*Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.*

*Neo-Hasidism applies the Hasidic masters' spiritual insights—of God's presence everywhere, of seeking the magnificent within the everyday, in doing all things with love and joy, uplifting all of life to become a vehicle of*

*God's service—to contemporary Judaism, as practiced by men and women who do not live within the strictly bounded world of the Hasidic community. This first-ever anthology of Neo-Hasidic philosophy brings together the writings of its progenitors: five great twentieth-century European and American Jewish thinkers—Hillel Zeitlin, Martin Buber, Abraham Joshua Heschel, Shlomo Carlebach, and Zalman Schachter-Shalomi—plus a young Arthur Green. The thinkers reflect on the inner life of the individual and their dreams of creating a Neo-Hasidic spiritual community. The editors' introductions and notes analyze each thinker's contributions to Neo-Hasidic thought and influence on the movement. Zeitlin*

*and Buber initiated a renewal of Hasidism for the modern world; Heschel's work is quietly infused with Neo-Hasidic thought; Carlebach and Schachter-Shalomi re-created Neo-Hasidism for American Jews in the 1960s; and Green is the first American-born Jewish thinker fully identified with the movement. Previously unpublished materials by Carlebach and Schachter-Shalomi include an interview with Schachter-Shalomi about his decision to leave Chabad-Lubavitch and embark on his own Neo-Hasidic path.*

Games, Tests, Questionnaires, Histories

Who knew a trip to the therapist could be so much fun, even aesthetically rewarding? Beyond sharing feelings or complaining about your mother, Psychobook reveals the rich history of psychological testing in a fascinating sideways look at classic testing methods, from word-association games to inkblots to personality tests.

Psychobook includes never-before-seen content from long-hidden archives, as well as reimagined tests from

contemporary artists and writers, to try out yourself, at home or at parties. A great ebook for the therapist in your life and the therapist in you, for anyone interested in the history of psychology and psychological paraphernalia, or for anyone who enjoys games and quizzes. Psychobook will brighten your day and outlook.

A group of poos has been flushed away and embarks on an epic, fun-filled adventure round the world! Search for six very special poos in every scene. From a trip to the aquarium and a day at the theme park, to a rainforest trek and a roller disco, there's so much to spot and find! Search and find titles have rocketed in popularity in recent years with bestselling titles such as *Where's the Unicorn?* and

Where's the Wookiee? Our titles focus on popular themes among children with beautiful, full colour illustrations.

Growing Up Cajun

This huge collection of short stories by one of science fiction's most beloved and popular writers is sure to please his millions of fans. Keeper of Dreams contains 22 stories written since 1990. From the opening science fiction tale, "The Elephants of Poznan," we see the hand of a master at work making a familiar idea new, strange, and wonderful. "Angles" takes a sideways look at alternate universes.

"Geriatric Ward" is published here for the first time; it was originally written for the legendary Last Dangerous Visions. Keeper of Dreams contains science fiction, fantasy, and several of Card's mainstream fiction works. Included are two tales from the Alvin Maker universe, "Grinning Man" and "The Yazoo Queen." In addition to the stories, this book features new introductions by Orson Scott Card for each story, with commentary on his life and work. With the earlier Maps in a Mirror, this collection is a definitive retrospective of the short fiction career of the writer that the Houston Post called "the best writer science fiction has to offer." At the Publisher's request, this title is being sold without Digital Rights

Management Software (DRM) applied.

*Rip Van Goofy was a friendly fellow who lived in a sleepy town. He was always chatting with his friends and loved to go fishing. But when his friends were busy one sunny afternoon, Rip Van Goofy set out alone to fish at his favorite fishing hole. Then, with his line in the water, Goofy fell asleep...and woke up forty years later! Don't miss this retelling of the classic tale of Rip Van Winkle—with a*

*Disney twist!*

*1001 Quotations To Inspire You Before You Die* is full of smart remarks - not just sassy one-liners (although there are plenty of those), but also more considered, philosophical epigrams that make us pause and reflect on a range of profound topics. Each quotation is accompanied by an insightful account of its meaning and the historical context in which it was first uttered or written. Some famous quotations are straightforward, but many need contextualising - it's often not exactly what was said, but who said it, and in what context, that is more important. Many oft-quoted remarks open up whole new worlds of thought and interpretation. What, for example, did Voltaire mean when he wrote 'If God did not exist, it would be necessary to invent him'? - was he hinting at his own atheism (unlikely, given the age in which he lived) or making a

*more subtle point about the difficulty of apprehending the Almighty? This book looks into these and a host of other such questions, and takes the reader from the source material into illuminating discussions of its wider significance. We all love quotations - we use them to make our points, to plead our cases and to justify our opinions, as well as to honour, glorify, motivate, incite, besmirch, bewitch and beguile. 1001 Quotations To Inspire You Before You Die will help you do all that and more.*
