Rebelling against a century of Old Testament scholarship, Isaac M. Kikawada and Arthur Quinn persuasively argue that the first eleven chapters of Genesis are not a literary patchwork by different editors as widely supposed, but are the work of one author of extraordinary subtlety and skill. Comparing Genesis 1-11 with primeval histories from the ancient Near East, Kikawada and Quinn urge their readers to appreciate the ingenuity of Genesis’s author: “When we think we find this author napping, we had better proceed very carefully. As with Homer or Shakespeare, when you think you have seen something wrong, there may well be something wrong with your own eyes. You are more likely to be wrong than either of them.” Providing a solid case for the unity of Genesis’s first eleven chapters, Kikawada and Quinn move on to show how these chapters provide a formal structure for other Old Testament histories. Destined to have lasting impact on biblical scholarship, Before Abraham Was will give scholars, clergy, and students a new appreciation of critical biblical studies and a new hypothesis for the formation of Genesis.

Horror comics were among the first comic books published—ghastly tales that soon developed an avid young readership, along with a bad reputation. Parent groups, psychologists, even the United States government joined in a crusade to wipe out the —and they almost succeeded.

Yet the genre survived and flourished, from the 1950s to today. This history covers the tribulations endured by horror comics creators and the broader impact on the comics industry. The genre's ultimate success helped launch the careers of many of the biggest names in

comics. Their stories and the stories of other key players are included, along with a few surprises.

*The first biography to give Mary Anne Lewis her due and to examine her singular marriage to Benjamin Disraeli When Mary Anne Lewis met Benjamin Disraeli, she was married to Wyndham Lewis, a rich, mildly successful politician at the center of nineteenth-century British high society. The three became friends and with his deep pockets Wyndham helped Disraeli–young, ambitious, and swimming in debt–get his start in the political arena. Mary Anne even referred to him as her "Parliamentary protégé." But when Wyndham suddenly died of a heart attack, Mary Anne's friendship with Disraeli (fifteen years her junior) soon evolved into a peculiarly romantic and undoubtedly advantageous marriage: Mary Anne avoided life as a widow, while Benjamin used her financial means to stay out of prison and make a run for office. Anecdotally the Disraelis cultivated an outrageous reputation. Once asked if he had read any new novels, Benjamin reportedly replied,*

*"When I want to read a novel, I write one." Mary Anne, on the other hand, supposedly once told Queen Victoria that she always slept with her arms around her husband's neck. "My wife is a very clever woman," Benjamin said, "but she can never remember who came first, the Greeks or the Romans." An unusual story of Victorian romance and politics, Mr. and Mrs. Disraeli moves beyond the anecdotes to reveal the interior life of one of Britain's most influential couples. Often eclipsed by Benjamin, Mary Anne had at least as much political acumen as her husband, and this dual biography shows that she was frequently his voice of reason. In the wake of British Romanticism, Daisy Hay examines the paths available to women like Mary Anne, and chronicles a relationship that is surprising, unconventional, and deeply inspiring.*

*Uncovering hidden histories of Indigenous performers in vaudeville and in the creation of western modernity and popular culture Drawing from little-known archives, Christine Bold brings to light forgotten histories of Indigenous performers in vaudeville and, by extension, popular culture and modernity. Vaudeville was both a forerunner of modern mass entertainment and a rich site of popular Indigenous performance and notions of Indianness at the turn of the twentieth century. Tracing the stories of artists Native to Turtle Island (North America) performing across the continent and around the world, Bold illustrates a network of more than 300 Indigenous and Indigenous-identifying entertainers, from Will Rogers to Go-won-go Mohawk to Princess Chinquilla, who upend vaudeville's received history. These fascinating stories cumulatively reveal vaudeville as a space in which the making of western modernity both denied and relied on living Indigenous presence, and in which Indigenous artists negotiated agency and stereotypes through vaudeville performance.*

"A dictionary of the Bible and not of theology. It is intended to elucidate the antiquities, biography, geography, and natural history of the Old Testament, New Testament, and Apocrypha."--Pref.

Like Letters in Running Water explores ways in which fiction (prose, drama, poetry, myth, fairytale) yields transformative insights for educational theory and practice. Through a series of intensely original, powerful essays drawing on curriculum theory, literary analysis, psychology, and feminist theory and practice, Doll seeks to confront a commonly held bias that reading literary fictions is "mere" entertainment (not a learning experience). She suggests that fiction has immense teaching power because it connects readers with their alliances within themselves and this connection attends to social, outer issues addressed by traditional pedagogies with greater, deeper awareness. Her elaboration in this book of the concept of currere--the lived experience of

curriculum--through literature, drama, and myth is a major contribution to the field of curriculum theory.
