

## Neuro Linguistic Programming For Dummies For Dummies Psychology Self Help

We know a lot about change leadership. We understand how to design change programmes, and we know how to prescribe best practice change methods. Yet, despite all this knowledge, it is reported that up to 70% of change leadership projects fail to realize many of their objectives. The fault lines are cited as occurring at the micro level of social interaction. What we don't adequately explain and demonstrate within the change leadership literature is how change leaders may consciously generate in themselves and in others resourceful mindsets, emotions, attitudes, and behaviours to enable positive change leadership dynamics. Neuro-Linguistic Programming for Change Leaders: The Butterfly Effect fills this gap by connecting the practices of personal development with those of corporate change leadership. This book has the vision of advancing NLP as a serious technology in the change leader's tool box. The book introduces to operations managers, HR practitioners, OD specialists, and students of management new ideas and practices, which can transform their effectiveness as change leaders. It focuses on the benefits of applied NLP to change leaders as a generative change toolkit. Secondly, the book provides a model that shows change leaders how to build a climate of psychological safety to establish rapport with stakeholders. Thirdly, the book provides a strategy for enabling broader cultural change and stakeholder engagement throughout the organization.

New and improved edition for 2019. The Big Book Of NLP contains more than 350 patterns & strategies written in an easy, step-by-step format. The methods include a full array of the fundamentals that every practitioner needs, such as the Swish pattern and The Phobia Cure, as well as advanced and unique patterns, such as The Nested Loops method and Learning Strategies. Many of these techniques were never published before and cannot be found elsewhere. Perhaps more important, and unlike most other NLP books and programs, the patterns are written with great care and testing to ensure that they are clear and can be followed immediately.If there was one really useful book on NLP.... it would be full of NLP patterns!Everyone who learns Neuro-Linguistic Programming knows the power of the patterns and strategies that employ the skills and knowledge of NLP. Whether you have just been introduced to the basics, or you have mastered advanced material and patterns, this book provides you with more than 350 patterns in a concise reference format, with step-by- step instructions.We have selected each pattern for its value and relevance. If you know the pattern, you can refresh your memory; if you want to learn it, you can do so without wading through any "fluff" such as ridiculously long explanations of NLP terms, or "magical stories" of healing and success. I chose to make this book clean of theories and fiction stories, and packed it with the most practical guidelines and advice.

How would you like it if you were able to convince people 99% of the time? 6 FREE BONUS self-help books inside! Rafael Gurkovsky's "The Real Mind Control" holds the secrets! Rafael Gurkovsky is a highly acclaimed author and speaker. His life's work revolves around leadership and management. He has written and co-written numerous leadership books and he's a regular guest speaker of several Fortune 500 corporate events. His success as a guru in leadership is rooted in the kind of past that he was brought up with. His leadership and self-help advice will astound you. He provides insights that are both scientific and practical. As his life experience will suggest, you are sure to become a better person after finishing one of his books. Rafael's book is a radical take on Neuro-Linguistic Programming. You'll find easy-to-understand methods that will dramatically enhance your convincing power! In today's world, leverage is everything. It gets you places and brings you security. Did you know that gaining leverage doesn't necessarily mean you have to have money and power? All it takes is an ability to make people believe in you and make them do what you need them to do. That's what Rafael's book on neuro-linguistic programming will teach you. You will develop the ability to take control of any situation and always be steps ahead of everybody. Make people listen to you. Make people agree with you. Make people follow you. The ultimate goal of Neuro-linguistic programming is to give you an advantage over people. Let's face it. Life isn't what you see in TV. It's ruthless, relentless, and it won't stop if you need a break.

Gaining real freedom requires you to gain people who are on your side: people who either work for you or work with you. After you've read Rafael's book, you will be convinced that you can make that happen by just talking. Be more in control and live a happier life! Gaining the ability to convince everyone you encounter will allow you more freedom in your life because you are able to make people do what you need them to do without having to become overly authoritative. Aside from being able to motivate people, you also gain partners for whatever endeavor you have. Rafael's book will definitely give you: More time More people More opportunities More happiness More success Download NOW by clicking the orange "BUY NOW" button. Get the advantage that your life will need by Getting Rafael's "The Real Mind Control" now! Don't lose your chance and join thousands of readers today before the price becomes higher!

Neuro-linguistic Programming for Dummies

*This is a brighter future ahead of you - and it starts right here, right now. It doesn't matter how your life has been so far. It doesn't matter what's happened in the past. All that matters is now. Change can happen in an instant and making changes, even really big ones, can be much less scary than you might imagine. All you need is to change your thinking - and this book explains how. Change Your Life with NLP uses powerful tools and techniques from the tried and tested field of neuro-linguistic programming to reveal how you've got to where you are and what might be holding you back or stopping good things happening. You can use NLP to: - determine what you want in life - find the perfect partner or career - boost your confidence - increase your happiness - banish anxiety - drop bad habits - lose weight (and keep it off) - get out of debt - improve your relationships with everybody and much, much more. In fact, once you understand what's going on in your unconscious mind, and have shifted your thinking, every area of your life will start to benefit! This new edition includes three brand new chapters on using NLP for influence and persuasion, becoming more self-aware and identifying and understanding your priorities.*

*Neuro-Linguistic Programming Are you struggling to find the light at the end of the tunnel? Are you even aware that you can actually turn whatever negative thought you have in your mind to a positive one instead? And better yet, kill any bad thought that crosses your mind? No matter what your thoughts are there is a way to change those thoughts for the better. NLP explores the relationships between how we think (neuro), how we communicate (linguistic) and our patterns of behaviour and emotions (programmes). The idea is that, by studying NLP people can adopt more successful ways of thinking, communicating, feeling and behaving. Complete with NLP destroys any limiting beliefs you have, making this a book for people who want to seek a happier, healthier and more prosperous life or in 1 word: SUCCESS. Here is What You Will Learn About... Analyze people, by reading body language and nonverbal cues How you can use NLP for your personal, professional and social life Why your subconscious mind is the most important aspect towards your emotional state. The 13 NLP techniques you can use to overcome any thought and drive faster success The 9 secrets towards using NLP on yourself The 6 secrets towards using NLP on others 3 Facial expressions that give you an exact idea of how anyone is feeling. Personal space ranges and what they really mean The 6 secrets to Feeling the way you want to about any situation The NLP 4 step formula to overcome procrastination and any negative belief The easy, self-explanatory trick to overcoming any fear or phobia 9 simple secrets to support positive thinking in any negative situation How your social group may influence you more than you think The 3-step formula to maintaining a positive state for the rest of your life. A done for you Exercise Work guide to create the positivity and success you've been looking for Every successful person uses NLP and some don't even realise it. It is those who are able to control how they feel about something for the benefit of their life that succeed in today's world. You may askng, "How can I possibly maintain positivity throughout my whole life?" and the answer is you can't. But what you can do is shift your mindset in a way where you forget about negative thoughts or instead turn them into positive ones. NLP will help you feel good and appreciate who you are, positively influencing the people and situations around you. Create your own success and be in charge of the life you desire. Enjoy life changing results in no time. Buy your copy now!*

*An introduction to one of the most powerful psychological techniques available today and how you can use it to make positive changes in your life. In this book, leading life coach, therapist, presenter and bestselling author All Campbell explains how all our behaviour is a product of our state of mind. He presents techniques for making small changes on the inside that will make huge differences on the outside, because when you change your mind, you can change your life. Learn how to: - Change your emotional state quickly and easily - Overcome fears, phobias and frustrations - Transform even lifelong habits quickly - Communicate easily and effectively - Heal emotional pain from your past - Reset your internal programming to change your future This book was previously published under the title NLP (Hay House Basics series).*

*The Origins of NLP brings together the recollections and thoughts of some of the main protagonists from the very early days of NLP. In 1971 Richard Bandler and Frank Pucelik were students at Kresage College at the University of California Santa Cruz. They had a strong mutual interest in Gestalt Therapy, Frank because of his traumatic time in Vietnam and because he had been working with some disaffected and drug-addicted kids, and Richard because he had been working with Science and Behavior Books on transcribing and editing Fritz Perls' seminal work, The Gestalt Approach and EyeWitness to Therapy. They started a local Gestalt group and then they began collaborating and experimenting with the language of therapy. They started achieving some brilliant results but were having problems transferring their skills to others and so Richard invited one of their college professors, John Grinder, to observe what they were doing in order that he would, hopefully, be able to deconstruct what they were doing that was so effective. John was a professor of Linguistics and was instantly impressed with the work that they were doing. He was able to add more structure and in due course the three of them formalised what is now known as the Meta Model, NLP, or Meta as it was known then, was born.*

**Have you ever tried to communicate with someone who didn't speak your language, and they couldn't understand you? The classic example of this is when someone goes out to a restaurant in a Foreign country and they think they ordered steak, but when the food shows up, it turns out they actually asked for liver stew. This book may give you: Neuro-Linguistic Programming Training: How Does It Work?**

**NeuroLinguistic Programming For Dummies: How To Change Your Life Completely What Is Neuro-Linguistic Programming: Change Your Life For The Better**

**NeuroLinguistic Programming in Clinical Settings** provides a theoretical framework for the clinical applications of NeuroLinguistic Programming (NLP) protocols in mental health. It offers evidence-based models for a range of conditions; including PTSD, anxiety and depression, grief, phobias and binge-eating. Providing a follow up to the 2014 book **The Clinical Effectiveness of NeuroLinguistic Programming**, this book updates the existing research evidence for NLP interventions with mental health clinical conditions. It includes further evidence for its use with somatoform disorders, anxiety and depression, and as a general psychotherapy modality. The book outlines up-to-date evidence from clinical trials that demonstrate the success rate of NLP with PTSD populations and discusses how ongoing randomised clinical trials at Kings College London are demonstrating the clinical effectiveness of NLP protocols and are becoming more widely accepted by mainstream mental health care. Written by a team of internationally academically informed clinicians and researchers, the book will be key reading for academics, researchers and post-graduate students in the field of mental health research, psychotherapy and counselling. It will also be of interest to clinicians and mental health professionals interested in NLP as a therapeutic modality.

**Turn thoughts into positive action with neuro-linguistic programming** Neuro-linguistic programming (NLP) has taken the psychology world by storm. So much more than just another quick-fix or a run-of-the-mill self-help technique, NLP shows real people how to evaluate the ways in which they think, strategise, manage their emotional state and view the world. This then enables them to positively change. You can apply NLP to your life goals, build relationships with others, communicate and enhance their overall life skills. Sounds great, right? But where do you begin? Thankfully, that's where this friendly and accessible guide comes in! Free of intimidating jargon and packed with lots of easy-to-follow guidance which you can put in to use straight away, **Neuro-linguistic Programming For Dummies** provides the essential building blocks of NLP and shows you how to get to grips with this powerful self-help technique. Highlighting key NLP topics, it helps you recognize and leverage your psychological perspective in a positive fashion to build self-confidence, communicate effectively and make life-changing decisions with confidence and ease. Includes updated information on the latest advances in neuroscience Covers mindfulness coaching, social media and NLP in the digital world Helps you understand the power of communication Shows you how to make change easier If you're new to this widely known and heralded personal growth technique—either as a practitioner or homework student—**Neuro-linguistic Programming For Dummies** covers everything you need to benefit from all it has to offer.

**Improve your ability to understand, interact and communicate with others using the skills of coaching and NLP. This practical book contains easy to follow models, numerous real-life examples, a unique NLP based six-session coaching model and a unique section on the use of Hypnosis – an important NLP tool.**

**The Essence of Excellence**

*Psychology and Neuro-Linguistic Programming (NLP) are two of the most powerful forces available to mankind. For too long, these disciplines have been kept secret from the masses. Some of the most devastating insights into the human mind have been hidden away in the pages of psychology journals. Dark secrets which offer the promise of power and influence, over ourselves and over others. It has been made almost impossible for outsiders to access the power of personal influence - until now. In his book entitled Dark NLP author Michael Pace combines insights from psychology's darkest studies and NLP's most effective techniques. You will be shown exactly what NLP is, before being offered insight into the immense levels of controversy it has generated over the years. NLP techniques will then be combined with those drawn from the most controversial areas of psychology to show you how to take control of yourself, and your own life, before you are able to extend your influence over others. In this revealing book you will also learn how to use advanced verbal and physical techniques to create a deep sense of connection, comfort and rapport with almost anyone instantly. Proven methods to uncovering your deepest desires, and staying on the path of their pursuit, will be broken down for you in an easy to understand way. Some of the most powerful masters of Dark NLP ever to walk the Earth will be provided to you as inspirational role models to learn from. You will also be shown how Dark NLP gives you a nuclear level advantage in the world of dating and romance. This is your best chance to take control of your life once and for all. Act now - before someone else does.*

*Richard Bandler, co-creator of NLP and the man who inspired Paul McKenna to greatness, collaborates with Alessio Roberti and Owen Fitzpatrick to reveal how to unleash your true potential and transform your life.*

*The development of a new book about Emotional Intelligence (EI) and Neuro-Linguistic Programming (NLP) and the challenges to managers and engineers is essential because it introduces new lines of research in management and production. The use of EI and NLP allows management to take a more strategic role in organisations. *Accessible introduction to using Neuro-Linguistic Programming for better health.*

*I've spent a long time gathering these tips on how to manipulate people and get whatever one might want from them. Using dark psychology tricks, we can learn how to work with people's thoughts and take advantage of their innermost emotions and desires so that we can get whatever we want from them. If you want a quick read that will drastically improve your quality of life, there's nothing else out there better than this. Composed of actionable tips to help you really break apart the people around you as well as learning how to get ahead of them and use them to your advantage, this book is a critical part of the library of anybody who wants to build and exert their influence over others. This book uses the concepts of neuro-linguistic programming to give the reader a rock-steady foundation that they can use to subtly make people do their bidding. Over the course of this book, we'll discuss: What neuro-linguistic programming is and how it can be usedHow to read and process people's emotionsHow to psychoanalyze peopleHow to plant different emotional seeds that will grow in people's minds How to use words to steer people however you like How to identify and work with different types of people like contractors and control freaks All of these are so much more. So if you're looking for the book that will get you ahead in life, then look no further. This is the one for you.*

*Despite widespread use, NeuroLinguistic Programming (NLP) is a topic of much debate, often receiving criticism from academic and professional sectors. In this book international academics, researchers and therapists are brought together to examine the current evidence of the clinical efficacy of NLP techniques, considering how NLP can be effective in facilitating change, enrichment and symptom relief. Lisa Wake and her colleagues provide a critical appraisal of evidence-based research in the area to indicate the benefits of the approach and identify the need for an increase in randomized well-controlled clinical trials. Contributors also explore how NLP has been used to treat various disorders including: post-traumatic stress disorder phobias addictions anxiety disorders mild depression. Illustrated throughout with clinical examples and case studies, this book is key reading for practitioners and researchers interested in NLP, as well as postgraduate students.*

*This wonderful book is for anyone interested in making their life significantly better. It is a goldmine of insights and techniques from one of the greatest geniuses of personal change. As you use the techniques in this book, you will exponentially increase your ability to make dramatic life-enhancing differences. It is by far one of the most entertaining and professionally stimulating books I have read. It will change your life!~Paul McKenna, Ph.D, author of I Can Make You Thin and host of The Learning Channel's I Can Make You More than thirty years ago, Richard Bandler set out to discover how some therapists managed to effect startling change with their clients, while others were arguing about theories as their face patients waited in vain for help. Now widely regarded as the world's greatest hypnotist, Richard Bandler observed and developed patterns which became the foundation of neuro-linguistic programming (NLP), arguably one of the most profoundly effective approaches for self-development and change. Since coauthoring the internationally influential books, The Structure of Magic Volume 1, and Patterns of the Hypnotic Techniques of Milton Erickson, M.D. Volume 1, Bandler has traveled the world, honing his skills and helping people solve problems and achieve goals when other "experts" have been unable to help. Richard Bandler's Guide to TRANCE-formation, he returns to his roots: hypnotic phenomena, trancework, and altered states to provide a highly compelling prescription for personal change. According to Bandler, "trance" is at the very foundation of human experience. People are not simply in or out of trance, but are moving from one trance to another. They have their work trances, their relationship trances, their driving trances, and their parenting trances. Some of these states are useful and appropriate; others are not. With his signature wit and contrarian approach to therapy, Bandler shows how anyone can reset or reprogram problem behaviors to elicit more immediately satisfying results. Pioneered with case studies and more than thirty exercises, Richard Bandler's Guide to TRANCE-formation, is an intriguing, engaging, and often amusing, read for anyone, whether they are new to NLP, want to further their NLP training, or simply want to make a positive difference in their own lives.*

**Achieve business success with Neuro-linguistic Programming** People around the globe use NLP to improve their communication skills, build rapport, make positive changes, and accomplish their goals. When used in a business context, NLP techniques can transform both your own and your team's performances. This practical guide to NLP at work will help you increase your flexibility, become more influential, and achieve professional success, whatever your career. Use NLP techniques in the workplace – overcome barriers to success and develop a winning mindset • Build effective working relationships – improve your communication skills and create rapport with your colleagues • Lead people to perform – enhance your ability to inspire peak performance • Make changes that drive success – set and achieve ambitious goals

**Bandler covers a lot of ground in this book - in his unique style - and provides real insight into areas such as sub-modalities and multiple perspectives in a fairly short period (157 pages). The content is edited notes from a series of Bandler workshops (in a similar vein to Frogs into Princes and Trance-Formations). The book begins with an overview of NLP - making particular reference to the "new" submodality patterns (the book was written in 1985) and presenting these as a faster and more powerful way of creating personal change. Subsequent chapters provide a humorous exploration of many of the traditional approaches to personal change and outline many useful guiding principles (structure versus content etc) for the application of NLP to personal change. The author makes repeated reference to a number of epistemological issues underlying traditional psychological approaches that tend to focus on "what's wrong, when you broke, ... what broke you, ... and why you broke." He goes on to state that "psychologists have never been interested in how you broke, or how you continue to maintain the state of being broken." NLP on the other hand, Bandler asserts, assumes people work perfectly and that people are just doing something different from what we (or they) want to have happen. This provides a clear indication of the approach adopted in the remainder of the book, and suggests that the focus of NLP on subjective experience (as the study of subjective experience) is entirely valid and necessary. Bandler provides a convincing argument for tailoring all our change work to the individual - purely because each individual is unique. The book continues with a useful and insightful exploration of a number of techniques (including the fast phobia cure, contrastive analysis in belief change, integrated anchors and Swish,) as well as discussion of more general (and generative) strategies for learning and motivation.**

**A revelatory, moving narrative that offers a harrowing critique of the war on drugs from voices seldom heard in the conversation: drug users who are working on the front lines to reduce overdose deaths Media coverage has established a clear narrative of the overdose crisis: In the 1990s, pharmaceutical corporations flooded America with powerful narcotics while lying about their risk; many patients developed addictions to prescription opioids; then, as access was restricted, waves of people turned to the streets and began using heroin and, later, the dangerous synthetic opioid fentanyl. But that's not the whole story. It fails to acknowledge how the war on drugs has exacerbated the crisis and leaves out one crucial voice: that of drug users themselves. Across the country, people who use drugs are organizing in response to a record number of overdose deaths. They are banding together to save lives and demanding equal rights. Set against the backdrop of the overdose crisis, Light Up the Night provides an intimate look at how users navigate the policies that criminalize them. It chronicles a rising movement that's fighting to save lives, end stigma, and inspire commonsense policy reform. Told through embedded reporting focused on two activists, Jess Tilley in Massachusetts and Louise Vincent in North Carolina, this is the story of the courageous people stepping in where government has failed. They are standing on the front lines of an underground effort to help people with addictions use drugs safely, reduce harms, and live with dignity.**

*This major new edition of Sue Knight's bestselling book NLP at Work has been extensively revised and updated, with an emphasis on the heart of NLP - becoming a model of excellence. In addition to a new slant to every chapter, there are three new chapters on the key things that make the biggest difference for the greatest results: Humour: enabling you to stand back and see things from a different perspective Clean questions: minimising yourself to find out the essence of the other person Time: understanding how what you get in life is influenced by your relationship to time past, present and future NLP at Work has sold over 100,000 copies and is one of the most popular books ever published on the practical skills of NLP and how it can be applied in business. It transformed NLP from a peripheral art into an accessible, practical concept with relevant applications in the areas of influence, communication, negotiation, teamwork and coaching. Clear, readable and jargon free, this book will help you get to the essence of what makes you and your business excellent and unique.*

*Some people appear more gifted than others. NLP, a growing development in applied psychology, describes what they do differently and explains these patterns of excellence.*

*Addressing the need for a discerning, research-based discussion of NLP, this book seeks to answer the many questions that clients, potential users and practitioners ask, including: what is NLP and what can it best be used for? This book looks at the research and theory behind NLP, also exploring claims that it is a 'pseudoscience'. If you are one of the millions of people who have already discovered the power of NLP, Neuro-linguistic Programming Workbook For Dummies will allow you to perfect its lessons on how to think more positively and communicate more effectively with others. This workbook is packed with hands-on exercises and practical techniques to help you make the most of NLP's toolkit for new thinking and personal change. These can have an impact on many aspects of your life: from helping you change your negative beliefs, to building rapport and influencing others, to taking charge of the direction your life is taking. Take your understanding of NLP to the next level, and reap the benefits. Neuro-linguistic Programming Workbook For Dummies includes: Getting Your Mindset Right with NLP Setting Sound Goals Recognising Your Unconscious Values Recognising How You Distort Thinking Developing Personal Rapport Managing Your Emotions and Experiences Changing Habits and Modeling Success Recognizing What Works Adapting Language with Metamodeling and the Milton Model*

#### NLP readers

By the team behind the bestselling NLP: The New Technology of Achievement comes an essential new guide to NLP techniques-for self-development and influencing others-in a focused, step-by-step handbook. NLP (Neuro-Linguistic Programming) has already helped millions of people overcome fears, increase confidence, enrich relationships, and achieve greater success. Now, from the company and training team behind NLP: The New Technology of Achievement, one of the bestselling NLP books of all time, comes NLP: The Essential Guide to Neuro-Linguistic Programming \. Written by three NLP Master Practitioners and training coaches, including the president of NLP Comprehensive, with an introduction from the President of NLP Comprehensive, NLP: The Essential Guide to Neuro-Linguistic Programming guides users to peak performance in business and life, and gets specific results. In twelve illuminating sections, NLP: The Essential Guide to Neuro-Linguistic Programming leads you through dozens of "discoveries"-revelations of NLP practice that enable you to explore your own personal thinking patterns, to manage them-and to transform them. Divided into two categories, "All About You" and "All About the Other Guy," these strategies offer a personal and interpersonal program that frees you to become better at managing your feelings instead of being dominated by them, managing your motivations, being less judgmental, more productive, more confident, more flexible, more persuasive, liked, and respected. Chapters on "Personal Remodeling" (Discovery 9: No inner enemy) and "Secrets of Making Your Point" (Discovery 31: Convey understanding and safety without talking), enhance creativity, collaboration, cooperation, and communication. Through "mind reading" techniques-non-verbal communication, and "hearing what's missing"-learn the secrets of relating with others, understanding how they are thinking-and influencing them. A streamlined all-purpose guide for both newcomers and NLP veterans, NLP: The Essential Guide to Neuro-Linguistic Programming is the new all-in-one, eye-opening blueprint for your own ultimate success. What's standing in the way between you and the person that you wish to be? Maybe you don't have the ability to master your emotions and find it hard to respond appropriately in times of stress. Perhaps you're crippled by fear and anxiety that limit your ability to take the risks necessary to achieve success. You might suffer from low self-esteem due to past hurts and bad experiences and feel powerless or self-conscious at work or in social settings. Or it could be a health problem that is keeping you from living life to the fullest. No matter what separates you from the person that you are and your ideal self, there is one single powerful way to bridge the gap and transform your life: Neurolinguistic Programming. NLP Neuro Linguistic Programming is the process of modelling the behaviours and adopting the attitudes that allow you to break bad habits, improve your self-image and realise your full potential. NLP hypnosis has transformed the lives of millions of people like you, but that type of therapy can be expensive and take years to produce results. There are countless NLP guide books and courses available to help you benefit from Neuro-linguistic Programming and self hypnosis at home. Most provide only a tiny sliver of information, making it necessary for you to spend thousands to fully master neurolinguistics to improve your life. Fortunately, there is a better way for you to experience the transformative benefits of NLP - The NLP ToolBox: Your Guide Book to Neuro Linguistic Programming is the answer. In just 142 pages, The NLP ToolBox covers what you would take you years of study elsewhere to discover about Neuro Linguistic Programming. This powerful NLP guide has already helped many people like you realise their goals and start living the lives that they have always dreamed of having. This easy-to-read, comprehensive guide to neurolinguistics will teach you: • How to use mind tools to develop your sense of personal power • Techniques for bolstering your self-esteem with the Love Cycle • A trick that can turn around the worst of days in just 3 minutes • The secret to muting negative self talk • How to increase your motivation to earn more money and accomplish your goals • The key to overcoming phobias in just 5 minutes • More than 90 other secret Neuro-Linguistic Programming techniques that will radically alter your life for the better The power to master your emotions, boost your self-esteem, increase your self power and transform your life is already within you. Tap into it with the power of NeuroLinguistic Programming. Using Your Brain--for a Change
