Martha Mier's Tennessee Treasures takes a musical journey to three different cities across the state of Tennessee. Written in three movements, it begins in Memphis. "Down on Beale Street" is a slow, bluesy piece that celebrates the musical heritage of one of the most famous streets in that city. Nashville, the home of country music, is highlighted in "Ballad for Nashville," a lyrical country waltz. The final movement, "Sunrise in the Great Smoky Mountains," visits the eastern part of the state and the city of Knoxville. The broad grandeur of the mountains is evoked through big chords, arpeggios, and a sweeping melodic line, providing a fitting close to the suite.

'I am not a civil rights hero, I am a warrior, and I am on a mission from God.'—James Meredith James Meredith engineered two of the most epic events of the American civil rights era: the desegregation of the University of Mississippi in 1962, which helped open the doors of education to all Americans; and the March Against Fear in 1966, which helped open the floodgates of voter registration in the South. Part memoir, part manifesto, A Mission from God is James Meredith's look back at his courageous and action-packed life and his challenge to America to address the most critical issue of our day: how to educate and uplift the millions of black and white Americans who remain locked in the chains of poverty by improving our public education system. Born on a small farm in Mississippi, Meredith returned home in 1960 after nine years in the U.S. Air Force, with a master plan to shatter the system of state terror and white supremacy in America. He waged a fourteen-month legal campaign to force the state of Mississippi to honor his rights as an American citizen and admit him to the University of Mississippi. He fought the case all the way to the Supreme Court and won. Meredith endured months of death threats, daily verbal abuse, and round-the-clock protection from federal marshals and thousands of troops to become the first black graduate of the University of Mississippi in 1963. In 1966 he was shot by a sniper on the second day of his "Walk Against Fear" to inspire voter registration in Mississippi. Though Meredith never allied with traditional civil rights groups, leaders of civil rights organizations flocked to help him complete the march, one of the last great marches of the civil rights era. Decades later, Meredith says, "Now it is time for our next great mission from God. . . . You and I have a divine responsibility to transform America."

These nine essays explore new directions and ways to pursue the elusive Jack Tar--the common sailor in the early modern world. We see him as a pirate, learn something of the ships he sailed, and share his experience in the Revolutionary War and War of 1812. We also see him as a spinner of yarns--a great story teller--helping to mold his own and our national identity, while contributing to the development of a unique American literature. We see some Jacks seeking social mobility. We see others challenging authority aboard ships and during shipwrecks. While Jack in some ways remains elusive, and it is impossible to calculate his movements, as sailor Nathaniel Ames wrote, these essays move us closer to an understanding of his eccentric path.

From the bestselling author of My Ex-Best Friend's Wedding comes a novel about four friends who share a passion for a beloved British television show that will change all of their lives. When the concierge of The Alexander, a historic Atlanta apartment building, invites his fellow residents to join him for weekly screenings of Downton Abbey, four very different people find themselves connecting with the addictive drama, and--even more unexpectedly--with each other... Samantha Davis married young and for the wrong reason: the security of old Atlanta money--for herself and for her orphaned brother and sister. She never expected her marriage to be complicated by love and compromised by a shattering family betrayal. Claire Walker is now an empty nester and struggling author who left her home in the suburbs for the old world charm of The Alexander, and for a new and productive life. But she soon wonders if clinging to old dreams can be more destructive than having no dreams at all. And then there's Brooke MacKenzie, a woman in constant battle with her faithless ex-husband. She's just starting to realize that it's time to take a deep breath and come to terms with the fact that her life is not the fairy tale she thought it would be. For Samantha, Claire, Brooke--and Edward, who arranges the weekly gatherings--it will be a season of surprises as they forge a bond that will sustain them through some of life's hardest moments--all of it reflected in the unfolding drama, comedy, and convergent lives of Downton Abbey.

The Temagami region of northern Ontario has been a magnet for recreational canoeists since the 1890s, when city dwellers began embarking on long, gruelling trips to reach its unfettered wilderness. The land is steeped in the history of its tribal inhabitants, the Teme-Augama Anishnabai (TAA), whose roots are 6,000 years deep. At the turn of the 20th century, the TAA still hunted on their traditional family territories, trading pelts at the Hudson's Bay Company post on Bear Island. The railway arrived in 1904, easing travel from all over North America. Steamships conveyed passengers to all five arms of the lake where rustic resorts and youth camps were popping up. Soon, the village of Temagami became a tourism hub. Logging and mining would later diversify the economy. The province of Ontario began leasing the lake's more than 1,200 islands in 1906. In 1931 cottagers united against logging near the mainland shoreline under the Timagami Association banner, now the Temagami Lakes Association. Temagami is the only Ontario lake where mainland shoreline development is banned Temagami Lakes Association:

The Life and Times of a Cottage Community recounts Temagami's history to 2011, and examines the Association's often convoluted, occasionally controversial, relationships with the TAA, various levels of government, villagers and within its own ranks. The narrative is lightened by cottagers' tales of mice invasions, flesh-embedded fish hooks, encounters with big screen stars, cabin construction gone awry and the like. More than 150 photos enliven the text.

Mission at Nuremberg is Tim Townsend's gripping story of the American Army chaplain sent to save the souls of the Nazis incarcerated at Nuremberg, a compelling and thought-provoking tale that raises questions of faith, guilt, morality, vengeance, forgiveness, salvation, and the essence of humanity. Lutheran minister Henry Gerecke was fifty years old when he enlisted as am Army chaplain during World War II. As two of his three sons faced danger and death on the battlefield, Gerecke tended to the battered bodies and souls of wounded and dying GIs outside London. At the war's end, when other soldiers were coming home, Gerecke was recruited for the most difficult engagement of his life: ministering to the twenty-one Nazis leaders awaiting trial at Nuremberg. Based on scrupulous research and first-hand accounts, including interviews with still-living participants and featuring sixteen pages of black-and-white photos, Mission at Nuremberg takes us inside the Nuremberg Palace of Justice, into the cells of the accused and the courtroom where they faced their crimes. As the drama leading to the court's final judgments unfolds, Tim Townsend brings to life the developing relationship between Gerecke and Hermann Goering, Albert Speer, Wilhelm Keitel, Joachim von Ribbentrop, and other imprisoned Nazis as they awaited trial. Powerful and harrowing, Mission at Nuremberg offers a fresh look at one most horrifying times in human history, probing difficult spiritual and ethical issues that continue to hold meaning, forcing us to confront the ultimate moral question: Are some men so evil they are beyond redemption?
