No Future Without Forgiveness Desmond Tutu

A long time ago and far away--although it could be here, and it could be now--a boy threw a stone and injured a girl. For as long as anyone could remember, their families had been enemies, and their towns as well, so it was no surprise that something bad had happened. Hate had happened. Revenge had happened. And that inspired more hate and more calls for revenge. But this time, a young girl decided to try something different... Inspired by the original Garden of Forgiveness in Beirut, Lebanon, and the movement that

Desmond Tutu retells more than fifty of his most beloved Bible stories, artfully highlighting God ' s desire for all people to love one another and to find peace and forgiveness in their hearts. Many of the finest artists from around the world—such as Jago, E.B. Lewis, Javaka Steptoe, and Xiao Xin—have been selected to illustrate the stories, portraying the stories with the style and richness of their own culture. Creating the first truly global Bible for children, their stunning full color illustrations allow readers to experience the Bible

stories as if they were there—with Adam and Eve in the garden, with Noah on the ark, with Abraham in the desert, and with Jesus on the mountaintop. Every story shows how God works through history and ends with a short prayer, which personalizes the message for each reader ' s own life. Archbishop Tutu ' s wisdom, compassion, and sense of humor shine throughout as he reminds us that, “ We are all God ' s children. ” Author, civil rights activist, and APARTHEID opponent Archbishop Desmond Tutu was awarded the Nobel Peace Prize in 1984 for his lifelong struggle to bring equality, justice, and peace to his native country of South Africa. As Desmond Tutu quotes: “ In the spirit of celebrating children all over the world, each illustrator

How a Forgotten Child Became a Man and Changed the World

The Rainbow People of God

Who is Jesus Christ? In The Third Jesus, bestselling author and spiritual leader Deepak Chopra provides an answer to this question that is both a challenge to current systems of belief and a fresh perspective on what Jesus can teach us all, regardless of our religious background. There is not one Jesus, Chopra writes, but three. First, there is the historical Jesus, the man who lived more than two thousand years ago and

whose teachings are the foundation of Christian theology and thought. Next there is Jesus the Son of God, who has come to embody an institutional religion with specific dogma, a priesthood, and devout believers. And finally, there is the third Jesus, the cosmic Christ, the spiritual guide whose teaching embraces all humanity, not just the church built in his name. He speaks to the individual who wants to find God as a personal experience, to attain what some might call grace, or God-consciousness, or enlightenment. When we take Jesus literally,

we are faced with the impossible. How can we truly “love thy neighbor as thyself”? But when we see the exhortations of Jesus as invitations to join him on a higher spiritual plane, his words suddenly make sense. Ultimately, Chopra argues, Christianity needs to overcome its tendency to be exclusionary and refocus on being a religion of personal insight and spiritual growth. In this way Jesus can be seen for the universal teacher he truly is—someone whose teachings of compassion, tolerance, and understanding can embrace and be

The Divine Milieu is a meditation book for intellectuals and is addressed primarily to those who waver rather than to Christians who are firmly established in their beliefs. However, as the author writes in the preface, there is not much in this book on moral evil and sin. Teilhard de Chardin assumes that he is dealing here with souls who have already turned away from such errors. The subject to be treated in these pages is actual, supernaturalized human beings, seen in the restricted realm of

Africa's Truth and Reconciliation Commission, along with his daughter, the Reverend Mpho Tutu, offer a manual on the art of forgiveness—helping us to realize that we are all capable of healing and transformation. Tutu's role as the Chair of the Truth and Reconciliation Commission taught him much about forgiveness. If you asked anyone what they thought was going to happen to South Africa after apartheid, almost universally it was predicted that the country would be devastated by a comprehensive bloodbath. Yet, instead of revenge and retribution, this new nation chose to tread the difficult path of confession, forgiveness, and

reconciliation. Each of us has a deep need to forgive and to be forgiven. After much reflection on the process of forgiveness, Tutu has seen that there are four important steps to healing: Admitting the wrong and acknowledging the harm; Telling one's story and witnessing the anguish; Asking for forgiveness and granting forgiveness; and renewing or releasing the relationship. Forgiveness is hard work. Sometimes it even feels like an impossible task. But it is only through walking this fourfold path that Tutu says we can free ourselves of the endless and unyielding cycle of pain and retribution. The Book of Forgiving is both a touchstone and a tool, offering Tutu's wise

Mary Anne Warren explores a theoretical question which lies at the heart of practical ethics: what are the criteria for having

moral status? In other words, what are the criteria for being an entity towards which people have moral obligations? Some philosophers maintain that there is one intrinsic property—for instance, life, sentience, humanity, or moral agency. Others believe that relational properties, such as belonging to a human community, are more important. In Part I of the book, Warren argues that no single property can serve as the sole criterion for moral status; instead, life, sentience, moral agency, and social and biotic relationships are all relevant, each in a different way. She presents seven basic principles, each focusing on a property that can, in combination with others, legitimately affect an agent's moral obligations towards entities of a given type. In Part II, these principles are applied

For many years, while Nelson Mandela was in prison, Desmond Tutu was the focus of hope for racial justice in South Africa. The Rainbow People of God is an important book which enables us to appreciate the extent to which his persistent voice of reason, compassion and faith contributed towards the struggle to end apartheid during those dark years. The establishment of South Africa's Truth and Reconciliation Commission was a pioneering international event. Never had any country sought to move forward from despotism to democracy both by exposing the atrocities

At the center of this unprecedented attempt at healing a nation has been Archbishop Desmond Tutu, whom President Nelson Mandela named as Chairman of the Truth and Reconciliation Commission. With the final report of the Commission just published, Archbishop Tutu offers his reflections on the profound wisdom he has gained by helping usher South Africa through this painful experience. In No Future Without Forgiveness, Tutu argues that true reconciliation cannot be achieved by denying the past. But nor is it easy to reconcile when a nation "looks the beast in the eye." Rather than repeat platitudes about forgiveness, he presents a bold spirituality that recognizes the
