New York Times bestseller! A New York Times Notable Book The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the lessons she learned both about human nature and herself. —The Washington Post It's true that Maria Konnikova had never actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner convinced her to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from her new pursuit, including how to better read, not just her opponents but far more importantly, emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and to headlines like "How one writer's book deal turned her into a professional poker player." She even learned to like Las Vegas. But human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will keep us moving through many a dark patch, until the luck once again breaks our way.

Eli Monpress is talented. He's charming. And he's a thief. But not just any thief: He's the greatest thief of the age, and he's also a wizard. And with the help of his partners - a swordsman with the most powerful magic sword in the world, and a demoneeod who can step through shadows and punch through walls - he's going to put his grand plan into effect. Because Eli won't rest until he's amassed a fortune. Step one in his plan is to increase the bounty on his head, so he'll need to steal some big things. He'll start one will miss - at least for a while. Like a King. . . This omnibus edition contains: THE SPIRIT THIEF, THE SPIRIT REBELLION and THE SPIRIT EATER

Warrior. Samurai. Legend. “A readable, compassionate account of an extraordinary life.” —The Washington Post The remarkable life of history's first foreign-born samurai, and his astonishing journey from Northeast Africa to the heights of Japanese society. When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages. Literally caught a riot. Most Japanese people had never seen an African man before, and many of them saw him as the embodiment of the black-skinned (in local tradition) Buddha. Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan's martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels between countries, cultures and classes offers a new perspective on race in world history and a vivid portrait of life in medieval Japan.

2020 SABR Seymour Medal 2019 CASEY Award for Best Baseball Book of the Year Buck O'Neil once described him as “Ty Cobb, Babe Ruth, and Tris Speaker rolled into one.” Among experts he is regarded as the best player in Negro Leagues history. During his prime he became a legend in Cuba and one of black America’s most popular figures. Yet even among serious sports fans, Oscar Charleston is virtually unknown today. In a long career spanning from 1915 to 1954, Charleston played against, managed, befriended, and occasionally fought men such as Lou Gehrig, Jimmie Foxx, Lefty Grove, Satchel Paige, Josh Gibson, Jesse Owens, Roy Campanella, and Branch Rickey. He displayed tremendous power, speed, and defensive instincts along with a fierce intelligence and commitment to his craft. Charleston’s competitive fire sometimes brought him trouble, but more often it led to victories, championships, and profound respect. While Charleston never played in the Major Leagues, he was a trailblazer who became the first black man to work as a scout for a Major League team when Branch Rickey hired him to evaluate players for the Dodgers in the 1940s. From the mid-1920s on, he was a player/manager for several clubs. In 1932 he joined the Pittsburgh Crawfords and would manage the club many consider the finest Negro League team of all time, featuring five future Hall of Famers, including himself, Cool Papa Bell, Josh Gibson, Jody Johnson, and Satchel Paige. Charleston’s combined record as a player, manager, and scout makes him the most accomplished figure in black baseball history. His mastery of the quintessentially American sport under the conditions of segregation revealed what was possible for black achievement, bringing hope to millions. Oscar Charleston introduces readers to one of America’s greatest and most fascinating athletes.

The twelfth book in the beloved, bestselling Redwall saga – soon to be a major Netflix movie! Martin the Warrior leaves Redwall Abbey on a journey to discover the truth about Luke, the father he barely knew. His voyage takes him home to the northland shore where, from a dusty old book, he learns of Luke’s dramatic pursuit of the evil pirate stoat, Vilu Daskar. From the editor-in-chief of Easyriders magazine, One Percenter presents an unprecedented social analysis of American outlaw biker culture. A longtime biker and self-proclaimed nonconformist, Dave Nichols is not a subtle man. “Bikers are the last wolves in a land of sheep,” he affirms—but the motivations of today’s biking culture stretch far back into the annals of human history. One Percenter: The Legend of the Outlaw Biker illuminates the origins of rebel mentality, which began far outside of cycling; with groups from the Mongols and Huns to the Vikings, from pirates to the sunsplinters of the Old West. In his signature no-nonsense style, Nichols traces his own delirant mindset from ancient times all the way into the modern era, where this one-percenter perspective is best embodied by outlaw bikers. As biographical as it is insightful, One Percenter also touches on the iconic Harley-Davidson brand, which has become a staple of American popular culture. Nichols offers a fascinating and analytical discussion of the rebel ethos that has become a staple of American popular culture. The final chapter of the outlaw biker, One Percenter Revolution rubs noses with modern rebels that are reviving the rebel attitudes of decades passed. Definitely don’t pass these guys on the highway. One Percenter Revolution: Riding Free in the 21st Century finishes the trilogy startedby best-selling author and editor of Easyriders magazine Dave Nichols with One Percenter: The Legend of the Outlaw Biker and the One Percenter Code: How to Be an Outlaw in a World Gone Soft. One Percenter Revolution introduces readers to a whole new generation of rebels dedicated to living on the edge and letting their freak flags fly! The book is populated with nonconformists, from 20-something bikers breathing new life into the 1970s outlaw lifestyle, to city-dwelling café racers who ride the razor’s edge. From Euro parkour disciples of danger to wing suited batmen, this revolution is gaining in momentum like a rat rod doing a smoky burnout. One Precenter Revolution follows a whole new generation of wolves thriving in a land of sheep. Sons of Anarchy has inspired young people to don leathers and twist the grip on stripped down motorcycles, looking to quell their thirst for rebellion, and films like Mad Max: Fury Road preaches to would-be War Boys, the stage is set to explore the evolution of outlaw bikers and the revolution of the modern savage.

The New Age of Biking & Brotherhood

The Legend of Broken

A world of power-hungry Alphas, centuries-old traditions and avenging Gods!Invaders. Barbarians. Admired or feared, those names are on everyone's lips. One by one, kings are brought to their knees and Dragons reign supreme...so why do they seem willing to negotiate with the Southern Empire?An army of warriors about to invade the realm and a convent plotting in the darkness.Kiara, the youngest daughter of a powerful leader, knows she must spend the most of every minute spent with her clan. For in the realm of the south, Omegas don't hold the key to their own destiny.Soon, she finds herself entangled in a war where no one will emerge victorious. Bartered and betrayed, she must uncover the truth behind a long-forgotten prophecy if she wants to outwit the gods lurking in the shadows and escape the future her father has arranged for her. -- Has her fate already been sealed or will one invader thwart the Gods' plan?Her name will be remembered by all. From the night of the Masks of Turquoise up until the end of our civilization, children will listen to the tales of Kiaracıin and her mate.**** The Omega's Prophecy is a slow-burn, epic style Omegaverse, set in a world of forbidden forests and mysterious temples. This is the first book in the Legend of Gods series. ***

American Biker: The History, The Clubs, The Lifestyle. The Truth is the long-awaited new work by Bill Hayes, author of the bestselling The Original Wild Ones: Tales of the Boosefighters Motorcycle Club.Expanding upon filmmaker Randall Wilson's documentary, American Biker, Hayes' book is perhaps the most comprehensive and introspective look at the biker world ever compiled. American Biker, the book, takes the four elements of its subtitle—the history, the clubs, the lifestyle, and the truth—and delivers on each with powerful impact.The History of the machine itself is there, of course, but more importantly, American Biker delivers a history of the motorcycle culture told from the inside: from those who have truly lived it.The Clubs-the MC-are reverently explored with an honest voice that doesn't come from law enforcement infiltrators, snitches, money-oriented opportunists, biased media, or anyone else on the outside of the culture.The Lifestyle-the image-is also examined; from the often fantasy-driven entertainment industry, to the weekend-warriors, to those who have truly made "all of this" a way of life.And because it is written from the inside, The Truth on all issues and aspects of the biker world is never compromised—even when discussing controversial topics. From club politics to "Property of" patches, from cop clubs to racism, American Biker never backs down.The "voices" of truth in American Biker include former United States Senator Ben Nighthorse Campbell; Easyriders Europe Editor, Michael Stein; actor and biker Robert Patrick; Motorcycle Hall of Famers John "Rogue" Herlihy and Keith Ball; President of the mother chapter of the Hessians MC, "Spike"; longtime member and officer of the Vietnam Vets MC, "Popeye"; documentary filmmaker Randall Wilson; bikers "on the street," from Daytona to Sturgis to Hollister; and many, many more.The voice of author Bill Hayes is also heard loudly throughout, as it relates years of personal experiences. As it decries media exploitation and distortion. As it lays bare the never-ending battles between law enforcement and bikers. And as it speaks with genuine emotion and pure love and respect for the biker culture.American Biker is a must-read for anyone wanting to truly understand the biker lifestyle.

Featuring more than seventy-five photographs and almost a dozen rarely seen videos from Rin Tin Tin's legendary career, this Enhanced eBook edition of Susan Orlean's Rin Tin Tin vividly illustrates the life and legacy of the canine hero. He believed the dog was immortal. So begins Susan Orlean's sweeping, powerfully moving account of Rin Tin Tin's journey from orphaned puppy to movie star and international icon. A star of the silent film era, Rin Tin Tin was hailed as "a national treasure" by The Washington Post, spent nearly ten years researching and reporting her most captivating book to date: the story of a dog who was born in 1918 and never died. It begins on a battlefield in France during World War I, where a young American soldier, Les Duncan, discovered a newborn German shepherd in the ruins of a bombed-out dog kennel. To Duncan, who came of age in an orphanage, the dog's survival was a miracle. He saw something in Rin Tin Tin that he felt compelled to share with the world. Duncan brought Rinty home to California, where the dog's athleticism and acting ability drew the attention of Warner Bros. Over the next ten years, Rinty starred in twenty-three blockbuster silent films that saved the studio from bankruptcy and made him the most famous dog in the world. At the height of his popularity, Rin Tin Tin was Hollywood's number one box office star. During the decades that followed, Rinty and his descendants rose and fell with the times, making a tumultuous journey from silent films to talkies, from black-and-white to color, from radio programs to one of the most popular television shows of the baby boom era, The Adventures of Rin-Tin-Tin. The canine hero's legacy was cemented by Duncan and a small group of others—including Bert Leonard, the producer of the TV series, and Daphne Hereford, the owner of the current Rin Tin Tin—who have dedicated their lives to making sure the dog's legend will never die. At its core, Rin Tin Tin is a poignant exploration of the enduring bond between humans and animals. It is also a richly textured history of twentieth-century entertainment and entrepreneurship. It spans ninety years and explores everything from the shift in status of dogs from working farmhands to beloved family members, from the birth of obedience training to the evolution of dog breeding, from the rise of Hollywood to the past and present of dogs in war. Filled with humor and heart and moments that will move you to tears, Susan Orlean's first original book since

The Orchid Thief is an irresistible blend of history, human interest, and masterful storytelling—a dazzling celebration of a great American dog by one of our most gifted writers.

"Aware of the racial tumult in the years after the passage of the Chinese Exclusion Act, Mei tries to remain blissfully focused on her job, her close friendship with the camp foreman's daughter, and telling stories about Paul Bunyan--reinvented as Po Pan Yin (Auntie Po), an elderly Chinese matriarch"--

DiVIn The One Percenter Code, best-selling Motorbooks author and editor of Easyriders magazine Dave Nichols takes up where he left off in One Percenter: The Legend of The Outlaw Bikers. Nichols takes readers inside the world of outlaw motorcycle clubs and pulls back the secretive curtain on the biker lifestyle. He explores the concept of brotherhood, ultimately arriving at a new definition of family and community in the process. Being a member of a one percenter motorcycle club requires extreme discipline; in this book, Nichols shows us what that life offers in return./div Nichols delves into the one percenter code of conduct and honor and finds something that is sorely lacking in modern society. In this book, he shows us how we can apply those values in our own lives. The world of the outlaw biker has its own rough-hewn rules of order, and The One Percenter Code acts as a guidebook to that truth-, honor-, and brotherhood-based world.

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements.A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day.A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth.A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

Ever wonder how the Hells Angels got their name, or about that little demonic critter on the Pagan's patch? What about the local one-percenter motorcycle club that hangs out at the corner bar? What goes on there? This book answers these questions and more. The One-Percenter Encyclopedia: The World of Outlaw Motorcycle Clubs from Abyss Ghosts to Zombies Elite features concise entries that include information on founding chapters, founding dates, number of chapters and members, club and leadership biographies, and more. This book covers all the major clubs--Hells Angels, Outlaws, Pagans, Mongols, Vagos--as well as lesser-known clubs from around the world.

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi’s masterpiece, adding more than 100 pages of newly translated text. Davis’s elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as The Kite Runner and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Golden Legend

Hyena Queen

The definitive collection of first-hand accounts of the world's outlaw motorcycle gangs Outlaw bikers consider themselves 'the last free people in society', unconstrained by the regulations that rule ordinarycitizens. And they guard their privacy jealously. Drawing on 17 years of studying and participating in biker culture, Arthur Veno has compiled the ultimate collection of original biker writing. Here are insider accounts of landmark incidents in bike folklore, plus reprints of classic writing from biker-originated magazines, handouts, websites and bands. Gangs featured include the Bandidos, Hells Angels, Henchmen MC, the Outlaws, the Mongols, Annihilators, the Diablos, Gypsy Jokers, the Rebels, the Straight Satans, and the Vagos. And with contributors such as Freewheelin' Frank (one-time secretary of Hells Angels), Edward Winterhalder (among the most powerful members of the Bandidos), and Sonny Berger (founder of the Hell's Angels).Also included are those rare accounts by outsiders that have managed successfully to 'look in' on the gangs: including Hunter S. Thompson in his 'Hell's Angels - A Strange and Terrible Modern Saga'; William Queen the undercover agent who infiltrated America's violent outlaw motorcycle gang the Mongols; and Daniel R. Wolf's account of riding with the Rebels.

Two days after Christmas in 1738, a British merchant ship traveling from Rotterdam to Philadelphia grounded in a blizzard on the northern tip of Block Island, twelve miles off the Rhode Island coast. The ship carried emigrants from the Palatinate and its neighboring territories in what is now southwest Germany. The 105 passengers and crew on board-sick, frozen, and starving-were all that remained of the 340 men, women, and children who had left their homeland the previous spring. They now found themselves castaways, on the verge of death, and at the mercy of a community of strangers whose language they did not speak. Shortly after the wreck, rumors began to circulate that the passengers had been mistreated by the ship's crew and by some of the islanders. The stories persisted, transforming over time as stories do and, in less than a hundred years, two terrifying versions of the event had emerged. In one account, the crew murdered the captain, extorted money from the passengers by prolonging the voyage and withholding food, then abandoned ship. In the other, the islanders lured the ship ashore with a false signal light, then murdered and robbed all on board. Some claimed the ship was set ablaze to hide evidence of these crimes, their stories fueled by reports of a fiery ghost ship first seen drifting in Block Island Sound on the one-year anniversary of the wreck. These tales became known as the legend of the Palatine, the name given to the ship in later years, when its original name had been long forgotten. The flaming apparition was nicknamed the Burning Ship. One of its legends has been witnessed by hundreds of people over the centuries, and numerous scientific theories have been offered as to its origin. Its continued reappearances, along with the attention of some of nineteenth-century America's most notable writers-among them Richard Henry Dana Sr., John Greenleaf Whittier, Edward Everett Hale, and Thomas Wentworth Higginson-has helped keep the legend alive. This despite evidence that the vessel, whose actual name was the Princess Augusta, was never abandoned, lured ashore, or destroyed by fire. So how did the rumors begin? What really happened to the Princess Augusta and the passengers she carried on her final, fatal voyage? Through years of painstaking research, Jill Fainell constructs the origins of one of New England's most chilling maritime mysteries.

In 1969 a man walked upon the moon, the Woodstock music festival was held in upstate New York, Richard Nixon was sworn in as the president of the United States, the Beatles made their last public appearance, as did, after a fashion, Jody Garland, Dwight D. Eisenhower, Boris Karloff, Joseph P. Kennedy, and Jack Kerouac, all of whom passed away that year. Something else passed away that year. In early July, just days before the moon landing, a low-budget exploitation movie, EasyRider, was released. It's astonishing and wholly unexpected success almost single-handedly destroyed the Hollywood studio system which had been controlling the entertainment industry for half a century. Its success would ultimately change the way movies would be made, and who made them, as well as how those movies looked and sounded, and which audiences those movies would be made for. Additionally, the film's innovative techniques; including extensive location shooting, unexplained editing juxtapositions, improvised dialogue, and innovative use of popular music, would change the vocabulary and language of cinema forever. Easy Rider: 50 Years of Looking for America will tell the story of Easy Rider on the fiftieth anniversary of its explosive release. Through published interviews, previously undiscovered archival materials, and new reflections by the participants, the whole story of Hollywood's first true counterculture movie will be revealed for the first time ever.

A morally profound chamber piece, A Legend of the Future is a critique of morality. It takes place inside a spaceship after a crash takes place during a failed mission to Titan, one of the Saturn moons. The journey home forces the crew to face its innermost fears while coexisting with each other in a state of desperation. This mesmerizing novel, recalling Arthur C. Clarke's 2001: Space Odyssey, is a roman a clef about the intense pressures—economic, ideological, psychological—inside Socialist Cuba. Praise for A Legend of the Future: "The best science fiction writer in Cuba... the only possible debate is which of his works is the best.... His trilogy of spiral, A Legend of the Future, and Year 200 is still the best of Cuban science fiction.... With a very refined style and well-established scientific background, Agustín's work surprises through its humanistic content. His concerns surrounding the meaning of life and the evolution of human beings put him in a privileged place among national writers." —Cuenta Regresiva "The best and most popular novelist of this genre that the Island has ever given.... He is considered one of the principal exponents of Cuban science fiction, and he was undoubtedly the one who knew how to best combine solid scientific formation as plots and attractive characters with a confidence well-based in humanity's socialist future." —Yoss "One of the best science fiction writers in Cuba—and, until [his death], one of the best Cuban story tellers alive.... Today Agustín de Rojas' work, from Spiral through Catholics and Society, is admired by cult readers, pro-government thinkers, and elitists alike." —Félix Luis Viera, Cubaencuentro "The most elevated figure in Cuban science fiction." —Axxón Agustín de Rojas (1949-2011) is the patron saint of Cuban science fiction. A professor of the history of theater at the Escuela de Instructores de Arte in Villa Clara, he is the author of a canonical trilogy of novels: Espiral (Spiral, 1982), for which he was awarded the David Prize; La leyenda del futuro (The Legend of the Future, 1985) and El año 200 (The Year 200, 1990), all scheduled for publication in English translation by Restless Books. While influenced by Ray Bradbury and a translator of Isaac Asimov into Spanish, he aligned himself with the Soviet line of socialist realism defined by the brothers Arkady and Boris Strugatsky as well as by Ivan Antonovich Yefremov, author of The Andromeda Nebula, made into a movie directed by Yevgeni Sherstobitov and admired by de Rojas. In Cuban literature, he is said to have begun writing after reading Miguel Collazo's El viaje (The Journey). After the fall of the Soviet Union, de Rojas stopped writing science fiction and embraced other themes such as Christianity, about which he wrote a novel called El publican (1997), about the disciples of Jesus Christ, that was awarded the Dulce Maria Loynz Prize. He spent his last years persuaded—and persuading others—that Fidel Castro did not exist. Nick Caistor is a British journalist, non-fiction author, and translator of Spanish and Portuguese literature. He has translated Cesar Aira, Paulo Coelho, Eduardo Mendoza, Juan Marsé, and Manuel Vázquez Montalbán, and he has twice won the Valle-Inclán Prize for translation. He regularly contributes to Radio 4, the BBC World Service, the Times Literary Supplement, and the Guardian. He lives in Norwich, England.

The Food and Nutrition Board's Guide to Reducing Your Risk of Chronic Disease

Outlaw bikers and 11er motorcycle clubs have always carefully guarded their privacy, however in recent years more and more books have come to be written by and about outlaw bikers, the lifestyle, and the realities of life inside the patched motorcycle club world. This anthology brings together some of the best authors in the world, who have recently written about motorcycle clubs, outlaw bikers and the biker culture. It features excerpts from internationally well-known authors such as Peter Edwards, Tony Thompson, Edward Winterhalder and Iain Parks, but also contains literary work from those who are relatively unknown and those who have only achieved recognition on a local scale. Covering both factual accounts of life inside clubs such as the Hells Angels, Satan's Choice, Bandidos, Rock Machine, and the Outlaws, as well as leading examples of biker based fiction that explore the images of bikers and crucial themes such as loyalty, respect and honor, this compilation is intended to introduce the reader to the secretive world of motorcycle clubs and outlaw bikers.

The name Boeing evokes vivid images, from the B-17 Flying Fortresses of World War II to the 707 and 747 jet transports that revolutionized air travel. Less well known: The Boeing Company built the first stage of the Saturn rocket that started men on the way to the moon, developed the Minuteman missile system, and is now designing America's space station. Boeing jets, in service around the globe, carry 675 million passengers annually—the equivalent of twelve percent of the world's population. Behind the statistics and the awe-inspiring aircraft is a company of paradoxes, a vast organization nimble enough to take daring market risks that have kept it at the top of its industry. Robert J. Serling, forty-five years an award-winning aviation writer, takes the reader behind the scenes with humor, objectivity, and abundant anecdotes: Boeing once went seventeen months without seeing a single domestic airplane crash. One of its legendary test pilots unexpectedly barrel-rolled a prototype jetliner, into which the company had sunk one-quarter of its net worth, because he thought the stunt would help sell the airplane. Legend and Legacy, Robert J. Serling's most ambitious work to date, reads like a novel, complete with memorable characters who, despite occasional stumbles, helped win the war and conquer the commercial skies: The salesman who almost traded a used 727 for \$12 million worth of underwear. The vice president who worked in a darkened office illuminated by a single, low-wattage light bulb. The gifted, driven engineers who did the impossible, by yesterday. Never in its seventy-five years has Boeing been so revealingly profiled. This book is must-reading for anyone fascinated by the history of aviation.

When shots ring out on the Grand Trunk Road in the fictional Pakistani city of Zamaar, Nargis's life begins to crumble around her. Soon her husband—and fellow architect—is dead and, under threat from a powerful military intelligence officer, she fears that a long-hidden truth about her past will be exposed. For weeks someone has been broadcasting people's secrets from the minaret of the local mosque, and, in a country where even the accusation of blasphemy is a currency to be bartered, the mysterious broadcasts have struck fear in Christians and Muslims alike. A revelatory portrait of the human spirit, in The Golden Legend, Nadeem Aslam gives us a novel of Pakistan's past and present—a story of corruption and resilience, of love and terror, and of the disguises that are sometimes necessary for survival.

Results from the National Research Council's (NRC) landmark study Diet and health are readily accessible to nonscientists in this friendly, easy-to-read guide. Readers will find the heart of the book in the first chapter: the Food and Nutrition Board's nine-point dietary plan to reduce the risk of diet-related chronic illness. The nine points are presented as sensible guidelines that are easy to follow on a daily basis, without complicated measuring or calculating—and without sacrificing favorite foods. Eat for Life gives practical recommendations on foods to eat and in a "how-to" section provides tips on shopping (how to read food labels), cooking (how to turn a high-fat dish into a low-fat one), and eating out (how to read a menu with nutrition in mind). The volume explains what protein, fiber, cholesterol, and fats are and what foods contain them, and tells readers how to reduce their risk of chronic disease by modifying the types of food they eat. Each chronic disease is clearly defined, with information provided on its prevalence in the United States. Written for everyone concerned about how they can influence their health by what they eat, Eat for Life offers potentially lifesaving information in an understandable and persuasive way. Legend

A Motorcycle Outlaw's Tale

The story, outrageous but true, of John Hall, a Harley-riding hell raiser who founded the Pagans, a club the FBI called "the most violent criminal organization in America."

Antonio Perez is the son of a knight and a returning war hero, yet he loathes the idea of following in his father's footsteps. But when his father is executed for alleged treason against Fernando, King of Leon-Castile, he launches a desperate bid to save his life and clear his name. Antonio soon learns that the world is much crueller and darker than he ever could have imagined.Bereft of hope and condemned to slavery for his sins, he finds himself in the household of a young knight named Rodrigo Diaz de Vivar, a man destined for greatness. Together, they must face their demons and put an end to the man responsible for the downfall of the fathers; known as Azarola, renowned for his fox like cunning and malice, and one of the most powerful lords of Leon. Rise of a Champion is the epic beginning to the Legend of the Cid.

The sixth tale in our Legend series, The Legend of the Petoskey Stone focuses on the naming of this unique fossil, found only on the shores of Lake Michigan. From the ancient, warm sea that covered most of the state, through Native American history and the history of the town named after a great chief, The Legend of the Petoskey Stone is a welcome addition to the fables so richly told and illustrated by this much-loved and honored children's book team.Author Kathy-jo Wargin has earned national acclaim through award-winning children's classics such as Michigan's official state book, The Legend of Sleeping Bear, Children's Choice Award winner The Legend of the Loon, The Edmund Fitzgerald: Song of the Bell, and many others. Kathy-jo enjoys writing about nature and its effect on all our lives, and is a frequent guest speaker throughout the country. She is also a faculty member of the Bear River Writers Workshop, sponsored by the University of Michigan. She lives in Petoskey, Michigan. Since the publication of The Legend of Sleeping Bear, artist Gilsbert van Frankenhuyzen has been an established presence in the world of children's book illustration. His many other titles with Sleeping Bear Press include The Edmund Fitzgerald: Song of the Bell, Adopted by an Owl, Jam & Jelly by Holly & Nellie, and The Legend of Lelanaul. Gilsbert and his family live in Bath, Michigan.

When the New York Times Best Seller "Big Chino" Bradshaw was jersey tough, he was a member of the colorado bikers gang, a One Percenter, and had earned his colorful name in a world of boozing, bloody bar fights, and high-stakes crime. But after getting too close to extreme violence, Bradshaw made the life-threatening decision to change his path. The toughness Bradshaw used to survive biker life led him to a distinguished and heroic career as an undercover narcotics officer for the same New Jersey police department that had once arrested him. Bradshaw tells his story with the truth of the streets, from his time in the U.S. Army to his decision to join the Pagans, to the wild adventures of working narcotic stings. He rode with truly dangerous criminals and then returned to those same places as a cop. He tracks down fugitives in Jersey 's toughest neighbourhoods, risks his life rescuing dozens from a fire in a seniors ' residence, and volunteers in the aftermath of 9/11. Jersey Tough is an unflinching memoir of personal struggle, of battling with darkness, and ultimately of redemption.

An Introduction To Books About Motorcycle Clubs And Outlaw Bikers

" Ludicrous—and a whole lot of fun...an enjoyable sports fantasy. " —Kirkus Reviews " Infused with silliness and sugar, but the banter is fast and sassy...Funny and believable. " —BCCB A basketball-loving girl makes a wish to never miss a basket in this charming middle grade novel that pushes girl power to the max! Lizzy Trudeau loves basketball. She doesn ’ t have much by way of money, but she has access to the community court and a worn ball named Ginger, and she practices constantly. After fighting to join the boys ’ team at her school, Lizzy is finally given the opportunity to show off her hard-earned skills. When she answers what she believes is another bill-collecting phone call, Lizzy receives a magical wish: the ability to sink every shot. Pure Swish. Now eviscerating the competition in the boys ’ league is small potatoes—she has the skills to dominate in the NBA. With the help of her BFF Toby and some viral video action, Lizzy goes all the way to the Philadelphia Bells ’ starting lineup, making history and taking names. Then, just as she ’ s about to go face-to-face with her hero, the best player on the planet, things begin to fall apart. But Lizzy isn ’ t a quitter and she ’ ll play her hardest for the love of the game.

A gripping history of outlaw motorcycle club culture from its beginnings to the present day. In a world where most of us roll over when confronted by the power of authority, the antihero figure of the outlaw biker stands beyond the crowd, a beacon of social freedom. By choosing to live outside of society ’ s conventions, the one-percenter has the inner strength to act on his own convictions. Though most of us are too timid to venture into these outer margins of society, the one-percenter not only enters those margins—he stomps on them. In Hell on Wheels, avid motorcyclist Bill Hayes dives deep into the world of the outlaw motorcyclist, exploring legendary clubs like the Hells Angels, the Bandidos, the Outlaws, the Vagos, the Pagans, the Mongols, and many others, allowing the reader to peer into motorcycle club culture. Featuring both modern and historical photos, as well as a rare collection of club memorabilia found in no other publication, Hell on Wheels traces the roots and development of motorcycle club culture: its origins in the years following World War II; the turbulent 1960s and the disco era; the transition of clubs from loose groups of hooligans to highly organized machines; and, more recently, the copious clashes with law enforcement amid the post-9/11 world of the Patriot Act. The one-percenter has become one of the most popular figures in outlaw culture, and Hell on Wheels is his story.

One Percenter: The Legend of the Outlaw Biker illuminates the origins of the rebel mentality in America, from the annals of human history all the way to today's motorcycle clubs.

" A sprawling fantasy saga . . . Caleb Carr boldly goes where he ’ s never gone before. " —USA Today Legend meets history in this mesmerizing novel from #1 New York Times bestselling author Caleb Carr. Demonstrating the rich storytelling, skillful plotting, and depth of research he showcased in The Alienist, Carr has written a wildly imaginative, genre-bending saga that redefines the boundaries of literature. Some years ago, a remarkable manuscript long rumored to exist was discovered: The Legend of Broken. It tells of a prosperous fortress city where order reigns at the point of a sword—even as scheming factions secretly vie for control of the surrounding kingdom. Meanwhile, outside the city ’ s granite walls, an industrious tribe of exiles known as the Bane forages for sustenance in the wilds of Davon Wood. At every turn, the lives of Broken ’ s defenders and its would-be destroyers intertwine. Sixt Arnem, the widely respected and honorable head of the kingdom ’ s powerful army, grapples with his conscience and newfound responsibilities amid rumors of impending war. Lord Baster-kin, master of the Merchants ’ Council, struggles to maintain the magnificence of his kingdom even as he pursues vainglorious dreams of power. And Keera, a gifted female tracker of the Bane tribe, embarks on a perilous journey to save her people, enlisting the aid of the notorious and brilliant philosopher Caliphestros. Together, they hope to exact a ruinous revenge on Broken, ushering in a day of reckoning when the mighty walls will be breached forever in a triumph of science over superstition. Breathtakingly profound and compulsively readable, Caleb Carr ’ s long-awaited new book is an action-packed, multicharacter epic of a medieval clash of cultures—in which new gods collide with old, science defies all expectation, and virtue comes in many guises. Brimming with adventure and narrative invention, The Legend of Broken is an exhilarating and enthralling masterwork. Praise for The Legend of Broken " An excellent and old-fashioned entertainment . . . The Legend of Broken seamlessly blends epic adventure with serious research and asks questions that men and women grappled with in the Dark Ages and still do today. " —The Washington Post " [A] colossal effort . . . a fantasy epic . . . meant as an allegory, a cautionary tale for our precarious times. To make his points, Carr has summoned a dream team of soldiers, wizards, and tiny forest folk. " —The New York Times Book Review " Carr keeps the action hurtling along with a steady diet of gruesome murders and political betrayals. And he clearly wants modern readers to see something of their own world in the political corruption and greed that ultimately doom Broken. " —The Boston Globe

The Alchemist

Oscar Charleston

My name is Synthia Rowley, and so far I really suck at saving the world. I'm a latent shifter, a human that randomly became a hyena Queen. Crazy, right? You have no idea. When I turned twenty-five some magical chastity belt that had been completely blocking my sex drive snapped. One minute I was the ultimate shy science dork, the next I had curves that kill and a libido that won't quit. Good thing, 'cause I'm supposed to have four husbands. Yep, four. I'm destined to marry them all and they were all born to love me and only me. My own little harem. Here comes the really insane part. My husbands? The four men that I'll be mated to for the rest of my life? They were born female and my pheromones will turn them into men. You heard me right, my hyena Queen pheromones will literally change my mates from women, into hulked out sexy studs. But if I don't find and transform my mates, and soon, my world and everyone in it will be slaughtered by demons from a different dimension. Good times.

A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, The Alchemist has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.

In The One Percenter Code, best-selling Motorbooks author and editor of Easyriders magazine Dave Nichols takes up where he left off in One Percenter: The Legend of The Outlaw Bikers. Nichols takes readers inside the world of outlaw motorcycle clubs and pulls back the secretive curtain on the biker lifestyle. He explores the concept of brotherhood, ultimately arriving at a new definition of family and community in the process. Being a member of a one percenter motorcycle club requires extreme discipline; in this book, Nichols shows us what that life offers in return. Nichols delves into the one percenter code of conduct and honor and finds something that is sorely lacking in modern society. In this book, he shows us how we can apply those values in our own lives. The world of the outlaw biker has its own rough-hewn rules of order, and The One Percenter Code acts as a guidebook to that truth, honor-, and brotherhood-based world.
