Renegade Magic

**NATIONAL BESTSELLER •** “Rutherford brings England’s New Forest to life” (The Seattle Times) in this companion to the critically acclaimed Sarum From the time of the Norman Conquest to the present day, the New Forest, along England’s southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror’s son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson’s navy, and the fishermen who lived in Christchurch and Lyntonngton helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in The Forest. “As entertaining as Sarum and Rutherford’s other sweeping novel of British history, London.”—The Boston Globe Beware what lurks beneath your bed. . . . It could lead to a monstrous adventure.Thirteen-year-old Lissa Black is miserable when her parents force her to move from New York City (the perfect home for an aspiring writer/director/actress) to Freeburg, Pennsylvania, nowhere capital of the world. There’s nothing to do there, except play her little sister Haylie’s favorite new game, Monsterville, and hang out with her new neighbor Adam.But when a walk in the woods lands her face-to-face with a swamp monster hungry for brains and then a Sasquatch that moos, even Lissa can’t call her new home totally boring. With Adam’s help, she catches the culprit behind the drama: a shape-shifting goblin who’s fled from the monster world of Down Below.And what do you do with a creature that can be literally anything? Make monster movies, of course! Lissa is convinced that Blue will be the secret to her big break.But when Haylie goes missing on Halloween, Lissa, Adam, and the monster must venture Down Below to stage a rescue!and face the real Monsterville, which is anything but a game.Monsterville is a fusion of The Boxtrolls, Jumanji, and Candyland, weaving together friendship, family, and monsters into a funny fantasy-horror brimming with heart from a great new middle grade voice.

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts.Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "Frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat.National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. So when Abby is discovered to have zero magical abilities, she's branded an Ord-ordinary, bad luck, and quite possibly a danger to society. The outlook for an ord isn't bright. Many are cast out by their families, while others are sold to treasure hunters (ords are impervious to spells and enchantments) Luckily for Abby, her family enrolls her in a special school for kids who must learn how to get around in the world without magic. But with kidnappers and carnivorous goblins lurking around every corner, Abby's biggest problem may not be what she's going to do with her life - it's whether she's going to survive the school year.

Captured by pirates in Jamaica and sold into slavery in New England, Resolute Talbot and her siblings are taught to spin and weave before Resolute finds herself alone in a harsh Lexington culture torn by a brewing Revolutionary War. 50,000 first printing.

Not all those who wander are lost, but Aubree Sadler most definitely is on this novel's whirlwind trip through Europe. A romantic and charming YA debut perfect for fans of Stephanie Perkins and Jenny Han. Aubree can't think of a better place to be than in perfectly boring Ohio, and she's ready for a relaxing summer. But when her older sister, Elizabeth, gets into real trouble, Aubree is talked into taking over Elizabeth's summer job, leading a group of senior citizens on a bus tour through Europe. Aubree doesn't even make it to the first stop in Amsterdam before their perfect plan unravels, leaving her with no phone, no carefully prepared binder full of helpful facts, and an unexpected guest: the tour company owner's son, Sam. Considering she's pretending to be Elizabeth, she absolutely shouldn't fall for him, but she can't help it, especially with the most romantic European cities as the backdrop for their love story. But her relationship with Sam is threatening to ruin her relationship with her sister, and she feels like she's letting both of them down. Aubree knows this trip may show her who she really is—she just hopes she likes where she ends up.
