Princess Oreo is a story about a little girl that was teased about how she looked, but she found strengthen from a loving father that told her she was a princess no matter what others say. Your belief will begin to shape your character and identify you or who you will become.

Cranston F. Gittens holds a Master's degree in special education from the University of South Florida. He is a Minority Voices English teacher in Washington DC, and he coaches wrestling. While reaching his own dream, he has managed to positively influence students, coach multiple state champion wrestlers, and earned the recognition of "Teacher of the Year" in 2018. Cranston is the youngest of four, a first-generation Guyanese-American citizen, and a friend to anyone who knows him. Does the "American Dream" exist for minorities, particularly for those who don't match stereotypes? The United States has long had the reputation for being the land where dreams are realized. Immigrants have left their homes and cuntry to carve out their place in America. But is that possible for American-born minorities given the hostility towards them? Cranston F. Gittens shares his path to achieving his American Dream in his memoir, Oreo the Token Black Kid. To reach that height, he had to discover discovering his authentic self despite expectations based on his parents' culture, assumptions about Black people, navigating predominantly white educational and athletic spheres, health issues, and being true to his faith in God. Gittens understands that Black men are not one-dimensional clones and encourages others to go for their dreams. You'll read: The impact of his Guyanese mother's ambition Brotherhood created across racial lines through wrestling How racist incidents hurt but did not hinder him Mindset that took him from near high school dropout to Teacher of the Year Oreo the Token Black Kid is a story of heart, grit, and ambition. It speaks to the champion in us all. If you like inspirational stories of overcomers, this book belongs by your bedside. "Cranston's experience as a teacher gives him unique insight into crafting a voice that will reach all young adult readers." - Laura Turowski, Librarian "I looked forward to every page turn knowing I was going to meet someone new in his life." - Heather Allen "The authenticity is palpable. Gittens articulates his life experiences so that every moment feels raw and impactful. This book is essential for readers from all walks of life." - Vincent Casciani, author of Iberian Claim "Pleasantly surprised to read a fresh perspective on youth and racial bias. A great read for anyone who has felt out of place growing up in the USA." - Gennady Gallardo

An Oreo? Me? No!
I've been just an average guy who's had a pretty good life. SO-Who wants to read my autobiography? If I'm an unknown, almost nobody right? Well this autobiography is different, because it has a unique and illuminating story to tell. Its primary task is to explore the social climate and the dynamics of social change in the U.S. during most of the 20th Century. It also explores the idiosyncratic needs of individuals and groups that create and/or resist social change. I had always felt the imperfections in how whites and blacks interacted in our country. But not until the assassination of Martin Luther King my uneasiness in a segregated society suddenly re-ignite my awareness of the disparities. That startling realization sparked and fueled my efforts to rectify the social ills. Taking advantage of my love of people, my life experiences and my education, I write this to help bring about an inclusive, more diverse society. My background has helped me realize that all people have the same concerns in life. That background and knowledge didn't make me an OREO. It made me a human being. Bill's story is fascinating. It is captivating simply as an autobiography but it also presents a unique insight into race relations in America from the view of an "Oreo." I think readers, both black and white, will find it interesting edifying and inspiring." Roy Armstrong II Editor & Advisor "You've told quite an amazing and touching stroy here." "Characters are real people and have been well defined throughout the story." "Realistically presented." "--its fascinating to view this part of our national heritage through his eyes."
