Would it be the worst thing in the world to accept an obscene amount of money in exchange for living with a guy and a couple of his best friends for three months? Seems like a no brainer. But what if it means sharing their beds, too? Let's be honest, Holly would probably do that for free considering how hot, successful, and fun to be around they are. Besides, if she helps Trent cash in on his inheritance—with a few naughty strings attached—she could pay for the life-saving surgery her mother's insurance company has denied. The one thing she can't afford is falling in love when the man she's obsessed with plans to ditch her after their ninety days are over. Four Money is book one of the Ever & Always duet. Holly, Trent, Lorenzo, and Owen's story will conclude in Four Love.

Sometimes love is messy. Especially if three shattered souls are involved. When Karolena answered an ad for a live-in housekeeper responsible for taking care of at least a dozen guys, she was obviously desperate. Although she hadn't realized they were spies and assassins when she accepted the position, it could work out for the best since the Shields' headquarters might be the only place she's safe from the evil ex hunting her. That is, if she doesn't give in to the two agents that live across the hall who tempt her to do things that could be dangerous to her still healing heart. Tavish is more than willing to show Karolena a good time so long as that's as far as it goes. He's learned the very hard way that it's fine to sleep with women, or men, so long as you don't trust them. That's only because Tavish's partner—both in the field and the bedroom—has always made sure his judgement isn't compromised when they surrender to their non-traditional urges together. Legend is the one person Tavish is certain has his back since he's proved it over and over on life or death missions yet still, he's not able to give the man the affection he deserves along with plenty of satisfaction. So when they find themselves entangled with their housekeeper, and her ties to the mafia, they have to decide whether she's capable of bringing the three of them together permanently or whether they have to get rid of her before she wrecks them for good. When they're sent to assassinate the head of a money laundering operation at a brand new casino, Sola looks into the eyes of their target and her gut screams he's not the source of the evil they're hunting. Sola's instant and undeniable attraction to their unintended captive forces them to investigate him further and decide—will they eliminate him, protect him, or entice him to join their intimate partnership? Nothing's sexier than men with power tools. Sultry summer heat has nothing on the five-man crew renovating the house next door. No one could blame Kate for leaning out the window for a better view of the manscape. The nasty fall that follows isn't part of her fantasy—but the man who saves her from splattering the sidewalk is definitely the star. When Mike personally attends to her injuries, she realizes her white knight in a hard hat has a tender side, giving her no choice but to surrender to the lust that's been arcing between them since day one. In the aftermath of the best sex of her life, she whispers her most secret desire: to be ravaged by his crew. She never expected Mike would dare her to take what she wants—or that the freedom to make her most decadent desires come true could be the foundation for something lasting... A brand new, never before released standalone story in the Compass saga from New York Times and USA Today bestselling authors Jayne Rylon and Mari Carr. Austin Compton has struggled to live up to the Compass legacy his entire life, afraid of disappointing his overachieving family. After dropping out of college, he convinced his parents to buy a big rig and let him contribute to the Compass Ranch in his own way. On the open road he discovers a happy medium between the freedom he craves and the obligation that comes along with the Compton name. When he picks up some unexpected cargo in the form of a gorgeous if battered stowaway, he's in trouble. The same reckless urges that convinced him to abandon his education are telling him to keep Hayden close and safe, maybe even teach her how to love again after the disastrous relationship she's fleeing. When troubled times fall on Compass Ranch, Hayden will do anything to repay the kindness Austin and his family showed her. It's time to support Austin like he's done for her, if her past doesn't catch up with her at exactly the wrong moment.

Geeky tech girls aren't supposed to have this much fun with their super spy co-workers. Ruby typically supports a team of do-gooder assassins from the safety of her supercomputer in their command center. She's dragged into danger when hackers attack her, empty millions from her crypto wallet, and threaten the global economy by tampering with blockchain technology. Worse, her attraction to two of the agents she works with—Ace and Liam—is a distraction none of them

can afford, especially when she winds up sharing a bed with them for her own safety. They've got issues of their own. Ace barely returned to active duty after a grievous injury that wrecked his arm and nearly ended his career. His wounds fractured more than bones, shaking Liam's confidence and willingness to deepen their partnership both on and off duty because they risk their lives daily to protect others. And that's before they admit that they're falling for the same nerdy-yet-adorable woman, who should also be strictly off-limits. Can Ruby fix what's broken between the three of them before the hackers end her career and her life? From New York Times and USA Today bestselling author Jayne Rylon comes a steamy new multi-partner standalone series set in the Powertools universe. The Shields security team accepts missions in the grey area of both law and morality that no one else wants or can handle. They're a ragtag bunch of special ops soldiers, ex-government agents, and hackers wrangled by a former construction worker who aspired to be a superhero's sidekick when he grew up. What could go wrong?

Contains Kate's Crew, Morgan's Surprise, Kayla's Gift, Devon's Pair, Nailed to the Wall, and Hammer it Home. Six menage romances about a crew of bisexual construction workers who take pride in pleasuring the women they love with the help of their friends.

Sevan has been keeping secrets. She's not the errand boy everyone at the Wildfire outlaw motorcycle gang thinks she is. No, she's been playing a dangerous game, hunting their president from inside their ranks in the name of revenge. And if anyone finds out, they won't hesitate to kill her. Levi Jansen has always been drawn to Sevan, even when he thought she was a scrawny male mechanic named Rivet. He can't blame her for that since he's been hiding plenty too. As an undercover agent, he's relied on his tenuous partnership with ex-con, Ransom, to infiltrate Wildfire and build an ironclad case against them. As the three of them swirl deeper into darkness, they'll need to rely on each other to find their way out, and back home to Hot Rides. Otherwise they're doomed to become exactly what they've been fighting so hard to defeat.

Allowing themselves to be distracted by desire would be the stupidest thing they could do. Unfortunately, it's impossible to ignore the sizzling attraction between them, complicating everything. This is a standalone book in the Hot Rides series and includes an HEA with no cheating. The series is part of the greater universe where both the Powertools and Hot Rods books are also set, so you can visit with many of your previous favorite characters and see what they're up to now!

As a medic for a team of do-gooder assassins, Kennedy usually patches up her partners after they've taken out some of humanity's trash. This assignment is totally different. One blizzard, two days, three men to keep her warm. Naked is Kayla ' s style. She ' s exposed to bare skin more than the average person—like when she ' s up to her elbows in massage oil, soothing the tired muscles of the construction crew building her new spa, a barter to offset some of the cost. Once it ' s finished, she plans to open a private retreat for fellow naturists. It should be a routine service. Yet for some reason, caressing the man on her table is blurring her normally crystal-clear distinction between nudity and sexuality. And stirring up kinky fantasies involving the rest of the crew. She never intended to share details about her lifestyle-slash-business plan, not even with the open-minded, sexy crew. But when a faulty truck engine and one hell of a snowstorm trap the three men at her cabin, heat sears away her cover story—and her inhibitions.

Cocooned in blissful isolation, Dave, Neil and James show her that passion knows no barrier, with or without clothing. Leaving Kayla wondering if two days of mutual satisfaction will ever be enough... Warning: This book features a m/m/m/f m é nage hot enough to melt an entire blizzard ' s worth of snow and ice.

Determined to show her seeking pleasure is no crime, he sets out to fulfill her steamiest fantasies—with a little help from three of his best friends. After a four-course birthday adventure, which presents Morgan as the sweetest imaginable dessert, she expects Joe to walk away. Understandable, since he's attracted to both men and women and surrounded by a network of friends who seem to have no trouble finding love in any combination. When he meets Trevon—the sexiest man ever—on the side of the road, only one thing keeps Quinn from pursuing him: Trevon's even sexier wife, Devra. Like Quinn, Trevon and Devra have led rough lives.
