

Myths Of Immortality The Sphinx Book 3

Presents a study of J. K. Rowling's Harry Potter tales, providing a look at the mythical creatures, legendary characters, magical places, and autobiographical details that inform the best-selling series.

Myths of ImmortalityCreespace Independent Publishing Platform

New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory • Examines how the Sphinx is contemporaneous with Gobekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the 10th millennium BCE, thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch's geological water weathering research and reanalysis of seismic studies. Building on Bauval's Orion Correlation Theory, they investigate the archaeological alignments of the monuments of the Giza Plateau and reveal how the Sphinx was recarved for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Gobekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend shown here to be an actual historical time period from roughly 10,000 to 12,000 years ago. Proust's Gods explores two interweaving networks of imagery which are vital to key thematic areas of Proust's fictional construct. These are Christian and biblical, and classical and mythological figures of speech. Proust's metaphorical vision plucks legends and figures drawn from their of their original settings and thrusts them with all their persistent resonances into new and often unlikely contexts. Yet these deliberately incongruous juxtapositions and the sliding scale of tones they produce are also shown to be also analyses the increasing sophistication of Proust's imagery from his earliest writings onwards, and re-evaluates the role of the largely-ignored Correspondance in his development as a writer. Considered as texts rather than biographical documents, the letters are identified as a flexible stylistic 'stamping ground' and an arena for experimentation for later works.

SenLin continues his ascent up the tower in the word-of-mouth phenomenon fantasy series about one man's dangerous journey through a labyrinthine world. "One of my favorite books of all time" - Mark Lawrence on *SenLin Ascends*
*The Tower of Babel is proving to be as difficult to reenter as it was to break out of. Forced into a life of piracy, SenLin and his eclectic crew are struggling to survive aboard their stolen airship as the hunt to rescue SenLin's lost wife continues. Hopeless and desolate, they turn to a legend of the Tower, the mysterious Sphinx. But help from the Sphinx never comes cheaply, and as SenLin knows, debts aren't always what they seem in the Tower of Babel. Time is running out, and now SenLin must choose between his friends, his freedom, and his wife. Does anyone truly escape the Tower? The Books of Babel**SenLin Ascends**Arm of the Sphinx**The Hod King*

When people think of the Sphinx, the riddle of the Sphinx of Thebes might pop to mind, or maybe the colossal Great Sphinx of Egypt. Were they the same monster in two different mythologies? Or were they completely different? The Sphinx legend began in Egypt over 4,500 years ago when ancient Egyptians were giving their gods animal forms. Built to guard the royal tombs of the Pyramids of Giza, the Great Sphinx had the body of a lion and the head of a pharaoh. It drew tourists from around the Mediterranean, and soon the mythology of the Greek Sphinx evolved. The Greek Sphinx had the body of a lion and the head of a woman. She terrorized the people of Thebes until a stranger, Oedipus, solved her riddle. Read the myths from these two cultures, and find out how sphinxes have been immortalized in statues and artwork throughout history.

History.

This richly illustrated book examines the legacy of Greek mythology in Western art from the classical era to the present. Tracing the emergence, survival, and transformation of key mythological figures and motifs from ancient Greece through the modern era, it explores the enduring importance of such myths for artists and viewers in their own time and over the millennia that followed.

An Introduction

Ancient Mythology: Captivating Stories, Magic, Mystery & Legendary Myths of The World Throughout History Revealed

Yeats's Influence on Robinson Jeffers

In this critical study of the influence of W. B. Yeats (1865-1939) on the poetry and drama of Robinson Jeffers (1887-1962), Deborah Fleming examines similarities in imagery, landscape, belief in eternal recurrence, use of myth, distrust of rationalism, and dedication to tradition. Although Yeats's and Jeffers's styles differed widely, Towers of Myth and Stone examines how the two men shared a vision of modernity, rejected contemporary values in favor of traditions (some of their own making), and created poetry that sought to change those values. Jeffers's well-known opposition to modernist poetry forced him for decades to the margins of critical appraisal, where he was seen as an eccentric without aesthetic content. Yet both Yeats and Jeffers formulated social and poetic philosophies that continue to find relevance in critical and cultural theory. Engaging Yeats's work enabled Jeffers to develop a related, though distinct, sense of what themes and subject matter were best suited for poetic endeavor. His connection to Yeats helps to explain the nature of Jeffers's poetry even as it helps to clarify Yeats's influence on those who followed him. Moreover, Fleming argues, Jeffers's interest in Yeats suggests that critics misunderstand Jeffers if they take his rejection of modernism (as exemplified by Wallace Stevens, William Carlos Williams, and Ezra Pound) as a rejection of contemporary poetry or the process by which modern poetry came into being.

Contains over 1,400 entries for mythological, legendary, and historical characters, as well as an essay on Greek civilization, a bibliography, a chronology, and a list of Roman emperors

From the beautiful aparas of Hindu myth to the swan maidens of European fairy tales, stories of flying women-some carried by wings, others by clouds, rainbows, floating scarves, and flying horses-reveal the perennial fascination with and ambivalence about female power and sexuality. In Women Who Fly, Serinity Young examines the motif of the flying woman as it appears in a wide variety of cultures and historical periods, in legends, myths, rituals, sacred narratives, and artistic productions. She considers supernatural women like the Valkyries of Norse legend, who transport men to immortality; winged deities like the Greek goddesses Iris and Nike; figures of terror like the Furies, witches, and succubi; airborne Christian mystics; and wayward, dangerous women like Lilith and Morgan le Fay. Looking beyond the supernatural, Young examines the modern mythology surrounding twentieth-century female aviators like Amelia Earhart and Hanna Reitsch. Throughout, Young demonstrates that female power has always been inextricably linked with female sexuality and that the desire to control it is a pervasive theme in these stories. This is vividly depicted, for example, in the twelfth-century Niebelungenlied, in which the proud warrior-queen Brünnhilde loses her great physical strength when she is tricked into surrendering her virginity. Even in the twentieth-century the same idea is reflected in the exploits of the comic book and film character Wonder Woman who, Young suggests, retains her physical strength only because her love for fellow aviator Steve Trevor goes unrequited. The first book to systematically chronicle the figure of the flying woman in myth, literature, art, and pop culture, Women Who Fly offers a fresh look at the ways in which women have both influenced and been understood by society and religious traditions throughout the ages and around the world.

Interpretations of Greek Mythology, first published in1987, builds on the innovative work of Walter Burkert and the 'Paris school' of Jean-Pierre Vernant, and represents a renewal of interpretation of Greek mythology. The contributors to this volume present a variety of approaches to the Greek myths, all of which eschew a monolithic or exclusively structuralist hermeneutic method. Specifically, the notion that mythology can simply be read as a primitive mode of narrative history is rejected, with emphasis instead being placed on the relationships between mythology and history, ritual and political genealogy. The essays concentrate on some of the best known characters and themes - Oedipus, Orpheus, Narcissus - reflecting the complexity and fascination of the Greek imagination. The volume will long remain an indispensable tool for the study of Greek mythology, and it is of great interest to anyone interested in the development of Greek culture and civilisation and the nature of myth.

Myth: A Very Short Introduction

Empire of Ash

Curse of the Sphinx

Where Pharaohs Dwelt

Welcome to Ouroboros Academy, where your headmistress is a gorgon, your teacher is a sphinx, and your friends just might kill you... The last place I wanted to come was Ouroboros. Before awakening, I didn't even know any of the myths were real. Minotaurs, griffins, the gods-the problem is, they aren't the same myths everyone knows. My name is Mila, and I'm the new Medusa. Unfortunately, everyone seems to hate Medusa, so everyone hates me. They mock and ridicule me, resort to middle school pranks to try to break me. But I won't be broken, and I'm not going down without a fight. When another student turns up dead, all eyes turn to me. I didn't kill her. Someone is trying to set me up. If I can convince my mythical, handsomely wicked bullies that I'm not the killer, maybe we can find out who wants me to suffer so badly they'd frame me for murder. Her Wicked Immortals is a slow-burn standalone RH, with multiple love interests and eventual steamy scenes.

There was no simple agreement on the subject of "myth" in classical antiquity, and there remains none today. In Approaches to Greek Myth, Lovell Edmunds brings together practitioners of eight of the most important contemporary approaches to the subject. Whether exploring myth from a historical, comparative, or theoretical perspective, each lucidly describes a particular approach, applies it to one or more myths, and reflects on what the approach yields that others do not. Contributors are H. S. Versnel on the intersections of myth and ritual; Carlo Brillante, on the history of Greek myth and history in Greek myth; Robert Mondi, on the near Eastern contexts, and Joseph Falaky Nagy, on the Indo-European structure in Greek myth; William F. Hansen on myth and folklore; Claude Calame, on the Greimasian approach; Richard Caldwell, on psychoanalytical interpretations; and Christiane Sourvinou-Inwood, on the iconography of vase paintings of Theseus and Medea—and on a methodology for "reading" such visual sources. In his introduction, Edmunds confronts Marcel Detienne's recent deconstruction of the notion of Greek mythology and reconstructs a meaning for myth among the ancient Greeks.

Dramatic death, glory and love lived through the blood of the Egyptians under the watchful eyes of their Gods & Goddesses... Ancient Egypt was one of the greatest & most powerful civilizations in the world ever And of all ancient civilizations, Egyptians rule supreme when it comes to mystery and fantasy...From the lavish colors of their papyruses to how they mastered building technology thousands of years before anyone else, and to the legends surrounding the lives and deaths of their kings. Egyptians are an eternal source of awe. Not only did they know how to build structures, they also knew how to have fun. They loved board games, they used makeup, and they allowed women more rights than many other women in the ancient world. You see, Game of Thrones has nothing on the intricacies, wars, and battles Egyptian dynasties fought for thousands of years. Ancient Egypt has it all: drama, love stories, myths, massive buildings, death, destruction and pain. Let 's listen to them and explore their timeless stories! All of this and much more including: The Timeline Of Ancient Egypt: The Rise & The Fall Discover The Gods & Goddesses of Ancient Egypt + Their Classic Stories The Mystery & Miracle of How The Pyramids Were Built (was it aliens? or astronomy?) Cleopatra's Legacy: The Most Famous Pharaoh & Femme Fatale The Afterlife, Burials, Tombs & How An Ancient Egyptian Mummy Was Made Isis & Osiris: The Greatest Love Story of All Time The Mummy Curse - What Killed People Who Opened King Tut 's Tomb? Decoding The Secrets Of Egyptian Hieroglyphs Interesting Facts About Egyptian Culture: Art, Music, & Literature Ra, The Sun God of Ancient Egypt: Facts, Symbol & Powers - And much, much more... This book will find your appetite for all the amazing (and perhaps frightening) things Ancient Egyptians were and did. Begin your journey of discovering not only Ancient Egyptans but also it 's legends, mythology and much more with this book.

In the realm of the dead, there are no lies. Hope Nicholas is desperate to believe that the truth will set her free from the bindings of Apollo's curse. But to get the truth, she must travel to the Underworld, a feat near impossible for the living. The gods there have their own agendas and, forced to forge alliances with the most unlikely allies, Hope will find that death is not the worst of torments of the Underworld. Athan Michael spent months chasing Hope, only to have her disappear once again. And when he discovers her destination, he knows the treacherous journey to the Underworld is one he cannot take alone. Forced to put aside his past with Xan and Dahlia, the three demigods embark on their own quest. But the past will not stay buried, and Athan must decide how much he's willing to sacrifice to help Hope break the curse. Told in dual points of view, Myths of Immortality is a tense, action-packed story that will leave you begging for the next installment of The Sphinx series.

Myths of Immortality

Journey through ancient lore in this hilarious, illustrated encyclopedia of world mythology. It's the perfect way to introduce kids to legendary lands, powerful gods, brave heroes, wild creatures, and more! Skillfully told and illustrated by Norwin Briggs, it's the who's who and what's what of ancient culture, organized alphabetically.

First Published in 2000, Routledge is an imprint of Taylor & Francis, an informa company.

Dangerous magic, a dark god, and ancient secrets. Archaeologist Pellucid Rose discovers THE find of the century when an earthquake hits her Mycenae, Greece dig. But before she can claim it, a dark, dangerous, and very sexy stranger steps from a swirl of shadows claiming she's loosed a sphinx on the world by translating an ancient secret on one of the scrolls. What's more, he insists Secret Magic requires her to go with him to capture the ferocious creature. Against better judgment, Pell teams up with the hot stranger to discover a world of magic where the impossible is reality, crooked mortals hide corrupt secrets, and mysteries older than myth can kill you. That thought alone makes her heart race, but things get even worse when she discovers he's hiding world-altering secrets, and only she has what it takes to stop him. Empire of Ash is the first book in the enthralling God of Secrets paranormal romance series. If you like Jim Butcher's Dresden Files and Holly Black's Cruel Prince, you'll adore USA Today Bestselling author L. R. W. Lee's vulnerable, intimate, and gritty tale of destined lovers, potent sorcery, and unique ancient myth retellings. Buy Empire of Ash to dive into a secret affair today! ★★★★ "A strong-willed and feisty woman is thrown into a new world, creating a comedic adventure that will soon become your next favorite read. The snark is charming and funny while also making the heroine instantly likable. Well worth the ride, Empire of Ash is a brilliant teapstry of adventure, romance, and mythology." - L. Konkel, Readers' Favorite ★★★★ "It's been a hot minute since I've been able to truthfully say I can't wait to see what happens next, but here it is! Very descriptive, very original, I've honestly not read a book like it before, and I have Kindle Unlimited for a reason! Bravo!!!!!!!!!!" - Alicia L. Amazon Reviewer ★★★★ "Ohh, I love this story so very much! The healthy dose of humor mixed with physical attraction and intrigue are definitely a winner." - Peggy Freese, Senior Editor ★★★★ "The characters are complex and genuine with traits and qualities that add depth and diversity, transforming into charismatic personalities." - Kaye, Amazon Top 500 Reviewer ★★★★ "An awesome start to a new series written by a brand new author for me. I highly recommend." -Scaroleet Ellis, Amazon Top 1000 Reviewer

Origins of the Sphinx

Oxford Companion to World Mythology

Encyclopedia of Greco-Roman Mythology

Arm of the Sphinx

An Ancient Curse. An Immortal Monster. A Forbidden Love. Seventeen year-old Hope Nicholas has spent her entire life on the run. With her mom, she's traveled from town to town, barely staying long enough to meet anyone, let alone make friends. If she wants to stay alive, she'll have to keep it that way. When her mother is murdered, Hope is left orphaned and alone. Is this the fulfillment of Apollo's curse? Is Hope, too, being hunted? Hope flees again, staying hidden now more important than ever. But learning to navigate mean girls, demigods, and shadow-monsters from the Underworld is nothing compared to enigmatic and persistent new-boy, Athan Michael. In a modern world still ruled by the Greek Gods, being a monster is more than a curse. It is a death sentence.

From vampires and demons to ghosts and zombies, interest in monsters in literature, film, and popular culture has never been stronger. This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A-Z of monsters throughout the ages. It is the first major reference book on monsters for the scholarly market. Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor. Entries as "ghost" and "vampire" are cross-listed with important specific manifestations of that monster. In addition to monsters appearing in English-language literature and film, the Encyclopedia also includes significant monsters in Spanish, French, Italian, German, Russian, Indian, Chinese, Japanese, African and Middle Eastern traditions. Alphabetically organized, the entries each feature suggestions for further reading. The Ashgate Encyclopedia of Literary and Cinematic Monsters is an invaluable resource for all students and scholars and an essential addition to library reference shelves.

This book examines the use of myth in contemporary popular and high culture, and proposes that the aporetic subject, the individual that 'does not know', is the ideal contemporary subject. Using several contemporary novels, films and theatrical plays that illustrate aporia – such as Percy Jackson and the Lightning Thief (Riordan, 2007), Tron Legacy (Koninski, 2010), Welcome to Thebes (Buffini, 2010), The Photographers (Koundouros, 1998), Prometheus (2012) and Prometheus Retrograding (Sfikas, 1998) – Angie Voela introduces common ground between Lacanian psychoanalysis and some of Freud's most ardent critics, Michel Foucault and Jean Baudrillard, as well as the cultural philosopher Bernard Stiegler. These unprecedented systematic comparisons broaden the scope and impact of Lacanian psychoanalysis in inter-disciplinary debates of philosophy and culture and Voela argues that apart from dealing with the past, psychoanalysis must also deal more explicitly with the present and the future. She presents a unique inquiry into modern subjectivity that will be of great interest to scholars of psychoanalysis, philosophy, film, literature and contemporary culture.

From a lost city in the desert to a cave aligned with thousands of glowworms, learn about some of the most unusual places on earth and the myths, legends, and history behind each of them! Looking at places like The Skeleton Coast in Namibia, Wizard Island in the United States, and The Fairy Tale Route in Germany, The Dark Hedges and Other Magical Places that Really Exist takes young readers on a journey around the world to real places that sound straight out of fantasy. Featuring both natural and man-made wonders, this travel book combines history and storytelling to explore the far reaches of the earth.

Where do myths come from? What is their function and what do they mean? In this Very Short Introduction Robert Segal introduces the array of approaches used to understand the study of myth. These approaches hail from disciplines as varied as anthropology, sociology, psychology, literary criticism, philosophy, science, and religious studies. Including ideas from theorists as varied as Sigmund Freud, Claude Lévi-Strauss, Albert Camus, and Roland Barthes, Segal uses the famous ancient myth of Adonis to analyse their individual approaches and theories. In this new edition, he not only considers the future study of myth, but also considers the interactions of myth theory with cognitive science, the implications of the myth of Gaia, and the differences between story-telling and myth. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

In this book the author explores the work of the fifth-century BC Athenian vase-painter, Sotades, one of the most familiar names in vase painting. Previous scholarship has dealt mainly with questions of attribution, style, and iconographic interpretation, but Dr Hofjman concentrates on inherent meaning: what does the imagery of these decorated vases really signify. He argues that, contrary to widely held conceptions, there is an underlying unity of meaning in Greek vases and their imagery, a unity rooted in the religious beliefs and ritual practices of the society from which they spring. Each chapter discusses a specific aspect of the artist's iconology, placing it in the context of fifth-century BC Greek philosophical and religious thought.

Jenny March's acclaimed Dictionary of Classical Mythology, first published in 1998 but long out of print, has been extensively revised and expanded including a completely new set of beautiful line-drawing illustrations for this Oxbow edition. It is a comprehensive A-Z guide to Greek and Roman mythology. All major myths, legends and fables are here, including gods and goddesses, heroes and villains, dangerous women, legendary creatures and monsters. Characters such as Achilles and Odysseus have extensive entries, as do epic journeys and heroic quests, like that of Jason and the Argonauts to win the Golden Fleece, all alongside a plethora of information on the creation of the cosmos, the many metamorphoses of gods and humans, and the Trojan War, plus more minor figures ð nymphs, seers, kings, rivers, to name but a few. In this superbly authoritative work the myths are brilliantly retold, along with any major variants, and with extensive translations from ancient authors that give life to the narratives and a sense of the vibrant cultures that shaped the development of classical myth. The 172 illustrations give visual immediacy to the words, by showing how ancient artists perceived their gods and heroes. The impact of myths on ancient art is also explored, as is and their influence in the postclassical arts, emphasising the ongoing inspiration of forged by the ancient myths. Also included are two maps of the ancient world, a list of the ancient sources and their chronology, the more important genealogies, and an index of recurrent mythical motifs.

'In the Age of Myth' is a collection of various poems with a mythical flavour with some spiritual, philosophical and religious aspects, including various sayings from the Roman Emperors.

Three plays dealing with the assassination of political figures during the 1960s.

Cave paintings at Lascaux, France and Altamira, Spain, fraught with expression thousands of years later; point to an early human desire to form a cultural identity. In the Oxford Companion to World Mythology, David Leeming explores the role of mythology, or myth-logic, in history and determines that the dreams of specific cultures add up to a larger collective story of humanity. Stopping short of attempting to be all-inclusive, this fascinating volume will nonetheless be enlightening to those who are interested in an introduction exploring the nature and dimensions of myth and proposing a definition as a universal language. Briefly dipping into the ways our understanding of myth has changed from Aristotle and Plato to modern scholars such as Joseph Campbell, the introduction loosely places the concept in its present context and precedes articles on influential mythologists and mythological approaches that appear later in the Companion. The main body of Leeming's work consists of A-Z entries covering all aspects of mythology, including substantial essays on the world's major mythological traditions (Greek, Native American, Indian, Japanese, Sumerian, Egyptian), mythological types and motifs (Descent to the Underworld, the Hero, the Trickster, Creation, the Quest), mythological figures (Odysseus, Zeus, Osiris, Spider Woman, and Inanna) as well as numerous interrelated subjects such as fairy tales and legends. The Companion also locates myth in our lives today, relating it to language patterns, psychology, religion, politics, art, and gender attitudes. Many of the better-known and more significant myths are vividly retold in this volume that will be illustrated with maps, more than 70 black and white images, and eight pages of color highlighting the central role art has often played in the transmission and perpetuation of myth. Following the entries, a rich section of appendices will include fairy tales of the major pantheons, equivalency charts for the gods of Greece and Rome, Babylon and Sumer, as well as other traditions, an extensive bibliography, and an index.

Nicholas Flamel appeared in J.K. Rowling's Harry Potter—but did you know he really lived? And his secrets aren't safe! Discover the truth in book six of Michael Scott's New York Times bestselling series The Secrets of the Immortal Nicholas Flamel. The Location: The home of the Elders. The Time: The last day of Nicholas and Perenelle Flamel's long existence. The two that are one must become the one that is all. One to save the world, one to destroy it. Sophie and Josh Newman traveled ten thousand years into the past following Dr. John Dee and Virginia Dare to the home of the Elders at Danu Talis. But this is no ordinary island—it is the legendary city of Atlantis, and Scathach, Prometheus, Palamedes, Shakespeare, Saint-Germain, and Joan of Arc are also there. Here, as the Flamels take their final breaths, the battle for the world begins and ends. Except no one is sure what—or who—the twins will be fighting for. “The Secrets of the Immortal Nicholas Flamel has everything you love about Harry Potter, including magic, mystery, and a constant battle of good versus evil.”—Bustle Read the whole series!
