It's the perfect combination of laughing, learning, and maybe jump-starting a career in comedy!

When middle school mishaps happen, five friends form the S.M.A.R.T. Squad and use their collective skills and the power of science to bring order to their school. Science reigns supreme with this squad of young brainiacs. Join Izzy Newton and her friends in the first adventure of this fun new middle-grade fiction series from National Geographic Kids. A crowded new school and a crazy class schedule is enough to make Izzy feel dizzy. It may be the first day of middle school, but as long as her best friends Millie Einstein and Charlie Darwin are by her side, Izzy knows it'll all be okay. However, first-day jitters take an icy turn when Izzy's old pal Marie Curie comes back to town. Instead of a warm welcome, Marie gives her former pal the cold shoulder. The problems pile up when the school's air-conditioning goes on the fritz and the temperature suddenly drops to near freezing. The adults don't seem to have a clue how to thaw out the school. Cold temperatures and a frigid friendship? Izzy has had enough of feeling like an absolute zero. She rallies the girls to use their brainpower and science smarts to tackle the school's chilly mystery ... and hopefully to fix a certain frozen friendship along the way. Will the girls succeed and become the heroes of Aton Middle School?

Learn all about wildfires—how they happen, why they're important, and when they're dangerous—in this fascinating reader. It's sure to ignite your interest, with color photographs, interesting facts, and more.

What's the weather? Wake up to this ultimate reference, teeming with fascinating facts, amazing features, the latest science, and tons of close-up images of the wildest weather on the planet. Did you know that a bolt of lightning can crack through the air at up to 136,000 miles per hour and reach temperatures hotter than the surface of the sun? Or that if all the ice in the Antarctic melted, the oceans would rise by about 220 feet? Welcome to the amazing world of weather. From how weather happens to the most extreme weather in the world, it's all covered in this easy-to-use reference featuring all the major types of weather and what kinds of weather happen in particular places, from the desert to the tropics to the poles. The main content is highlighted with fun facts, Did You Know? details, and colorful photos and graphics. Thematic spreads cover topics such as climate change, weather survival stories, animal adaptations to weather, and much more. Fans of other National Geographic Kids Ultimate "pedias" in the same series--Dinopedia, Bugopedia, Reptileopedia, Oceanpedia, and Predatorpedia--will want to find a place for Ultimate Weatherpedia on their bookshelves.

School Library Journal Best Books of 2011 Eureka! Silver Honor Books—California Reading Association Capitol Choices 2012 list of Noteworthy Titles for Children and Teens 2012 Notable Children's Books—ALSC The new National Geographic Treasury of Greek Mythology offers timeless stories of Greek myths in a beautiful new volume. Brought to life with lyrical text by award-winning author Donna Jo Napoli and stunning artwork by award-winning illustrator Christina Balit, the tales of gods and goddesses such as Zeus, Aphrodite, Apollo, and Athena and heroes and monsters such as Helen of Troy, Perseus, and Medusa will fascinate and engage children's imaginations. National Geographic completes the book with embellishments of each story: sidebars for each god, goddess, hero, and monster link the myths to constellations, geography, history, and culture to help young readers connect the stories to real life events, people, and places. A family tree and a “cast of characters” profile page help make relationships between the characters clear, and a mapping feature adds to the fun and fascination. Resource notes and ample back matter directing readers to more information round out this luminous book. Sure to dazzle all those intrigued with the fantastic tales of Greek mythology and enchant new readers, this vibrant book will soon become a family keepsake. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeod.org/commoncore for more information.

So you think you're smarter than a fifth grader? Well, as many contestants have already discovered on the smash hit TV show hosted by Jeff Foxworthy, you may have either forgotten more than you realize about "the three R's" or simply never learned in the first place! How much do you really know about third grade math? Fourth grade social studies? Fifth grade science? First grade spelling? You may have a high school diploma or a college degree hanging on your wall, but are you smarter than a fifth grader? You'll find out in this book, which includes brain-teasing ten-question quizzes (including million-dollar bonus questions) on information the average eleven-year-old is expected to know—plus there are great bits of fun and fascinating trivia sprinkled throughout. Go ahead—we dare you to prove you're as bright as that gum-chewing kid with the backpack who's waiting on the corner for that yellow bus every morning. School is back in session. And maybe you'll even learn a thing or two that you missed by not paying attention the first time around.
