A PASSION FOR POETRY Why poetry? Why has this ancient craft existed throughout time, continuing even into our fast-paced age of moderncy and technology? Perhaps two reasons: 1) The human condition still demands we ask who we are, what we are and why we are; and 2) space is limited in this form of writing requiring the poet reduce his thoughts into a quick-read format. Puns, pundits, quotes, poetry and prose capsulate 90% of everything the human race believes to be important and true Poets are avatars who define the nature and meaning of our roles. BASEBALL FAQ: ALL THAT'S LEFT TO KNOW ABOUT AMERICA'S PASTIME

Ride with a father and his son on an amazing journey through America's past. In the summer of 1939, with the nation balanced between the Great Depression and the gathering winds of war, young Jack Newkirk set off on a rickety Harley

to see both the New York and San Francisco World's Fairs. He had no way of knowing it was to be the autumn of his youth, and that his entire generation would soon be thrust into the most devastating conflict in history. Seven decades later, author John J. Newkirk retraces this epic ride with his father, Jack, in a silent hope the old soldier will still be proud of the America he fought for. Each mile brings discovery as the author learns of his namesake, the heroic Squadron Leader of the legendary Flying Tigers, and of his father's life on the road and in the jungles of the South Pacific during World War II. The result is quintessential Americana, a sweeping portrait of the grit, guts, ingenuity, and sacrifice that defined a nation, and a timely lesson from the Greatest Generation on how we can overcome our most pressing challenges and reclaim the American Dream.

This volume is an inquiry into the complex relationship of the prophetic texts and Israelite history. Taken as a whole, the book provides a "round-table" discussion that examines the thesis that the study of prophetic literature (i.e., Isaiah, Jeremiah, Ezekiel, and the Twelve) and the history of Israel are best undertaken in interaction with one another. This topic appropriately honors John Hayes's long-standing scholarly contributions in prophetic interpretation and historical research, as well as his interest in the possibilities of the intersection of these two areas. The volume also promises to contribute to the body of knowledge about prophets and Israel's past in general by affording twenty-four historians and prophetic scholars the opportunity to explore their areas of interest in fresh ways while in dialogue with a central thesis. All twenty-four contributors have engaged John's ideas about prophets and/or history as students, colleagues, or in their research and publications. Thus, the question of what impact the fields of prophetic research and Israelite history can and should have on one another unites the articles. The book's individual parts, however, are contributions of historians and prophetic scholars who enter the discussion from their own perspectives and examine the possibilities and problems of the intersection of these two topics. The articles from historians will focus on questions about the usefulness of prophetic texts for reconstructing Israel's history, and will also branch out and address topics such as the social location of the prophets and the benefits of other ancient texts, as well as archaeology, to understanding the prophets. Scholars coming from the prophetic "side" will offer different perspectives on prophetic identity, experience, and rhetoric, and their possible correlations with historical contexts. These articles will engage broad issues

such as how history may form the "context of prophets' thought" (to quote contributor J. Gordon McConville), and will explore specific texts and issues drawn from Isaiah, Jeremiah, Ezekiel, Hosea, Amos, Zechariah, along with Daniel and Deuteronomy.

Something has changed. After the horrors of World War II, people everywhere believed that it could never happen again, but today the evidence is unmistakable that anti-Semitism is dramatically on the rise once more. The torching of European synagogues, suicide terror in Israel, the relentless comparison of the Israelis to Nazis, the paranoid post-September 11 Internet-bred conspiracy theories, the Holocaust-denial literature spreading throughout the Arab world, the calumny and violence erupting on American college campuses: Suddenly, a new anti-Semitism has become widespread, even acceptable to some. In this chilling and important new book, Ron Rosenbaum, author of the highly praised *Explaining Hitler*, brings together a collection of powerful essays about the origin and nature of the new anti-Semitism. Paul Berman, Marie Brenner, David Brooks, Harold Evans, Todd Gitlin, Jeffrey Goldberg, Bernard Lewis, David Mamet, Amos Oz, Cynthia Ozick, Frank Rich, Jonathan Rosen, Edward Said, Judith Shulevitz, Lawrence Summers, Jeffrey Toobin, and Robert Wistrich are among the distinguished writers and intellectuals who grapple with painful questions: Why now? What is—or isn't—new? Is a second Holocaust possible, this time in the Middle East? How does anti-Semitism differ from anti-Zionism? These are issues too dangerous to ignore, too pressing to deny. *Those Who Forget the Past* is an essential volume for understanding the new bigotry of the twenty-first century.

Essays that consider how classic movies have reflected history include the writings of such noted historians as Paul Fussell, Antonia Fraser, and Gore Vidal. What if Montezuma's lost treasure really existed? What if, nestled in a hidden cave in the side of a Mexican mountain, a 400 hundred year old gallant Aztec warrior protects Montezuma's treasure. Frozen in time, he waits for the one descendant to lead his people from their misery. And what if that clever descendant--Aguila--learns of the treasure and how to get it. He restores the Aztec sacrificial religion and cons his people into believing and accepting it. But his altruistic goals weakens. Only greed remains. Two gold statues are keys to the hiding place of the treasure. He steals one from a seaside fishing village

protected by an American, Adam Foster. Adam Foster is no greenhorn when it comes to protecting his adopted people. He knows how to fight. And won't give up until he prevails. He finds help from the strangest people and places and follows Aguila toward the hidden cave. Tortuous jungles, captivity, fights to the death, deadly rivers, knife duels, deserts, beheadings, and overcoming obstacles on the way that would stop the average man, are the main element of this story that leads Adam to his final rendezvous with Aguila . . . and THE LAST AZTEC.

In 1945, the United States was the most powerful nation in the world. But an "Iron Curtain" soon surrounded Eastern Europe, and by 1950, Americans were fighting in Korea. In 1952, "I Like IKE!" swept the nation, and the Fabulous Fifties began. GM sold the most cars, gas was 29 cents a gallon, and a new house cost \$9,000. In 1955, following President Eisenhower's "mild" heart attack, America's favorite "sick joke" had Vice President Dick Nixon greeting Ike at the White House by saying, "Welcome back. . . May I race you up the stairs?" The Fabulous Fifties of Marilyn Monroe and Elvis Presley gave way to riots, Hippies, and The Beatles during the Radical Sixties. The 1960's began with JFK's "New Frontier," grew into LBJ's "Great Society" and the Vietnam War, and ended with Nixon's "Silent Majority" and men on the moon. Soon, Nixon resigned, Ford stumbled, Carter's brother sold "Billy Beer," and the star of Bedtime for Bonzo led the popular "Reagan Revolution." In 1989, Reagan's "Evil Empire" collapsed. Soon, George Bush was victorious over Iraq and Panama, and lost to Bill Clinton in 1992. Clinton was eventually impeached, and was later replaced by another Bush. Want more details? Read my book.

Global in scope, but refusing a familiar totalizing theoretical framework, the essays in *The Politics of Culture in the Shadow of Capital* demonstrate how localized and resistant social practices—including anticolonial and feminist struggles, peasant revolts, labor organizing, and various cultural movements—challenge contemporary capitalism as a highly differentiated mode of production. Reworking Marxist critique, these essays on Asia, Latin America, the Caribbean, North America, and Europe advance a new understanding of "cultural politics" within the context of transnational neocolonial capitalism. This perspective contributes to an overall critique of traditional approaches to modernity, development, and linear liberal narratives of culture, history, and democratic institutions. It also frames a set of alternative social practices that allows for connections to be made between feminist politics among immigrant women in Britain, women of color in the United States, and Muslim women in Iran, Egypt, Pakistan, and Canada; the work of subaltern studies in India, the Philippines, and Mexico; and antiracist social movements in North and South America, the Caribbean, and Europe. These connections displace modes of opposition traditionally defined in relation to the modern state and enable

a rethinking of political practice in the era of global capitalism. Contributors. Tani E. Presents a collection of uplifting true stories celebrating the relationships between humans and animals, from horses and moose to dogs and cats. A controversial tale of friendship and tragedy during the Great Depression A Penguin Classic Over seventy-five years since its first publication, Steinbeck's tale of commitment, loneliness, hope, and loss remains one of America's most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the Great Depression, grasp for their American Dream. They hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. Of Mice and Men represents an experiment in form, which Steinbeck described as "a kind of playable novel, written in a novel form but so scened and set that it can be played as it stands." A rarity in American letters, it achieved remarkable success as a novel, a Broadway play, and three acclaimed films. This edition features an introduction by Susan Shillinglaw, one of today's leading Steinbeck scholars. For more than seventy years, Penguin has been the leading publisher of classic

literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Currently, 42.6 million people in the United States are sixty-five or older. America is not the nicest place to grow old; so much emphasis is placed on youth. However, seniors have a lot to contribute to the world. In *Grow Old along with Me*, author Mark S. Milwee offers a touching and inspiring Christian commentary that speaks to the value of accepting and welcoming elderly Christians to the church. He shares his own experience in the pastoral ministry as he documents the contributions of the faithful elderly and encourages us to follow their example. Milwee shows seniors how they can be a blessing to others as they grow older and how to add value to those around them as they enter the twilight years. He helps them understand that respect must be earned instead of demanded. *Grow Old along with Me* reminds all that senior adults are a valuable asset to any church and deserve to be valued, cherished, and treated with dignity and respect. It encourages seniors to make the decision to grow old gracefully and seeks to bring comfort to those who are facing death in the near future.

Review"Of Mice and Men is a thriller, a gripping tale running to novelette length that you will not set down until it is finished. It is more than that; but it is that. . . . [London]--This text refers to the Hardcover edition.About the AuthorJohn Steinbeck, born in Salinas, California, in 1902, grew up in a fertile agricultural valley, about twenty-five miles from the Pacific Coast. Both the valley and the coast would serve as settings for some of his best fiction. In 1919 he went to Stanford University, where he intermittently enrolled in literature and writing courses until he left in 1925 without taking a degree. During the next five years he supported himself as a laborer and journalist in New York City, all the time working on his first novel, Cup of Gold (1929).After marriage and a move to Pacific Grove, he published two California books, The Pastures of Heaven (1932) and To a God Unknown (1933), and worked on short stories later collected in The Long Valley (1938). Popular success and financial security came only with Tortilla Flat (1935), stories about Monterey's paisanos. A ceaseless experimenter throughout his career, Steinbeck changed courses regularly. Three powerful novels of the late 1930s focused on the California laboring class: In Dubious Battle (1936), Of Mice and Men (1937), and the book considered by many his finest, The Grapes of Wrath (1939). The Grapes of Wrath won both the National Book Award and the Pulitzer Prize in 1939.Early in the 1940s, Steinbeck became a filmmaker with The Forgotten

Village (1941) and a serious student of marine biology with *Sea of Cortez* (1941). He devoted his services to the war, writing *Bombs Away* (1942) and the controversial play novelette *The Moon is Down* (1942). *Cannery Row* (1945), *The Wayward Bus* (1948), another experimental drama, *Burning Bright* (1950), and *The Log from the Sea of Cortez* (1951) preceded publication of the monumental *East of Eden* (1952), an ambitious saga of the Salinas Valley and his own family's history. The last decades of his life were spent in New York City and Sag Harbor with his third wife, with whom he traveled widely. Later books include *Sweet Thursday* (1954), *The Short Reign of Pippin IV: A Fabrication* (1957), *Once There Was a War* (1958), *The Winter of Our Discontent* (1961), *Travels with Charley in Search of America* (1962), *America and Americans* (1966), and the posthumously published *Journal of a Novel: The East of Eden Letters* (1969), *Viva Zapata!* (1975), *The Acts of King Arthur and His Noble Knights* (1976), and *Working Days: The Journals of The Grapes of Wrath* (1989). Steinbeck received the Nobel Prize in Literature in 1962, and, in 1964, he was presented with the United States Medal of Freedom by President Lyndon B. Johnson. Steinbeck died in New York in 1968. Today, more than thirty years after his death, he remains one of America's greatest writers and cultural figures.
