Profiles several different animals from around the world that live in different habitats.

In this addition to National Geographic Kids' super-cute series about dogs with jobs, you'll join real-life police dog Tiger as he protects his city and his human handlers. Good dog, Tiger! Sometimes it takes a dog to get the job done! In this endearing picture book, readers meet courageous canine Tiger and follow him as he spends an exciting day with the police in the US capital Washington D.C. Gorgeous photography depicts brave Tiger's role as a police dog, and simple, lyrical text lets readers journey along as Tiger visits a police academy, trains to sniff out important items, patrols famous landmarks, and keeps us all safe. Young readers will fall in love with the witty tale, daring story of heroism, and aww-worthy photographs sure to make dog-lovers of us all.

dolphins to frogs and more. Illustrated with charming photographs, these sturdy pages showcase wild animals and the sounds they make with supersimple facts and lively, age-appropriate language to keep babies and toddlers--and their grown-ups--fascinated by every colorful page. Designed to be the stepping-stone to the best-selling National Geographic Little Kids First Big Book series, the Little Kids First Board Book series takes similar subjects and distills them down to the simplest nonfiction concepts for the youngest audience. Not only will readers learn the sounds wild animals make, they can also find recurring shapes and patterns in the art, while adults can keep their eyes open for occasional funny commentary from the animals. Sidebar text offers additional learning for older siblings or those ready for more complex information. With their square shape, bright and playful design, awesome photography, clear text, and cues to encourage interactive learning, the Little Kids First Board Books mirror the beloved First Big Books while taking a fresh new approach to excite a baby's sense of wonder and make learning about nature and science fun.

All titles in this collection are by Laura Marsh and previously copyrighted in 2014, 2012, and 2011, by the National Geographic Society.
