Reconstructive

Surgery

There is a
paradigm shift
in plastic and
reconstructive
surgery from
the interest
of developing
new surgical
techniques

Online Library

into the
application of
new
technologies
via research

on stem cells,

transplantation such as e.g. face, hand or larynx transplants.

This approach is relatively novel and introduced to plastic surgery within past decade.

Online Library
Neligan Plastic
Surgery Free

Thus there is an urgent need to facilitate access to this new knowledge which was not traditionally a part of plastic surgery curriculum. The most

Online Library
Neligan Plastic

efficient way
of introducing
these new
approaches is
via
presentation
of pertinent
to different
fields (stem

experimental
