

Operations Management Jay Heizer Barry Render 10th Edition

This new core textbook, underpinned by rigorous academic research and industry best-practice, offers a practical approach designed to provide students with the tools and techniques required to design and develop an operations strategy. Authored by two of the most well-respected authorities in the field, the book's clear and accessible content explains how operations strategy can create value for an organisation and positively impact on business performance. Case studies with international relevance and which draw on examples from a wide range of industry sectors help students to link theory and practice, develop analytical and problem-solving skills, and gain an understanding of operations strategy in the real world. This textbook caters primarily for MBA students studying modules in Operations Strategy or Operations Management, and is also suited to postgraduate students studying Operations Strategy on specialist courses such as Operations and Supply Chain Management or Logistics and Operations Management. In addition, this is an important text for final year level undergraduate students studying Operations Strategy or Strategic Operations Management.

Principles of Operations Management, Fifth Edition ; Operations Management, Seventh Edition, Jay Heizer, Barry Render

Combining a quantitative approach with a managerial issues approach, this introduction to productions and operations management provides coverage of every P/OM topic - from re-engineering to teams, to total quality management ideas, to layout, to finite scheduling to technology. It focuses on eleven critical decisions - both strategic and tactical - that managers must make for meeting customer needs and increasing productivity in a dynamic, global economy.

This package contains: 0132968363: Principles of Operations Management 0133401561: Student CD for Operations Management

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --

"WITH A NEW INTRODUCTION" "HOW COULD YOU DO THAT TO ME?" We've all had friendships that have gone bad. Whether it takes the form of a simple yet inexplicable estrangement or a devastating betrayal, a failed friendship can make your life miserable, threaten your success at work or school, and even undermine your romantic relationships. Finally there is help. In When Friendship Hurts, Jan Yager, recognized internationally as a leading expert on friendship, explores what causes friendships to falter and explains how to mend them -- or end them. In this straightforward, illuminating book filled with dozens of quizzes and real-life examples, Yager covers all the bases, including: The twenty-one types of negative friends -- a rogues' gallery featuring such familiar types as the Blood-sucker, the Fault-finder, the Promise Breaker, and the Copycat How to recognize destructive friends as well as how to find ideal ones The e-mail effect -- how electronic communication has changed friendships for both the better and the worse The misuse of friendship at work -- how to deal with a co-worker's lies, deceit, or attempts at revenge How to stop obsessing about a failed friendship And much more The first highly prescriptive book to focus on the complexities of friendship, When Friendship Hurts demonstrates how, why, and when to let go of bad friends and how to develop the positive friendships that enrich our lives on every level. For everyone who has ever wondered about friends who betray, hurt, or reject them, this authoritative book provides invaluable insights and advice to resolve the problem once and for all.
