Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with

the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. Ron Lemco

Once upon a time, I viewed the Air Force as my personal entertainment and dating service. I was a hard-charging, well-paid, impeccably-educated, high-functioning, award-winning anesthetist and clinical instructor of anesthesia as well as an Air Force captain on my way to becoming a colonel in record time. Beyond that, I worked in a highly specialized area of the military, dabbling in the shadowy world behind the scenes in places some have never

heard of, in situations that rarely make the nightly news. Known by important people, I was a guy who could "get 'er done" no matter what the order or mission at hand. On call twenty-four hours a day, I never knew when my next mission would be called. One moment in the operating room in San Antonio, the next on a plane bound for some unnamed location for reasons I wasn't privy to. Leaving my strict Baptist upbringing behind, I was living my dream of becoming a "hero," while fueling my ever burgeoning need for newness and more, sleeping my way around the world with no rules and no conscience. One woman, my childhood image of the "girl next door," changed all that. We met in the back anesthesia hallway at Wilford Hall U.S. Air Force Medical Center. She, a mere first year anesthesiology resident. Me, a superstar staff nurse anesthetist. Despite her lowly position, she was clearly the kindest and sexiest woman I'd ever met. Within a month of our first date, I chose to forego my aspirations of military glory and "settle down." However, soon after Joan and I married, I felt trapped. Trapped by what I recognized as the mundane life of my parents. Trapped by Joan's desire to bear a child. Trapped to the point that I began fantasizing about her death. Then came the call. Twenty-five weeks into her pregnancy, Joan was diagnosed with leukemia. In the blink of an eye, I was transformed from my own personal cynosure to the husband of the pregnant lady with cancer, caretaker, guardian of my wife and daughter's lives, and reluctant chief decision maker on how to reconcile my desperate desire for her to live with her disdain for life support measures. This story depicts not

only the battle against cancer faced by Joan and our unborn child, but also my own attempt to move past earlier misdeeds, desperately praying for a miracle, hoping that, despite my sins, God would deign to save the woman and child I loved. Written from the perspective of a former military true believer who turned his back on dreams of glory, chose love, and became a (hesitant) husband, then single father, *Broken Road: A Widower*' is similar to Nadia Bolz-Weber's *Accidental Saints* and Anne Lamott's *Small Victories: Spotting Improbable Moments of Grace*. It seeks to find goodness in the most unlikely of places and characters - me. By the time he is twelve, Frank Levy understands that to attain his wishes, he must depend upon himself. In the young adult edition of *Life with an Accent* we meet Levy as a happy toddler oblivious to political dangers. Seeking safety, in 1936 his family moves from Germany to the British Mandate of Palestine. Ten years later they emigrate to America to be with grandma. Again, Levy must change languages, cultures, even his name. With every effort to adapt, he sees that the history we live through matters.

The *Amazing Book of No* was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The *Amazing Book of No*" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a

parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

September 11th, 2001 was America's wake up call to terrorism.

Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...
