

## **Mrcog Part 1 Past Papers Free**

*SBA Questions for the Part 2 MRCOG is a valuable preparation resource aimed at those specialising in obstetrics and gynaecology who are planning to take the Part 2 MRCOG examination. It contains two hundred practice single best answer questions written by MRCOG question writers, with accompanying explanations and references. It also contains an introduction to the new format of the examination and the rationale for the changes. The first section consists of two hundred single best answers allowing the reader to test their knowledge. The second section lists the correct response accompanied by an explanation and suggestions for further reading. SBA Questions for the Part 2 MRCOG is the only official preparation book produced by the RCOG and is therefore essential reading for candidates sitting this examination in its new format.*

*Modelled on the current MRCOG syllabus, Get Through MRCOG*

***Part 1: MCQs and EMQs is designed to test candidates' knowledge of basic and applied sciences in obstetrics and gynaecology. 350 MCQs and 40 EMQs are presented, reflecting the level of difficulty and style of the actual examination questions This comprehensive collection of practice questions offers a useful review of all elements of the syllabus, to help candidates test and assess their knowledge and aid thorough revision in preparation for the examination day. Written by a Specialist Registrar and a Consultant in Obstetrics and Gynaecology, and supplemented with useful explanatory material, Get Through MRCOG Part 1: MCQs and EMQs is the essential revision tool for all trainees preparing for this examination.***

***Practice Single Best Answer Questions: MRCOG Part 2 is an ideal revision resource for the new SBA format MRCOG Part 2 exam. The book contains over 200 questions across eight topics, based on the RCOG (Royal College of Obstetrics and Gynaecology) and NICE (National Institute for Health and Care Excellence) guidelines. The first chapter covers***

*antenatal care and labour complications in UK practice, including physiology, pharmacology, and labour mechanism. Further chapters cover aspects of normal and abnormal labour, caesarean section, cardiotocography (measuring the heartbeat of an unborn baby), and foetal hypoxia. Also included are questions on endometriosis, menstrual disorders, pelvic pain, cervical intraepithelial neoplasia and cervical cancers, vulval intraepithelial neoplasia and vulval disorders. The chapter on fertility includes general questions on male and female subfertility, and the urogynaecology section features questions on general procedures and treatment in primary care. Chapter eight consists of a complete practice SBA paper of 50 questions, to be taken under examination conditions. All chapters provide references for further reading to help MRCOG candidates prepare for the Part 2 exam. Key Points Over 200 questions arranged into eight topics Questions based on RCOG and NICE guidelines Excellent practice for the new SBA format exam, including a complete practice paper Authored*

**by the convenor for International MRCOG Part 1 courses and member of the assessment sub-committee of RCOG**

**Passing the MRCOG Part 2 exam is essential to complete further training in O&G, both in the UK and for many doctors across the world. There are two annual sittings in the UK, plus the candidates sitting in Bangladesh, Egypt, Hong Kong, India, Iraq, Jordan, Malaysia, Pakistan, Saudi Arabia, Sudan, UAE, West Indies and China. It is a notoriously difficult exam, with a pass rate of c. 20%. From March 2015 there will be a change to one of the two written papers for MRCOG Part 2. Single best answer questions (SBAs) a new format – worth 40% of the total Part 2 mark. This book consists of 200 questions in the new SBA exam format, and will present a question followed by a detailed answer and feedback.**

### ***EMQs for the MRCOG***

Get Through MRCOG Part 2: Short Answer Questions is an essential revision guide for candidates preparing for the MRCOG Part 2 exam. This comprehensive collection of practice Short Answer Questions (SAQs) is designed to help candidates test and assess their own knowledge, aiding thorough preparation for the exam. The book opens with an introduction to the exam and includes advice on how to prepare for it, information on what to expect, and guidance on how to write excellent answers. This is followed by two sections: the first provides a wide range of SAQs divided into obstetric and gynaecological topics, and the second presents six practice exams set out in the format of the actual exam. For each question, the authors highlight the key words in the question, followed by a brief essay plan and then give a worked example answer. The specimen answers indicate how many marks the candidate would obtain for each point made, and are supplemented with valuable extra information and further reading, to enhance understanding and aid further revision.

This book provides comprehensive coverage of both papers of the MRCOG 2. Features a complete written exam paper, two sections of

practice questions covering gynaecology and obstetrics, and 32 essays with structured responses split evenly across gynaecology and obstetrics. Includes a separate section on how to prepare for the oral OSCE examination features 24 commonly-presented clinical scenarios split between obstetrics and gynaecology.

Written by two experienced RCOG examiners, both of whom have been involved in the development of the new Part 3 MRCOG examination, this book is essential reading for any trainee preparing to sit the exam. The authors clearly describe the breadth and depth of the curriculum modules and the professional behaviours that will be assessed in the five clinical skills domains. The text includes written examples of every module, links to eight videos showing candidates attempting four real Part 3 tasks, examiners' comments, and a detailed discussion of each example. The content will help candidates understand what is required to pass the examination and how to demonstrate their knowledge and skills to best effect. The book will also be useful for trainers preparing their trainees for the new exam. Based on the principles of good medical practice, there are practical tips here for doctors and obstetricians at all levels. This book of MCQs is based on past college questions and covers the

complete range of topics which commonly appear in the MRCOG examination. It includes correct answers, teaching notes, a self-marking scheme and two complete practice examinations which provide a good method of self-assessment for candidates. The book also includes a recommended reading list for further study and an MCQ revision index for easy reference to specific topics.

SBA Questions for the Part 2 MRCOG

Past Papers MRCOG Part One Multiple Choice Questions

This concise yet comprehensive guide is focused on the curriculum and current exam style of the MRCOG Part 1 examination. It integrates clinical knowledge with basic science, providing readers with a deeper understanding of pathophysiology of medical disorders in obstetrics and gynaecology. The lead editor is a member of the Part 1 Examination Committee and her insights are skilfully woven into the book's revision notes, sample Single Best Answer (SBA) question and answer explanations, and tips on exam technique. The book

encourages a structured thought process to develop, making it easier for clinicians to make differential diagnoses and conduct relevant investigations and treatment plans. The focus on basic sciences also endows readers with the ability to develop research ideas and evaluate findings. Featuring easy-to-read text, highlighted key points, illustrations, and plenty of practice papers, this succinct guide is essential preparation reading for trainee obstetricians and gynaecologists taking the challenging Part 1 MRCOG exam.

Specifically designed for the MRCOG exam part 2, SBAs and EMQs for MRCOG Part 2 will offer 500 questions mapped closely to the Royal College of Obstetrics and Gynaecology curriculum to help candidates prepare for the newly adapted exam. This book features 250 Single Best Answers multiple choice questions and 250 extended matching questions with explanations and sources for further reading, ensuring effective self-assessment of knowledge and preparation for exam conditions. Providing a thorough assessment of the reader's knowledge of Obstetrics and Gynaecology this revision book will give candidates up to date and realistic preparation for the MRCOG exam part 2.

Reflecting recent changes to the exam, MRCOG Part 1: 400 SBAs has been completely updated to include questions and answers in the SBA format only. With 25% new content, MRCOG Part 1: 400 SBAs offers the most up-to-date and comprehensive set of practice questions for trainees preparing for the MRCOG Part 1 exam. Chapters are mapped to the syllabus to deliver structured revision in all the key topics tested in the exam. Featuring a wealth of practice questions and

Addressing the New Exam Format

*This concise revision text brings together the fundamentals of the basic sciences required for Obstetrics and Gynaecology trainees to pass the MRCOG Part 1 exam. A note-style format and over 100 illustrations make this the ideal revision guide to passing the exam.*

*This book is a comprehensive collection of questions in the “single best answer (SBA)” format for the MRCOG2 theory exam. This new format has been introduced in the exam paper from March 2015 and most candidates are still getting used to the change. This book will provide them ample opportunity to familiarize themselves with the concept and then practice answering the questions based on almost all subjects included in the MRCOG 2 theory syllabus. Preparing for the MRCOG2 exam is a daunting task for all Obstetrics and Gynecology doctors. The college constantly reforms the exam structure in an effort to optimize the evaluation process. The endeavor of the authors is to equip the candidates with a vision of the holistic nature of the exam so that they master the art of answering SBA questions.*

### **SBA FOR MRCOG PART 1 ON DIABETES MELLITUS IN PREGNANCY**

*Following the format change to single best answer questions (SBAs) for the Diploma of the Royal College of Obstetricians and Gynaecologists, this excellent resource is fully aligned with the new syllabus and exam style. Topics covered include basic clinical and surgical skills, all stages of pregnancy from antenatal care to postpartum problems, and general gynaecological and fertility concerns. Containing 310 single best answer (SBA) style questions, detailed explanations ensure candidates understand the reasoning and evidence-based decision-making behind each answer. With a recommended reading source also provided readers can explore and revise topics in further detail to reinforce their learning. A further 130 questions are*

*included in two mock exam papers, helping candidates to strengthen their time management skills. Written by an author with many years' experience working on the DRCOG, candidates can be sure of the exact question format and how best to prepare for the actual exam.*

*This book helps doctors to learn the basic sciences for obstetrics and gynaecology and to pass the MRCOG Part 1 exam by extending the reader's knowledge and understanding of the basic medical sciences and their relevance to obstetrics and gynaecology.*

*This book comprises MCQs that are designed to test the candidate's theoretical and practical knowledge of obstetrics and gynaecology as recommended in the syllabus for the MRCOG Part 2 examination. Upwards of 250 single and multiple stem questions will be included giving over 800 questions in all. Full answers with explanatory text will be provided. Where appropriate the answers will be supplemented by key message boxes and footnotes to direct further study - in this way the book can be used as a study guide as well as a tool for revision and self-assessment. A unique feature of the book will be the accompanying CD ROM. Using this the candidate will be able to select at random questions to make up a practice paper which they can sit under 'examination conditions'. When the candidate has completed the mock examination the program will calculate their scores and indicate whether this would represent a 'good pass / pass / borderline pass or fail'. As with the*

*text, full explanations of the answers will be provided.*

*Single Best Answers for MRCOG Part 2*

*Get Through MRCOG Part 1, Second Edition, provides a selection of questions covering the basic and applied sciences relevant to the clinical practice of obstetrics and gynaecology and mapped to the RCOG Knowledge Areas in the MCQ style. With appropriate explanations of the answers and references to the relevant guidelines, this is a definitive resource for those taking the MRCOG Part 1 examination.*

*This study guide offers a systematic, comprehensive and focused approach to preparation for the MRCOG Part 3 Clinical Assessment exam. After an initial introduction, the text divides by OSCE station, beginning with an analysis of what the station is testing and what approaches and preparation are required, supported by tips and examples; this is followed by thoroughly worked practice questions based upon the exam format, with an analysis of how these are likely to*

*be marked. Practice exam 'circuits' with fully worked questions and answers conclude the book.*

*This book provides those studying for the MRCOG Part 2 examination with welcome practice in answering Extended Matching Questions (EMQs). Updated throughout to map onto the MRCOG syllabus from September 2016, the book is designed to test the candidate's theoretical and practical knowledge of obstetrics and gynaecology. An introductory section on exam techniques is followed by a collection of 41 EMQ themes, split into obstetrics and gynaecology. The questions are based on common clinical scenarios and cover a variety of topics. Answers are included after each topic, and these include explanatory material and useful references.*

*Modelled on the current MRCOG syllabus, this book has been carefully designed to assist the candidate in preparation for the short essay paper of the written MRCOG Part 2 examinations. The book comprises three important elements. 1) An Introductory section outlining all the candidate needs to know when writing short essays - how to tackle the questions, how to structure the answers, how to search for evidence during revision and other advice and background information 2) A section of 10 practice papers comprising 50 questions in obstetrics and 50 in gynaecology, with comprehensive answers indicating specific points where marks*

*are allocated 3) A section of 5 practice papers for candidates to test themselves under mock examination conditions In this way, the text provides the candidate with a firm grounding in examination principles and techniques, relevant to both the short essay paper and other components of the MRCOG Part 2 examination. With core areas of the syllabus firmly in mind, and a generous number of practice papers included this will be an invaluable guide to all those in preparation for the MRCOG Part 2 examination.*

Many new illustrations, particularly in anatomy and immunology. New editorial team, plus nearly 50% new contributors. New self-assessment section written in the style of the new exam.

Extended matching questions (EMQs) were introduced to the Part 2 MRCOG examination paper in September 2006. This book provides a detailed guide for candidates preparing for the examination, and includes:

- background and introduction to the question format
- advice on answering EMQs
- worked examples of specimen questions, including an explanation of the answer, guidance on how to tackle each question and advice on how to avoid mistakes
- two mock examination papers, with answers provided.

Basic Sciences in Obstetrics & Gynaecology

MRCOG Part 1: 550 SBAs and MCQs

MRCOG Part 2: 550 MCQs, EMQs and SAQs

MRCOG Part 2: 500 SBAs and EMQs

### Part 2 MRCOG: Single Best Answer Questions

#### MRCOG: Part 1 Mcqs

The Part 1 MRCOG covers basic science knowledge as it applies to obstetrics and gynaecology. There are two papers, both of which contain a mixture of single best answer questions (SBAs) and multiple choice questions (MCQs). This book provides a verbatim transcript for the MCQ element of each of the 10 papers set between 1997 and 2001, giving candidates the opportunity to test their knowledge and preparedness for the examination against real questions. A fully updated and illustrated handbook providing comprehensive coverage of all curriculum areas covered by the MRCOG Part 1 examination.

Part 2 MRCOG: SBA Questions contains invaluable preparation and practice for candidates undertaking the Royal College of Obstetricians and Gynaecologists Part 2 MRCOG examination. It contains 400 practice questions written by a highly experienced team of MRCOG question writers, alongside detailed answers referencing each question to either an

RCOG, NICE or WHO guideline, or an article in the professional journal 'The Obstetrician & Gynaecologist'. This will enable candidates to understand the reasoning and knowledge base behind the question, as well as giving them a clear reference should they wish to read further around the subject. The first part of the book introduces and explains the new format of the Part 2 MRCOG exam, giving insightful advice on the skills required to write a good SBA question. The second part of the book contains chapters matched to the 15 of the 19 modules of the core curriculum, giving a comprehensive range of questions and answers with detailed explanations and references. For anyone preparing for the Part 2 MRCOG exam, this book will provide extensive and comprehensive practice and guidance from an expert author team.

Basic Science in Obstetrics and Gynaecology is an essential one-stop, portable revision tool for candidates preparing for Part 1 of the MRCOG specialist examination. Fully updated by experts who are internationally recognised in

their fields, the chapters match the syllabus of the exam, combining detailed coverage of the science with related self-assessment questions that you will encounter in the MRCOG. This book is suitable for doctors specialising in obstetrics and gynaecology who want the best chance possible to pass this difficult exam. Covers all topics for the MRCOG Part 1, including basic science and clinical anatomy Contains self-assessment SBA questions to consolidate learning Includes three mock exam papers enabling you to practice for the exam Digital version included Fully revised and updated Completely updated self-assessment chapter, written in the style of the new exam Extensive revision of fetal physiology, biophysics, biochemistry, endocrinology, and physiology New top-quality illustrations to support learning
