The man who was selected by President Barack Obama to come out of retirement and turnaround the nearly bankrupt General Motors after its financial bailout in 2009 offers a memoir of his successes at that company, as well as AT&T. 125,000 first printing.

Here is the revealing underground classic, a work that stands beside the "Seth" books as a delightful and invaluable guide to our inner spirit and our outer world. Emmanuel speaks to us through Pat Rodegast and shares his wisdom and insights on all aspects of life. Beautifully written and illustrated, Emmanuel's Book I is to be treasured, enjoyed and passed on to a friend. Emmanuel says: "The gifts I wish to give you are my deepest love, the safety of truth, the wisdom of the universe and the reality of God The issue of whether there is a Greater Reality or not, for me at least, has been settled. I know that there is. So I will speak to you from the knowing that I possess." Ram Dass, in the introduction, says: "Being with Emmanuel one comes to appreciate the vast evolutionary context in which our lives are being lived And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'"

In this, his fourth big cookbook, the award-winning chef John Besh takes another deep dive into the charm and authenticity of creole cooking inspired by his hometown, New Orleans. Besh Big Easy: 101 Home-Cooked New Orleans Recipes, is a fresh and delightful new look at his signature food. Besh Big Easy will feature all new recipes and easy dishes, published in a refreshing new flexibound format and accessible to cooks everywhere. Much has changed since Besh wrote his bestselling My New Orleans in 2009. His restaurant empire has grown from two to twelve acclaimed eateries, from the highly praised Restaurant August to the just opened farm-to-table taqueria, Johnny Sanchez. John's television career has blossomed as well. He's become known to millions as host of two national public television cooking shows based on his books and of Hungry Investors on Spike TV. Besh Big Easy is dedicated to accessibility in home cooking and Orleans cuisine. "There's no reason a good jambalaya needs two dozen ingredients," John says. In this book, jambalaya has less than ten, but sacrifices nothing in the way of flavor and even offers exciting yet simple substitutions. With 101 original, personal recipes such as Mr. Sam's Stuffed Crabs, Duck Camp Shrimp & Grits, and Silver Queen Corn Pudding, Besh Big Easy is chock-full of the vivid personality and Louisiana flavor that has made John Besh such a popular American culinary icon. Happy eating!

Without the close, there is no sale. Pretty obvious, right? Yet, for many salespeople, closing is the most baffling and elusive part of the selling process. All too often, salespeople meet qualified clients and charm them with an eloquent presentation, only to see the sale mysteriously slip from between their fingers in the end. Which is sad when you consider all the hard work   the prospecting, preparation, planning, and practice   done for the sake of a moment of truth that never arrives. Fortunately, closing is an art that can be mastered, and now Sales Closing For Dummies shows you how. Packed with powerful principles that can help you become a top-producing salesperson, Sales Closing For Dummies is the ultimate guide to mastering that most mysterious part of the selling equation. Tom Hopkins, the legendary sales genius who, by age 30 was the nation's leading real-estate trainer, demystifies closing and shows what it takes to be a champion closer, including how to: Lead a sale without being pushy Read the signs of an interested potential buyer Use questioning methods that close sales, time and again Help clients feel good about their buying decisions Keep your clients' business and build their loyalty Build long-term relationships and watch your sales grow With the help of dozens of real-life examples from a wide cross section of industries, Tom shows why professional selling is about communication, not coercion. And he shares his considerable insight and experience on: Verbal and visual buying cues and how to recognize them Choosing the best location for closing Addressing concerns and creating a sense of urgency Time-tested tactics and strategies for ending customer procrastination, overcoming their fear, closing from a distance, and more The ten biggest closing mistakes and how to avoid them Add-on selling and other ways of getting your clients to help you to build your business Featuring Tom's Hopkins' trademark  Red Flag  key points and situation scripts, this fun, easy-to-understand guide arms you with the hands-on tools and techniques you'll need to become a world-class closer.

In Mordin On Time, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). Mordin On Time enables the reader to construct their own speed ratings wherever they live.

Fans of #1 New York Times bestselling author Lora Leigh's scorching Breed series first met Cassie as a little girl in Elizabeth's Wolf. Now Cassie has finally come into her own as a young woman, and she's about to discover the one she is destined for—but it is unclear whether her fate is to be mated for life, or marked for death... The Breeds are humans altered before conception with the DNA of the predators of Earth. But although they all carry the genetic material of beasts within them, Cassandra Sinclair stands apart. A unique mix of wolf, coyote and human, she is revered by many—but preyed upon by others. She is fiercely protected by her community...but no one manages to stop her when she slips away one day to offer her body in exchange for her sister's safety. The man she succumbs to surprises her by unleashing her inner animal in ways she never dreamed possible—and provokes her deep, furious rage. To Cassie's shock, he is the mate she has long awaited. She may never be able to forgive his deception. Still, as dangerous enemies track her, and as the threat of all-out war between Breeds and the humans who despise them hovers in the air, they must join forces and hold fast to each other. But the passionate union between them holds a potential that could change the world—and some will do anything to stop it...

Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of Greek Revival from the Garden: Growing and Cooking for Life, offers a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time.

This volume in the Kids of Canada series follows two children as they learn that sometimes the best way to get what you want is to share. Mike likes Jenny's bike, but he doesn't know how to ride one. He's too afraid to tell her that, so he tries to learn how to ride it on his own. That only makes trouble for them both. Mike and the Bike is a book for beginning readers that shows how young people can overcome their fears--together.

Who knew a trip to the therapist could be so much fun, even aesthetically rewarding? Beyond sharing feelings or complaining about your mother, Psychobook reveals the rich history of psychological testing in a fascinating sideways look at classic testing methods, from word-association games to inkblots to personality tests. Psychobook includes never-before-seen content from long-hidden archives, as well as reimagined tests from contemporary artists and writers, to try out yourself, at home or at parties. A great ebook for the therapist in your life and the therapist in you, for anyone interested in the history of psychology and psychological paraphernalia, or for anyone who enjoys games and quizzes. Psychobook will brighten your day and outlook. "As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

The Only Question Is Will Their Love Survive? When Sara and Jacob find out they're pregnant with a baby boy, nothing could make them happier. They were your typical expecting parents - deeply in love, deliriously excited to be starting a family. However, their hopes are dashed when the doctor gives a recommendation for Sara to take an AFT. Five words change their destiny forever... "Your son has Trisomy 21" Their perfect love story unexpectedly spirals into panic, and their dream shatters with it – devastating Sara. Jacob, confused and troubled with the situation, tries to prompt Sara into following the doctor's suggestion: terminate the pregnancy; assuring her that they can try again. Sara angry at even the thought of destroying the life inside of her, rejects him. Their love, marriage and future suddenly start to fall apart; sending them both on very different journeys... Chapter 1 - Bacon Sara stared out the window in awe. The branches of the trees in the backyard swayed back and forth in the light breeze, the sun's rays piercing through the leaves causing shadows to dance across the wilted grass. Sara practically floated around the kitchen in her excitement which filled the room along with the smell of the sizzling bacon she was cooking. After years of being married, Sara knew exactly how to rouse her husband from sleep, and she knew that the aroma would eventually coax him out of bed. Elated, she let out a girlish laugh. Today is going to be perfect, she thought. Sizzling and crackling sounds from the frying bacon echoed from the kitchen. She was certain that last pop would have woke him up but she didn't care because she was having too much fun. She let her hand rest on her pregnant belly, patting it affectionately. "I hope you like it out here," she murmured to herself and as if on cue, she felt a tiny flutter in her stomach. Being pregnant was unlike any other chapter of her life, she had never felt more purposeful. She felt like a mess of contradictions. Completely afraid and simultaneously stronger than ever. Powerful, yet unattractive but her mother-in-law had assured her that it was all just the hormones. It didn't stop her from feeling like a thanksgiving turkey, although she did appreciate everyone's attempt at making her feel better. It wasn't long before Jacob's head peeked around the corner, sleepy eyed and resembling more of a toddler than a grown man. His golden hair was creased in the middle, pointing up on one side and flattened on the other. He flashed a smile at her, "What's all this?" She chuckled, "You have some serious bed head Mr. Michaels." Without a word he came up behind her, wrapping his arms around her waist and placing his hands on her stomach. "Should you really be standing up for such a long time, Mrs. Michaels?" "I'm fine Jacob," she replied. "Besides the doctor said walking is healthy for me and the baby, so standing shouldn't hurt." She laughed patting his cheek playfully. He left a butterfly kiss where her fingers brushed against his lips. "Well, if physical activity is helpful..." Her grin gave way to a full smile as she reached back to swat him. After a short pause he continued, "Seriously, do you know what would make this day better?" She raised her eyebrow, expecting him to say something suggestive (which was typical of him). He spun her around in his arms so that she was facing him, her belly protruded slightly between them making him hold her awkwardly but he went on pretending she didn't notice. "I was just going to say, what would make this day better..." he trailed off looking deeply into her eyes. "is finding out we're having a boy today." She let out a bark of laughter "Really, that's not where I thought you were going with that."

What Kids Do by Mary Engelbreit is a joyously simple celebration-through art and poignant words-of the endless little ways that children bring warmth into our hearts and light into our world. Mary Engelbreit has always had an uncanny ability to capture the quintessential moments of childhood-moments that express exhilaration, playfulness, curiosity, willfulness, high spirits, friendship, and of course, abiding love. In What Kids Do, these images are presented in a strikingly fresh format and paired with short, lively reminders of all the simple little ways kids make us smile and enrich our lives.

Ever since its establishment by USDA regulation in the mid-1980s, the Institutional Animal Care and Use Committee (IACUC) has evolved as the premier instrument of animal welfare oversight within research institutions in the United States. As biomedical research continuously grows, the role and impact of the IACUC has increased in scope and complexity. The IACUC Handbook has become "the Bible" for individuals when the time comes for them to serve on their institution's IACUC. It provides a foundation for understanding and implementing the many and varied responsibilities of this committee. This Third Edition comprehensively addresses the significant changes in the pertinent regulatory environment and interpretation of applicable federal laws, regulations, and policies. It provides multiple references and commentary on the new edition of the Guide for the Care and Use of Laboratory Animals, the new AVMA Guidelines for the Euthanasia of Animals: 2013 Edition, and the Office of Laboratory Animal Welfare's Frequently Asked Questions. The Third Edition also features an updated survey of IACUC practices from institutions around the United States, offering wisdom gained from their experience. In addition, it includes a chapter that provides an international perspective on how animal welfare reviews can function in other countries.

Neo-Hasidism applies the Hasidic masters' spiritual insights—of God's presence everywhere, of seeking the magnificent within the everyday, in doing all things with love and joy, uplifting all of life to become a vehicle

of God's service—to contemporary Judaism, as practiced by men and women who do not live within the strictly bounded world of the Hasidic community. This first-ever anthology of Neo-Hasidic philosophy brings together the writings of its progenitors: five great twentieth-century European and American Jewish thinkers—Hillel Zeitlin, Martin Buber, Abraham Joshua Heschel, Shlomo Carlebach, and Zalman Schachter-Shalomi—plus a young Arthur Green. The thinkers reflect on the inner life of the individual and their dreams of creating a Neo-Hasidic spiritual community. The editors' introductions and notes analyze each thinker's contributions to Neo-Hasidic thought and influence on the movement. Zeitlin and Buber initiated a renewal of Hasidism for the modern world; Heschel's work is quietly infused with Neo-Hasidic thought; Carlebach and Schachter-Shalomi re-created Neo-Hasidism for American Jews in the 1960s; and Green is the first American-born Jewish thinker fully identified with the movement. Previously unpublished materials by Carlebach and Schachter-Shalomi include an interview with Schachter-Shalomi about his decision to leave Chabad-Lubavitch and embark on his own Neo-Hasidic path.

The new edition of Gene Control has been updated to include significant advances in the roles of the epigenome and regulatory RNAs in gene regulation. The chapter structure remains the same: the first part consists of pairs of chapters that explain the mechanisms involved and how they regulate gene expression, and the second part deals with specific biological processes (including diseases) and how they are controlled by genes. Coverage of methodology has been strengthened by the inclusion more explanation and diagrams. The significant revision and updating will allow Gene Control to continue to be of value to students, scientists and clinicians interested in the topic of gene control.
