

Must Love Vampires

“Arguably Spain’s most significant contemporary literary figure” (Joanna Kavenna, The New Yorker) Gathered for the first time in English, and spanning his entire career, Vampire in Love offers a selection of the Spanish master Enrique Vila-Matas’s finest short stories. An effeminate, hunchbacked barber on the verge of death falls in love with a choirboy. A fledgling writer on barbiturates visits Marguerite Duras’s Paris apartment and watches his dinner companion slip into the abyss. An unsuspecting man receives a mysterious phone call from a lonely ophthalmologist, visits his abandoned villa, and is privy to a secret. The stories in Vampire in Love, selected and brilliantly translated by the renowned translator Margaret Jull Costa, are all told with Vila-Matas’s signature erudition and wit and his provocative questioning of the interrelation of art and life.

More information to be announced soon on this forthcoming title from Penguin USA.

Presents four paranormal romances featuring supernatural dogs, including tales about bodyguards in Lucifer’s realm, non-lethal vampire trackers, Cerberus leaving the underworld, and the kidnapping of a powerful vampire’s niece.

The Twilight saga has become one of the most successful fiction series ever written, with more than one hundred million copies in print and several blockbuster films. Despite the tremendous commercial success Twilight has generated, few readers have analyzed its theological teachings or the messages Stephenie Meyer might be sending to women and teenage girls. This book offers both a feminist critique of Twilight and a theological review of the stories' ideas about salvation, heaven and hell, power, reconciliation, resurrection, and organized religion. Elaine Heath writes in an accessible voice, calling attention to both the "good news" of Twilight's theology and the "bad news" of its gender stereotypes and depictions of violence against women. The book includes questions for youth and adult groups or for classroom discussions.

Vampire Heart

Van Helsing was not so different from the other medical students at the university: quick-witted, and equally adept with sword or scalpel. Like the other lads, he was occasionally called upon to do a bit of body snatching to provide subjects for dissection in anatomy class...until one night, when one of the corpses was not as dead as it should

have been. A chance encounter with a girl named Carmilla Karnstein and her aunt, Countess Elizabeth Bathory, would soon draw Van Helsing into a world beyond darkness and death.

Highly sensitive people—or empathaths—see life through the eyes of compassion and caring. They were born that way. As a result, they carry a tremendous amount of inner light. But they ’ re also the favored prey of “ vampires ” who feed off empathaths ’ energy and disrupt their lives on every level—physical, emotional, and financial. In *Dodging Energy Vampires*, Christiane Northrup, M.D., draws on the latest research in this exciting new field, along with stories from her global community and her own life, to explore the phenomenon of energy vampires and show us how we can spot them, dodge their tactics, and take back our own energy. You ’ ll delve into the dynamics of vampire-empath relationships and discover how vampires use others ’ energy to fuel their own dysfunctional lives. Once you recognize the patterns of behavior that mark these relationships, you ’ ll be empowered to identify the vampires in your life too. In these pages, Dr. Northrup opens up a toolbox full of techniques you can use to leave these harmful relationships behind; heal from the darkness they ’ ve cast over your mind, body, and spirit; and let your own light shine. In the end, you may find yourself healthier, happier, wealthier, and more vibrant than you ever believed possible.
