Sir Alex Ferguson's compelling story is always honest and revealing he reflects on his managerial career that embraced unprecedented European success for Aberdeen and 26 triumphant seasons with Manchester United. Sir Alex Ferguson's best-selling autobiography has now been updated to offer reflections on events at Manchester United since his retirement as well as his teachings at the Harvard Business School, a night at the Oscars and a boat tour round the Hebrides, where he passed unrecognised. The extra material adds fresh insights and detail on his final years as United's manager. Both the psychology of management and the detail of football strategy at the top level can be complex matters but no-one has explained them in a more interesting and accessible way for the general reader than Sir Alex does here. MY AUTOBIOGRAPHY is revealing, endlessly entertaining and above all inspirational.

Mid-life Confidential

Twelve-year-old Joe Carraclough is heartbroken. Lassie, the family's beloved collie, must be sold to the Duke of Rudling, a bad-tempered, wealthy old man. The Carracloughs are struggling through hard times and can't afford to keep Lassie, who is without a doubt the finest collie in Yorkshire. The Duke sends Lassie to his estate in Scotland, four-hundred miles to the north, but Lassie will not be kept away from the family she loves. By instinct she starts the long journey south to find the home where she belongs. Filled with danger and adventure, this is the story of the love and loyalty shared by a boy and his dog. First published in 1940, the legendary Lassie Come-Home is sure to warm the hearts of yet another generation of readers.

Based on the author's experience of the suprasensory being behind spiritual science (Anthroposophy), this volume is the culmination of Sergei Prokofieff's twenty-five years of work on Rudolf Steiner's spiritual impulse. He shows that the being Anthroposophia is not merely a poetic image or an abstract concept, but an actual spiritual entity who works in the higher worlds to benefit earthly evolution and bring to humanity "the new revelation of the heavenly Sophia, the divine wisdom." In the first part of the book, Prokofieff describes the path that led him to experience the being Anthroposophia--a path that is clearly outlined so that it can be followed by the reader as well. In the second part, beginning with Steiner's relatively few statements on the subject, the author considers the position of the living Anthroposophia in the cosmic hierarchy--specifically her relationship to Christ, to the heavenly Sophia, and the to Archangel Michael. Finally available in paperback, this work will be of special interest to all those who have a close connection to Rudolf Steiner's Anthroposophy. From the celebrated author of the bestselling Lazarus Project "a dazzling collection of stories ... further cementing [Hemon's] position among the finest fiction writers working in English" (GQ). The stories of

Aleksandar Hemon's Love and Obstacles are united by their narrator, a young man coming of age in Communist-but-cosmopolitan Sarajevo who will leave for the United States just as his city is torn asunder. In Hemon's hands, seemingly mundane childhood experiences become daring, dramatic adventures, while unique and wrenching circumstances become a common ground that involves us all. As cohesive and impressive as any novel, the short story collection Love and Obstacles stands with the National Book Award finalist The Lazarus Project as the best work of this MacArthur Genius Award winner's career. From the author of The Book of My Lives.

#1 New York Times bestselling author Stephen King's novella The Sun Dog, published in his award-winning 1990 story collection Four Past Midnight, now available for the first time as a standalone publication. The dog is loose again. It is not sleeping. It is not lazy. It's coming for you. Kevin Delavan wants only one thing for his fifteenth birthday: a Polaroid Sun 660. There's something wrong with his gift, though. No matter where Kevin Delevan aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the Polaroid film as if it intends to break through. When old Pop Merrill, the town's sharpest trader, gets wind of this phenomenon, he envisions a way to profit from it. But the Sun Dog, a beast that shouldn't exist at all, turns out to be a very dangerous investment.

Miljenko Jergovic's remarkable debut collection of stories, Sarajevo Marlboro - winner of the Erich Maria Remarque Peace Prize - earned him wide acclaim throughout Europe. Croatian by birth, Jergovic spent his childhood in Sarajevo and chose to remain there throughout most of the war. A dazzling storyteller, he brings a profoundly human, razor-sharp understanding of the fate of the city's young Muslims, Croats, and Serbs with a subterranean humor and profoundly personal vision. Their offbeat lives and daily dramas in the foreground, the killing zone in the background.

Set in a luxurious grand hotel just outside Lisbon, at the height of the Second World War, Estoril is a delightful and poignant novel about exile, divided loyalties, fear and survival. The hotel's guests include spies, fallen kings, refugees from the Balkans, Nazis, American diplomats and stateless Jews. The Portuguese secret police broodingly observe the visitors, terrified that their country's neutrality will be compromised. The novel seamlessly fuses the stories of its invented characters with appearances by historical figures like the ex-King Carol of Romania, the great Polish pianist Jan Paderewski, the British agent Ian Fleming, the Russian chess grandmaster Alexander Alekhine and the French writer and flyer Antoine de St Exupery, who forms a poignant friendship with a young Jewish boy living alone in the hotel.

There is a hint of Armageddon in the air. According to the Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she

blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the Armies of Good and Evil are massing, the four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witchfinders are getting ready to Fight the Good Fight. Atlantis is rising. Frogs are falling. Tempers are flaring, and everything appears to be going to Divine Plan. Except that a somewhat fussy angel and a fast-living demon are not particularly looking forward to the coming Rapture. They've lived amongst Humanity for millennia, and have grown rather fond of the lifestyle. So if Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the AntiChrist (which is a shame, really, as he's a nice kid). There's just one glitch: someone seems to have misplaced him. This edition features a new revised text, approved by Neil Gaiman and the Pratchett Estate, which clears up many typos and errors from previous editions. It also features twelve full colour illustrations from Paul Kidby - Terry Pratchett's artist of choice - and further pencil drawings.

The Heavenly Sophia and the Being Anthroposophia

Walking the streets of Moscow, indistinguishable from the rest of its population, are the Others. Possessors of supernatural powers and capable of entering the Twilight, a shadowy parallel world existing in parallel to our own, each Other owes allegiance either to the Dark or the Light. The "Night Watch", first book in the "Night Watch" trilogy, follows Anton, a young Other owing allegiance to the Light. As a Night Watch agent he must patrol the streets and metro of the city, protecting ordinary people from the vampires and magicians of the Dark. When he comes across Svetlana, a young woman under a powerful curse, and saves an unfledged Other, Egor, from vampires, he becomes involved in events that threaten the uneasy truce, and the whole city...
