*Motor Mouth*A Barnaby NovelHarper Collins

**NEW YORK TIMES BESTSELLER** • Janet Evanovich, bestselling author of the Stephanie Plum series, teams up with Emmy-winning writer Phoef Sutton for a brand-new series of mysteries featuring Emerson Knight and Riley Moon, a dynamic duo with instant and undeniable chemistry. Emerson Knight is introverted, eccentric, and has little to no sense of social etiquette. Good thing he’s also brilliant, rich, and (some people might say) handsome, or he’d probably be homeless. Riley Moon has just graduated from Harvard Business and Harvard Law. Her aggressive Texas spitfire attitude has helped her land her dream job as a junior analyst with mega-bank Blane-Grunwald. At least Riley Moon thought it was her dream job, until she is given her first assignment: babysitting Emerson Knight. What starts off as an inquiry about missing bank funds in the Knight account leads to inquiries about a missing man, missing gold, and a life-and-death race across the country. Through the streets of Washington, D.C., and down into the underground vault of the Federal Reserve in New York City, an evil plan is exposed. A plan so sinister that only a megalomaniac could think it up, and only the unlikely duo of the irrepressibly charming Emerson Knight and the tenacious Riley Moon can stop it. Praise for Curious Minds “The one-liners fly at a ferocious pace. . . . Evanovich fans will find this closer in style to the Stephanie Plum novels.”—Booklist “Evanovich’s comedic timing and pacing are evident on every page.”—Daily Republic #1 New York Times #1 Wall Street Journal #1 Los Angeles Times #1 Entertainment Weekly #1 Publishers Weekly Stephanie Plum is thinking her career as a fugitive apprehension agent has run its course. She's been shot at, spat at, cussed at, fire-bombed, mooned, and attacked by dogs. Time for a change, Stephanie thinks. Time to find the kind of job her mother can tell her friends about without making the sign of the cross. So Stephanie Plum quits. Resigns. No looking back. No changing her mind. She wants something safe and normal. As it turns out, jobs that are safe and normal for most people aren't necessarily safe and normal for Stephanie Plum. Trouble follows her, and the kind of trouble she had at the bail bonds office can't compare to the kind of trouble she finds herself facing now. Her past has come back to haunt her. She's stalked by a maniac returned from the grave for the sole purpose of putting her into a burial plot of her own. He's killed before, and he'll kill again if given the chance. Caught between staying far away from the bounty hunter business and staying alive, Stephanie reexamines her life and the possibility that being a bounty hunter is the solution rather than the problem. After disturbingly brief careers at the button factory, Kan Klean Dry Cleaners, and Cluck-in-a-Bucket, Stephanie takes an office position in security, working for Ranger, the sexiest, baddest bounty hunter and businessman on two continents. It might not be the job she'll keep for the rest of her life, but for now it gives her the technical access she needs to find her stalker. Tempers and temperatures rise as competition ratchets up between the two men in her life---her on-again, off-again boyfriend, tough Trenton cop Joe Morelli, and her bad-ass boss, Ranger. Can Stephanie Plum take the heat? Can you? Between the adventure and the adversity there's attitude, and Stephanie Plum's got plenty in her newest misadventure from Janet Evanovich, Eleven on Top. A provocative radio show host recounts the death of his beloved father, who was his mentor and best friend, describing their misadventures together, his father's inspiration on his career, and his efforts to overcome his grief. 75,000 first printing.

Engaged in a deadly race, Bill has "borrowed" Hooker's sixty-five-foot Hatteras and sailed off into the sunset...just when Hooker has plans for the boat. Hooker figures he'll attach himself to Barney and maybe run into scumbag Bill. And better yet, maybe he'll get lucky in love with Bill's sweetie pie sister. Jonathan Goldman has a problem. He's just been ousted from the company he created. A one hit wonder singer/songwriter and now successful record producer, his life is suddenly thrown into complete and utter turmoil. His former business partners have only one goal - to ruin his life and do him as much harm as possible. At sixty, no other label will hire him. Alone, with only his handful of friends to rally around him, Jonathan Goldman is on a downward spiral from which he may never recover. And then... people begin to die. Written in vivid detail and a unique style, Rewind is a taut, suspenseful, chilling, and often funny look at how a decent person can be dragged through the mud by people who enjoy that particular pastime. It's also a colorful peek inside the music business, and the day-to-day process of how albums are actually produced.

In this completely captivating book, Miriam Toews has created some of the most engaging characters in Canadian literature: Hattie, Logan and Thebes are bewildered, hopeful, angry, and most of all, absolutely alive. Full of richly skewed, richly funny detail, The Flying Troutmans is a uniquely affecting novel. Days after being dumped by her boyfriend Marc in Paris – “he was heading off to an ashram and said we could communicate telepathically” – Hattie hears her sister Min has been checked into a psychiatric hospital, and finds herself flying back to Winnipeg to take care of Thebes and Logan, her niece and nephew. Not knowing what else to do, she loads the kids, a cooler, and a pile of CDs into their van and they set out on a road trip in search of the children's long-lost father, Cherkis. In part because no one has any good idea where Cherkis is, the traveling matters more than the destination. On their wayward, eventful journey down to North Dakota and beyond, the Troutmans stay at scary motels, meet helpful hippies, and try to ignore the threatening noises coming from under the hood of their van. Eleven-year-old Thebes spends her time making huge novelty cheques with arts and crafts supplies in the back, and won't wash, no matter how wild and matted her purple hair gets; she forgot to pack any clothes. Four years older, Logan carves phrases like "Fear Yourself" into the dashboard, and repeatedly disappears in the middle of the night to play basketball; he's in love, he says, with New York Times columnist Deborah Solomon. Meanwhile, Min can't be reached at the hospital, and, more than once, Hattie calls Marc in tears. But though it might seem like an escape from crisis into chaos, this journey is also desperately necessary, a chance for an accidental family to accept, understand or at least find their way through overwhelming times. From interwoven memories and scenes from the past, we learn much more about them: how Min got so sick, why Cherkis left home, why Hattie went to Paris, and what made Thebes and Logan who they are today.

Dear Reader: In a previous life, before the time of Plum, I wrote twelve short romance novels. Red-hot screwball comedies, each and every one of them. Nine of these stories were originally published by the Loveswept line between the years 1988 and 1992. All immediately went only at used bookstores and yard sales. I'm excited to tell you that those nine stories are now being re-released by HarperCollins. Naughty Neighbor is the eighth in the lineup, and it's presented here in almost original form. Usually when I edit these books I do some modernizing, DVD, and roller skates to Rollerblades, and sticks of gum are now pieces of gum. I do this because the books were meant to be contemporary (as opposed to historical), and I don't want the reader to have a time disconnect. In the beginning of the original Naughty Neighbor, my into the toilet, and the next morning she goes into the bathroom and sees the "slim silver antenna caught between the toilet lid and seat." Okay, so most phones don't have extended antennas anymore, but I just loved the image . . . so I left it in. And I don't know how many you anymore, but that got left in, too. Naughty Neighbor is probably the most romancey of all the Loveswepts I wrote, but there's still a small mystery to unravel. Louisa Brannigan is a no-nonsense, hardworking press secretary, fighting her way to the top of Capitol Hill, with no help Pete Streeter. He receives phone calls all night long, he steals her morning paper, he thinks jeans are formal wear, and worst of all he's involved Louisa in the disappearance of a pig. So this is the story of a pig in Witness Protection and love being found by a workaholic woman on terrible pots of coffee. Enjoy! Janet Evanovich

The 1997 novel that put Horacio Castellanos Moya on the map, now published for the first time in English An expatriate professor, Vega, returns from exile in Canada to El Salvador for his mother's funeral. A sensitive idealist and an aggrieved motor mouth, he sits at a bar with from five to seven in the evening, telling his tale and ranting against everything his country has to offer. Written in a single paragraph and alive with a fury as astringent as the wrath of Thomas Bernhard, Revulsion was first published in 1997 and earned its author death threats. Castellanos Moya's darkest book and perhaps his best: "A parody of certain works by Bernhard and the kind of book that makes you laugh out loud."

Englishman David Hobbs--'Hobbo' to his friends and fans--is one of motor racing's most remarkable all-rounders. In a 31-year driving career he raced in almost every imaginable category: endurance sports racers, touring cars, Formula 1, Formula 5000, Indycars, IMSA, Trans-Am, CASCAR, NASCAR--he has done the lot. And on top of that he has been a television commentator in America for nearly 40 years, bringing wit and wisdom to the screen, latterly as part of NBC's Formula 1 team. Now, at last, this very popular racer has put down all his experiences in this book to be welcomed by racing enthusiasts on both sides of the Atlantic.

An unforgettable year in the life of a visionary high school science teacher and his award-winning students, as they try to get into college, land a date for the prom . . . and possibly change the world “A complex portrait of the ups and downs of teaching in a culture that undervalues what teaching delivers.”—The Wall Street Journal Andy Bramante left his successful career as a corporate scientist to teach public high school—and now helms one of the most remarkable classrooms in America. Bramante’s unconventional class at Connecticut’s prestigious yet diverse Greenwich High School has no curriculum, tests, textbooks, or lectures, and is equal parts elite research lab, student counseling office, and teenage hangout spot. United by a passion to learn, Mr. B.’s band of whiz kids set out every year to conquer the brutally competitive science fair circuit. They have won the top prize at the Google Science Fair, made discoveries that eluded scientists three times their age, and been invited to the Nobel Prize ceremony in Stockholm. A former Emmy-winning producer for CBS News, Heather Won Tesoriero embeds in this dynamic class to bring Andy and his gifted, all-too-human kids to life—including William, a prodigy so driven that he’s trying to invent diagnostics for artery blockage and Alzheimer’s (but can’t quite figure out how to order a bagel); Ethan, who essentially outgrows high school in his junior year and founds his own company to commercialize a discovery he made in the class; Sophia, a Lyme disease patient whose ambitious work is dedicated to curing her own debilitating ailment; Romano, a football player who hangs up his helmet to pursue his secret science expertise and develop a “smart” liquid bandage; and Olivia, whose invention of a fast test for Ebola brought her science fair fame and an appearance on *The Late Show* with Stephen Colbert. We experience the thrill of discovery, the heartbreak of failed endeavors, and perhaps the ultimate high: a yes from Harvard. Moving, funny, and utterly engrossing, *The Class* is a superb account of hard work and high spirits, a stirring tribute to how essential science is in our schools and our lives, and a heartfelt testament to the power of a great teacher to help kids realize their unlimited potential. Praise for *The Class* “Captivating . . . Journalist Tesoriero left her job at CBS News to embed herself in Bramante’s classroom for the academic year, and she does this so successfully, a reader forgets she is even there. Her skill at drawing out not only Bramante but also the personal lives, hopes and concerns of these students is impressive. . . . It is a fascinating glimpse of a teaching environment that most public school teachers will never know.”—The Washington Post

From the author of the bestselling *Prozac Nation* comes one of the most entertaining feminist manifestos ever written. In five brilliant extended essays, she links the lives of women as demanding and disparate as Amy Fisher, Hillary Clinton, Margaux Hemingway, and Nicole Brown Simpson. Wurtzel gives voice to those women whose lives have been misunderstood, who have been dismissed for their beauty, their madness, their youth. *Bitch* is a brilliant tract on the history of manipulative female behavior. By looking at women who derive their power from their sexuality, Wurtzel offers a trenchant cultural critique of contemporary gender relations. Beginning with Delilah, the first woman to supposedly bring a great man down (latter-day Delilahs include Yoko Ono, Pam Smart, Bess Myerson), Wurtzel finds many biblical counterparts to the men and women in today's headlines. She finds in the story of Amy Fisher the tragic plight of all Lolitas, our thirst for their brief and intense flame. She connects Hemingway's tragic suicide to those of Sylvia Plath, Edie Sedgwick, and Marilyn Monroe, women whose beauty was an end, ultimately, in itself. Wurtzel, writing about the wife/mistress dichotomy, explains how some women are anointed as wife material, while others are relegated to the role of mistress. She takes to task the double standard imposed on women, the cultural insistence on goodness and society's complete obsession with badness: what's a girl to do? Let's face it, if women were any real threat to male power, "Gennifer Flowers would be sitting behind the desk of the Oval Office," writes Wurtzel, "and Bill Clinton would be a lounge singer in the Excelsior Hotel in Little Rock." *Bitch* tells a tale both celebratory and cautionary as Wurtzel catalogs some of the most infamous women in history, defending their outsize desires, describing their exquisite loneliness, championing their take-no-prisoners approach to life and to love. Whether writing about Courtney Love, Sally Hemings, Bathsheba, Kimba Wood, Sharon Stone, Princess Di—or waxing eloquent on the hideous success of *The Rules*, the evil that is *The Bridges of Madison County*, the twisted logic of *You'll Never Make Love in This Town* Again—Wurtzel is back with a bitchography that cuts to the core. In prose both blistering and brilliant, *Bitch* is a treatise on the nature of desperate sexual manipulation and a triumph of pussy power. Named one of the world's great blues-rock guitarists by Rolling Stone, Mike Bloomfield (1943-1981) remains beloved by fans nearly forty years after his untimely death. Taking readers backstage, onstage, and into the recording studio with this legendary virtuoso, David Dann tells the riveting stories behind Bloomfield's work in the seminal Paul Butterfield Blues Band and the mesmerizing Electric Flag, as well as the Super Session album with Al Kooper and Stephen Stills, Bob Dylan's *Highway 61 Revisited*, and soundtrack work with Peter Fonda and Jack Nicholson. In vivid chapters drawn from meticulous research, including more than seventy interviews with the musician's friends, relatives, and band members, music historian David Dann brings to life Bloomfield's worlds, from his comfortable upbringing in a Jewish family on Chicago's North Shore to the gritty taverns and raucous nightclubs where this self-taught guitarist helped transform the sound of contemporary blues and rock music. With scenes that are as electrifying as Bloomfield's music, this is the story of a life lived at full volume.
