Never Do Anything Ever Dear Dumb Diary 4 Jim Benton

School's out for the summer, and that means no more Meat Loaf Thursdays, Sunday homework-cramming, or teachers (way way unsuccessfully) trying to act cool. It also means that certain Mackerel Middle Schoolers have a lot of time on their hands . . . and seriously empty pockets. Isabella is going to change all that. And Jamie and Angeline are going to help - whether they like it or not. It's the best kind of teamwork: When a whole bunch of people work together to do something wrong, instead of doing it wrong one at a time.

Everyone's favorite Mackerel Middle-Schooler, Jamie Kelly, is back with another hilarious, candid (and sometimes not-so-nice) diary! There's a new girl in at Mackerel Middle School. Colette is friendly, fabulous, smart, totally talented, and an all-around amazing individual. She is more brilliantly diabolical than Isabella, as blindly loyal as Stinker, and even harder-to-resist than Angeline. It's enough to make Jamie throw up a little. And Jamie just can't help but wonder: Is it humanly possible for a girl to be more perfectly perfect than the most perfect girl in the world?

Sneak a peek inside the NY Times bestselling diary of Jamie Kelly, who promises that everything she writes is true -- or at least as true as it needs to be. Dear Dumb Diary, Isabella is probably right. She almost always is. When I think back on all the things I've seen Angeline do, the one thing they have in common is that they're all dumb. (They're all strawberry-scented, too, but I think that's just her conditioner -- although her body might actually secrete its own strawberry scent.) But of all the dumb things she's ever done, this has got to be the dumbest. . . .

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes

In her diary, middle school student Jamie Kelly describes her life at home and at school, including her attempts to triumph over her nemesis, the beautiful and popular Angeline.

The hilarious and bestselling series from Jim Benton continues! It's not easy being a middle-schooler, and nobody knows that better than Jamie Kelly. There are surprises around every corner: some good, some bad, all dumb. But when Jamie inherits a trunk of her grandmother's things, she never expects to find the biggest surprise of all -- Grandma's diary. Violating the privacy of a diary is something Jamie would never do . . . unless she was absolutely certain that she wanted to do it. And when she does, she learns that, deep down, everyone is exactly the same. Dumb. Jamie still has no idea that anyone is reading her diary, so please, please, please don't tell her. And definitely don't tell her that she's the star of her very own Dear Dumb Diary movie, available on DVD. (Her glamorous ego might not be able to handle it.)

One of Vol. 1 Brooklyn's Favorite Fiction Books of 2017, a Literary Hub Staff Favorite Book of 2017, and one of BOMB Magazine's "Looking Back on 2017: Literature" Selections. "Wondrous . . . [A] sense of the erratic and tangential quality of everyday life—even if it ' s displaced into a bizarre, parallel world—drifts off the page, into the world you see, after reading Dear Cyborgs." —Hua Hsu, The New Yorker In a small Midwestern town, two Asian American boys bond over their outcast status and a mutual love of comic books. Meanwhile, in an alternative or perhaps future universe, a team of superheroes ponder modern society during their time off. Between black-ops missions and rescuing hostages, they swap stories of artistic malaise and muse on the seemingly inescapable grip of market economics. Gleefully toying with the conventions of the novel, Dear Cyborgs weaves together the story of a friendship ' s dissolution with a provocative and timely meditation on protest. Through a series of linked monologues, a lively cast of characters explores narratives of resistance—protest art, eco-terrorists, Occupy squatters, pyromaniacal militants—and the extent to which any of these can truly withstand and influence the cold demands of contemporary capitalism. All the while, a mysterious cybernetic book of clairvoyance beckons, and trusted allies start to disappear. Entwining comic-book villains with cultural critiques, Eugene Lim ' s Dear Cyborgs is a fleet-footed literary exploration of power, friendship, and creativity. Ambitious and knowing, it combines detective pulps, subversive philosophy, and Hollywood chase scenes, unfolding like the composites and revelations of a dream.

The long-awaited guide to writing long-form nonfiction by the legendary author and teacher Draft No. 4 is a master class on the writer's craft. In a series of playful, expertly wrought essays, John McPhee shares insights he has gathered over his career and has refined while teaching at Princeton University, where he has nurtured some of the most esteemed writers of recent decades. McPhee offers definitive guidance in the decisions regarding arrangement, diction, and tone that shape nonfiction pieces, and he presents extracts from his work, subjecting them to wry scrutiny. In one essay, he considers the delicate art of getting sources to tell you what they might not otherwise reveal. In another, he discusses how to use flashback to place a bear encounter in a travel narrative while observing that “readers are not supposed to notice the structure. It is meant to be about as visible as someone’s bones.” The result is a vivid depiction of the writing process, from reporting to drafting to revising—and revising, and revising. Draft No. 4 is enriched by multiple diagrams and by personal anecdotes and charming reflections on the life of a writer. McPhee describes his enduring relationships with The New Yorker and Farrar, Straus and Giroux, and recalls his early years at Time magazine. Throughout, Draft No. 4 is enlivened by his keen sense of writing as a way of being in the world.
