Norton History Of Western Music Eighth Edition

Companion to Music in the baroque.

*The definitive history of Western
music, now with Total Access.*

*Combining current scholarship with
cutting-edge pedagogy, the Ninth
Edition of A History of Western Music
is the text that students and professors
have trusted for generations. Because
listening is central to music history,
the new Total Access program
provides a full suite of media
resources—including an ebook and
premium streaming recordings of the
entire Norton Anthology of Western
Music repertoire—with every new text.*

Combining thoughtful revisions—particularly to chapters on the twentieth and twenty-first centuries—with exceptional media resources, A History of Western Music provides all the resources that students need in a text that will last a lifetime.

In this “incredibly rich” (New York Times) definitive history of the Bolshoi Ballet, visionary performances onstage compete with political machinations backstage. A critical triumph, Simon Morrison’s “sweeping and authoritative” (Guardian) work, Bolshoi Confidential, details the Bolshoi Ballet’s magnificent history from its earliest tumults to recent scandals. On January 17, 2013, a hooded assailant

hurled acid into the face of the artistic director, making international headlines. A lead soloist, enraged by institutional power struggles, later confessed to masterminding the crime. Morrison gives the shocking violence context, describing the ballet as a crucible of art and politics beginning with the disreputable inception of the theater in 1776, through the era of imperial rule, the chaos of revolution, the oppressive Soviet years, and the Bolshoi's recent \$680 million renovation. With vibrant detail including "sex scandals, double-suicide pacts, bribery, arson, executions, prostitution rings, embezzlement, starving orphans, [and] dead cats in lieu of flowers" (New Republic), Morrison makes

clear that the history of the Bolshoi Ballet mirrors that of Russia itself.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!"

Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette.

Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the

Bookmark File PDF Norton History Of Western Music Eighth Edition

mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

The definitive survey, combining current scholarship with a vibrant narrative. Carefully informed by feedback from dozens of scholars, it remains the book that students and teachers trust to explain what's important, where it fits, and why it matters. Peter Burkholder weaves a compelling story of people, their choices, and

Eighteenth Century Music in its cultural, social, and intellectual contexts. John Rice's Music in the Eighteenth Century takes the reader on an engrossing Grand Tour of Europe's musical centers, from Naples, to London, Berlin, Vienna, Prague, and St. Petersburg —with a side trip to the colonial New World. Against the backdrop of Europe's largely peaceful division into Catholic and Protestant realms, Rice shows how "learned" and "galant" styles developed and commingled. While considering Mozart, Haydn, and early Beethoven in depth, he broadens his focus to assess the contributions of lesser-known but significant figures

like Johann Adam Hiller, Francois-André Philidor, and Anna Bon.

Western Music in Context: A Norton History comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

The Study and Listening Guide provides chapter outlines and objectives, study questions, review questions, and valuable guides to help students listen more productively.

Medieval music in its cultural, social, and intellectual contexts. Margot Fassler's Music in the Medieval West imaginatively reconstructs the repertoire of the Middle Ages by drawing on a wide range of sources. In addition to highlighting the ceremonial and dramatic functions of medieval music (both sacred and secular), she pays special attention to the exchange of musical ideas, the development of musical notation and other methods of transmission, and the role of women in musical culture. Western Music in Context: A Norton History comprises six volumes of moderate length, each written in an engaging style by a

John Walter Hill's highly anticipated text presents a broad survey of the music of Western Europe from 1580 to 1750.

Concise History of Western Music combines Grout and Palisca's uncompromising reliability, scope, and respect for the narrative, while offering many more pedagogical aids, such as chapter preludes and postludes; "Etudes," excursions that explore the material more deeply than the main text; and "Windows," boxed discussions of special topics.

The music of the twentieth and twenty-first centuries in its cultural, social, and intellectual contexts. Joseph Auner's Music in the Twentieth and Twenty-First Centuries explores the sense of possibility unleashed by the era's destabilizing military conflicts, social upheavals, and technological advances. Auner shows how the multiplicity of musical styles has called into question traditional assumptions about

Pinocchio, the Tale of a Puppet

All Made of Tunes

***"The narrative of A History of
Western Music naturally
focuses on the musical works,
styles, genres and ideas that
have proven most influential,
enduring and significant - but***

it also encompasses a wide range of music, from religious to secular, from serious to humorous, from art music to popular music, and from Europe to the Americas."--Publisher's description.

A "you are there" guide to masterpieces of Western music. Music Then and Now offers a vivid introduction to Western music by focusing on 28 works in-depth. Its "you are there" approach--demonstrated by each chapter's rich historical and cultural context--engages students in the excitement of hearing the music as original

audiences did when the music was first performed. Covering all historical periods and genres, the book gives students all the tools they need for close listening. And with Total Access, every new copy of the book includes access to the ebook, streaming music, dynamic Author Videos, and other online listening tools.

A comprehensive collection of 220 works from antiquity to the present.

"Like the other volumes in the series, Music in the Renaissance brings a fresh perspective to the study of music by emphasizing social, cultural, intellectual, and political contexts of the music. Richard Freedman looks far beyond the notes on the page or the details of composers' lives to embrace audiences, performers, institutions, and social settings. For example, the text shows how new technologies of music printing in the Renaissance permitted composers to align notation with sound, causing audiences accustomed to aural transmission to rethink the concept of a musical work."--Résumé du site web de l'éditeur.

Charles Ives is famous for using borrowed material in his music. Almost two hundred individual works or movements, spanning his entire career and representing more than a third of his output, incorporate music by other composers or from his own previous work. In this book, the eminent Ives scholar J. Peter Burkholder identifies the different kinds of "quotations" in Ives's music, explores the complex musical, aesthetic, and psychological motivations behind the borrowings, and shows the purpose, techniques, and effects that characterize each one. Burkholder catalogues fourteen distinct ways that Ives borrowed, ranging from direct quotation to paraphrase, variation, collage, modeling, and stylistic allusion. Arguing that these borrowing procedures were compositional strategies, he provides a new perspective on Ives's process of composition. In addition, by tracing the development of

Bookmark File PDF Norton History Of Western Music Eighth Edition

Ives's borrowing practices through his career, he contributes to an understanding of the composer's stylistic evolution. And by showing how much of Ives's music uses borrowing procedures that are common to many composers, he reveals that Ives is not as far removed from the classic-romantic tradition as has been thought. Finally, Burkholder's comprehensive treatment of Ives's borrowing techniques offers a new perspective on the entire field of musical borrowing.

The definitive survey, combining current scholarship with a vibrant narrative. Carefully informed by feedback from dozens of scholars, it remains the book that students and teachers trust to explain what's important, where it fits, and why it matters. Peter Burkholder weaves a compelling story of people, their choices, and the western musical tradition that

Involving composers, performers, publishers, notated scores, oral traditions, audiences, institutions, cities, and nations. The book's central themes include middle-class involvement in music, the rich but elusive concept of Romanticism, the cult of virtuosity, and the ever-changing balance between musical and commercial interests. The final chapter considers the sound world of nineteenth-century music as captured by contemporary witnesses and early recordings. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in
