How to Speak Dog

Alexander Ovechkin

**Find out about the life of Harriet Tubman and how her brave actions working to "conduct" the Underground Railroad helped the Union Army in the Civil War lead more than 700 slaves to freedom. Learn about Harriet Tubman's life, achievements, and the challenges she faced along the way. The Level 2 text provides accessible, yet wide-ranging information for independent readers. National Geographic Readers have been a hit in the competitive beginning reader category, and this book builds on that success with the same careful text, brilliant photographs, and fun approach to high-interest biographies of fascinating people such as Harriet Tubman, has proved to be a winning formula with kids.**

**Explore one of the most recognized scientists in the world, physicist Albert Einstein.**

**This is the first in a series of 4 books that will tell the true and hilarious stories of animals that love hijinks. In this book you'll meet 3 naughty animals, including Fu Manchu, the orangutan escape artist. Fu Manchu lived at the Omaha Zoo and would routinely break out of his habitat to explore the zoo on a nice day. Zookeepers were baffled as to how the ape was escaping, until one day they caught him in the act.**

**Fu Manchu knew how to pick locks. Not only that, he had created his own tool that he used to pick the locks with, which he would store in his mouth so as not to be found out. This and two other charming stories will engage readers and leave them wondering if humans are really the smartest animals.**

**Growing up, Alexander Graham Bell was fascinated with music, speech, and sounds. He worked hard to invent things that would not only help those with impaired hearing, but also bring people together in new and special ways. What he didn't know was that his simple idea--to help people communicate--would change the world when he invented the telephone.**

Ape Escapes!

Animal Friendship! Collection

Thomas Edison

Readers will be inspired by the amazing story of Helen Keller in this informative biography. They will learn all about her life, her achievements, and the challenges she faced along the way. The Level 2 text provides accessible, yet wide-ranging, information for independent readers. From the Trade Paperback edition.

A howling wolf, a stalking tiger, a playful panda, a dancing bird - pairing the stunning photography of National Geographic photographer Joel Sartore with the delicate poetry of Newbery award-winning author Kwame Alexander, this lush picture book celebrates the beauty, diversity, and fragility of the animal world. Featuring more than 40 unique animal portraits, the pages invite kids to explore each creature's markings, textures, and attributes in stunning detail, while calling on all of us to help protect each and every one. Three picture-packed gatefolds inside showcase even more familiar and exotic species. These images are part of Sartore's lifelong project to photograph every animal in the world, with special attention given to disappearing and endangered species.

Are these strange animals the stuff of nightmares or aliens from outer space? Turns out, they're real! Undersea animals! Find out how deep-sea creatures use bizarre and fascinating adaptations to survive in their harsh environments in this Level 3 Reader. Journey through the depths of the ocean into the dark Midnight Zone and discover the mysterious animals that live there. Learn about how their bodies make their own light or adapt to living in low-light areas, how they hunt, what they eat, and how they keep themselves safe from predators. National Geographic Readers' combination of expert-vetted text, along with brilliant images and a fun approach to reading has proved to be a winning formula with kids, parents, and teachers. Level 3 text provides accessible, yet wide-ranging, information for fluent readers. Each reader includes text written by an experienced, skilled children's books author, a photo glossary, and interactive features in which kids get to reinforce what they've learned in the book.
