consumers by This book focuses on the work of the great sixteenth-century traveller and map-maker Andre Thevat and explores the interrelations between representation and power in the age of discovery.

La storia di questo romanzo narra le vicissitudini, appunto di "Un figlio di Leni". Un pastorello che trascorse la sua adolescenza e parte della gioventù appresso al gregge di pecore. Diventato ragazzo capì che doveva cercare fortuna fuori dal suo paese, per sbarcare il lunario. Partì in continente, dove si sentiva straniero, pur essendo in Italia. Convinto di trovare un po di fortuna, trovò invece, scorni e dissapori fra gli astii della gente che non era la sua gente di Leni. Tornato al suo mondo, si accorse che la vera fortuna si trova sempre tra propria gente e con una famiglia tutta sua.

For more than 120 years (1714–1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated. In the MOTORCYCLES COLOUR HISTORY series. Italian motorcycles have a place in history – and many enthusiasts ' hearts – out of all proportion to the numbers that have been built. From Moto Guzzi becoming the first non-British marque to win a TT through to Ducati ' s achievements in MotoGP, they have also been at the forefront of motorsport despite being far smaller than, at first, the British and later the Japanese manufacturers. If the number of motorcycles built by Italian manufacturers is small, the sheer number of Italian motorcycle factories will surprise readers. Almost 600 marques were identified in researching this book, and there may have been thousands. This is partly because there were so many engines available off the shelf – many of them English – as well as a thriving accessory and component industry. A–Z of Italian Motorcycle Manufacturers only deals briefly with the grand marques Ducati and Moto Guzzi because there have been many dedicated books about them. Instead this is a definitive guide to the factories that have been

less widely covered or, in most cases, never before in the English language. Some, such as Bianchi and Garelli, might be familiar: others, remembered for their racing achievements or uniqueness, such as Morbidelli, and many you may have never heard of. But if it was possible to establish when and where the factories were active, and at least a little about the motorcycles they built, then there is an entry for them. An appendix lists the other manufacturers that are lesser known, making this the most complete reference book of Italian motorcycles available today. The 1983 Six Days in Wales was supposed to be America's great chance to finally come home with the World Trophy. The year before in Czechoslovakia, the American team, mudders all, came within a whisker of winning the great prize, and the bogs of Wales in 1983 were set for the final showdown. In the end, bad trouble was our constant companion in Wales, starting with the injury that sidelined one of our top Trophy Team members, and ending with unrelenting bad weather and subsequent machine breakdowns. This is the story of that week. The Golden Egg will lead you to the Golden Goose - the Source of all PROSPERITY Many of today's "Law of Attraction" books seem to suggest a fairytale doctrine that merely sitting back and thinking about riches, health and love will create a surplus of these experiences and an abundance of wealth. Most of them, however, tend to leave out a vital requirement in manifesting your dreams and that's - a significant degree of willpower This book is a MUST-READ for a prosperous year This adventure, however, is about more than just material gains... It will help you better understand how your knowledge, thoughts and actions all coincide to produce your experience based on the 24 cosmic principles of Samkhya Yoga. Learn the difference between being an ""attractor"" and a natural-born "CREATOR" and how to fully realize this as three-part beings in body, mind & spirit. This is the Law of Creation This book is

a one-of-a-kind reading you'll want to share, discuss and partner with friends to incorporate Understand how all actions create karma: ""The meaning of Karma is in the intention. The intention behind action is what matters. Those who are motivated only by desire for the fruits of action are miserable, for they are constantly anxious about the results of what they do."" Krishna Many of us have been erroneously taught that prosperity is all about an abundance of receiving money, when in fact all successful entrepreneurs will attest that their success was mostly in part to "giving" something of value. The true Law of Attraction speaks of Spirit's eternal magnetic pull upon the soul towards realizing our greatest Self. The following acronym helps remind us - true P.R.O.S.P.E.R.I.T.Y. is the: "Principle Reasons Optimistic Service Produces Exponential Richness Inevitably THROUGH You " These teachings show how to use these universal principles to: Turn an unselfish desire into an idea... Form that idea into a specific intention... Transform that intention into a clear vision... How to then energize that vision... And finally, how to manifest that ""energy in motion"" so it becomes your real life experience It is all a degree of bringing the infinite potential inherent in Stillness into creation. We literally manifest from the Unmanifested. We "breathe life" from the Breathless. We vibrate the Vibrationless The Golden Egg represents the causal self (karana sharir) found in deepest meditation. And the golden egg is made in the image and likeness of the "Golden Goose" - our True Self Within you is the Source of all prosperity, success, abundance and fulfillment You don't have to wait until tomorrow to change your life; start reading today You'll be glad you did... ""Many rivers... One Ocean; many branches... One Tree; many paths... One Destination; many stories... One Truth "" 1 S.O.U.L. Publishing www.selfawakened.com"

¿QUÉ SIGNIFICA SER UN HOMBRE? LA GRAN NOVELA GANADORA DEL PREMIO STREGA «Las 1.300 páginas de La escuela católica es lo mejor que he leído en años.» Ignacio del Valle ¡Qué sencillo y bonito habría sido no tener sexualidad! Un grupo de antiguos alumnos de una prestigiosa escuela privada cometen un crimen brutal. En la misma época, Edoardo Albinati también estudiaba en esa escuela de sacerdotes católicos. Durante cuarenta años ha guardado el secreto de aquella mala educación, y ahora lo afronta sin tapujos. El resultado es una novela extraordinaria, que trata del sexo, la religión y la violencia, del dinero, la amistad y la venganza, ganadora del prestigioso Premio Strega. Una lectura estremecedora de la que no se sale indemne. «Una obra de ficción maximalista comparable con la de Knausgård, Bolaño o Ferrante.» Jonathan

Galassi, editor de Farrar, Straus and Giroux «1.296 páginas ¿son demasiadas? Para una novela, casi siempre lo son. Pero si se trata de una tentativa de comprender el mundo, como en el caso del libro de Albinati, entonces no. Entonces son pocas. Demasiado pocas. The Hanoverian Dimension in British History, 1714-1837

Dopo aver risolto la serie di omicidi che ha messo a soqquadro la sua Bologna (I Glossatori, Minerva Edizioni, 2007), il dottor Martini, Sostituto Procuratore della Repubblica, si trova a dover indagare in un mondo a lui assolutamente sconosciuto, quello dei collezionisti di auto e storiche. Durante una delle maggiori mostre mercato nazionali infatti muore il Presidente dell'associazione che certifica la conformità dei mezzi storici. Martini viene così proiettato in un ambiente che gli riserverà incredibili sorprese, determinate da personaggi atipici e da situazioni incredibili che lo costringeranno ad acquisire una visione chiara del settore in cui è costretto a operare. Un mondo all'apparenza semplice e libero da condizionamenti e inquinamenti ma che in realtà è rovinato da intrighi e infiltrazioni di ogni genere, anche malvitosi. Gli sviluppi delle indagini metteranno a nudo la follia di alcuni personaggi disposti a tutto pur di impadronirsi di pezzi pregiati e unici. Martini viene lentamente a contatto con situazioni delittuose e intralazzi politici che lo lasciano sconcertato soprattutto perchè danno vita a transazioni economiche di portata internazionale, tanto da destare gli appetiti della malavita che mai in precedenza aveva tentato di infiltrarsi in questo mondo, ritenendolo - erroneamente - di scarsa rilevanza economica. Flussi di denaro che non solo destano gli appetiti della malavita, ma anche delle finanziarie internazionali, altrettanto rapaci e senza scrupoli. Riciclaggio, droga, armi, omicidi, uno scenario

abitato da personaggi avidi e senza scrupoli: toccherà all'ispettore Martini districarsi tra le trame complesse di un intrigo dal finale sorprendente e inaspettato.
