"Inevitably sunny... Set in the brightly lit Mediterranean amid old olive trees and sexual intrigue, music and wine and beautiful women... Propulsive." - The New York Times Book Review
"The perfect book for pretending it's already beach season." -O, The Oprah Magazine
A romantic page-turner propelled by the sixty-year secret that has shaped two families, four lovers, and one seaside resort community. Set against dramatic Mediterranean Sea views and lush olive groves, The Rocks opens with a confrontation and a secret. What was the mysterious, catastrophic event that drove two honeymooners apart so suddenly and absolutely in 1948 that they never spoke again despite living on the same island for sixty more years? And how did their history shape the Romeo and Juliet-like romance of their (unretired) children decades later? Centered around a popular seaside resort club and its community, The Rocks is a double love story that begins with a mystery, then moves backward in time, era by era, to unravel what really happened decades earlier. Peter Nichols writes with a pervading, soulful wisdom and self-knowing humor, and captures perfectly this world of glamorous, complicated, misbehaving types with all their sophisticated flaws and genuine longing. The result is a bittersweet, intelligent, and romantic novel about how powerful the perceived truth can be—as a bond, and as a barrier—even if it’s not really the whole story, and how one misunderstanding can echo irreparably through decades.

"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... - GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.)
THE PAPER THAT ROCKED OSAMA BIN LADEN
Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's One Tribe at a Time. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly, and there is enormous power in that." --General David H. Petraeus (U.S. Army, Ret.)
quoted in American Spartan
The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant by Ann Scott Tyson
Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant.

**In the 1960s, Andy Warhol's paintings redefined modern art. His films provoked heated controversy, and his Factory was a hangout for the avant-garde. In the 1970s, after Valerie Solanas's attempt on his life, Warhol become more entrepreneurial, aligning himself with the rich and famous. Bob Colacello, the editor of Warhol's Interview magazine, spent that decade by Andy's side as employee, collaborator, wingman, and confidante. In these pages, Colacello takes us there with Andy; into the Factory office, into Studio 54, into wild celebrity-studded parties, and into the early-morning phone calls where the mysterious artist was at his most honest and vulnerable. Colacello gives us, as no one else can, a riveting portrait of this extraordinary man: brilliant, controlling, shy, insecure, and immeasurably influential. When Holy Terror was first published in 1990, it was hailed as the best of the Warhol accounts. Now, some two decades later, this portrayal retains its hold on readers—as does Andy's timeless power to fascinate, galvanize, and move us.**

With acclaimed bestsellers, Hostage and Demolition Angel, Robert Crais drew raves for his unstoppable pacing, edgy characterizations, and cinematic prose. Now, Crais returns to his signature character, Los Angeles private investigator Elvis Cole, in a masterful page-turner that probes the meaning of family and the burdens of the past. Elvis Cole is back... Elvis Cole's relationship with attorney Lucy Chenier is strained. When she moved from Louisiana to join Elvis in Los Angeles, she never dreamed that violence would so easily touch her life—but then the unthinkable happens. While Lucy is away on business and her ten-year-old son, Ben, is staying with Elvis, Ben disappears without a trace. Desperate to believe that the boy has run away, evidence soon mounts to suggest a much darker scenario. Joining forces with his enigmatic partner, Joe Pike, Elvis frantically searches for Ben with the help of LAPD Detective Carol Starkey, as Lucy's wealthy, oil-industry ex-husband attempts to wrest control of the investigation. Amid the maelstrom of personal conflicts, Elvis and Joe are forced to consider a more troubling lead—one indicating that Ben's disappearance is connected to a terrible, long-held secret from Elvis Cole's past. Venturing deep inside a complex psyche, Crais explores Elvis's need for family—the military that embraced him during a troubled adolescence, his rock-solid partnership with Pike, and his floundering relationship with Lucy—as they race the clock in their search for Ben. The Last Detective is Robert Crais' richest, most intense tale of suspense yet.

It is an acknowledged if not accepted fact that all European societies are being fundamentally transformed, and indeed perceptively unsettled, by increased migrations across nations and by the asserted presence of established minorities within their borders. The scale and speed at which these transformations have taken place have brought in their wake considerable social impacts and no small measure of fear and anxiety. Encounters with such diversity are part and parcel of the social work task, and learning how to negotiate them should be a de facto aspect of the training and continuous professional development of social workers and other social professions. However, the moral and political dimensions of the role, scope and nature of the social work task in responding appropriately to these changed and changing realities are rather more contested. This volume addresses many dimensions of the response to issues of race and ethnicity in social work practice in Europe. It extends the debates on inter-cultural and race equality practice in social work through a stimulating and innovative collection of contributions. This book was originally published as a special issue of the European Journal of Social Work.

No-one captures the allure and charm of Venice better than Canaletto This volume presents a substantial overview of the life and works of the great Venetian painter. More than 70 works by Canaletto, including paintings and drawings from both public and private collections, are brought together to demonstrate the breadth of the artist's creative capacity. Also included is a rare collection of documents concerning Canaletto's artistic decisions, as well as a series of prints that served as inspiration while crafting his iconic city views. Together, these materials offer a new perspective on the artist's work.

Antonio Canall(1697-1768), known as Canaletto, began his career as a scene painter for the theaters of Venice. The artist is best known for his ability to capture encompassing views of the Venetian cityscape in paint, works that were frequently sold to European aristocrats on the Grand Tour. These early paintings often subtly blur the boundary between the real and imaginary, as the artist masterfully repositioned buildings and warped viewpoints to achieve the most holistic presentation of his subject. Although Canaletto is regarded as one of the greatest a perception, fighting to be accepted by the Venetian Academy of Fine Arts before dying in poverty.

"Christina Moore uses her talent for storytelling to create a more narrative-like tale...An attractive offering for listening centers and for young children interested in nature and science." -School Library Journal

"One of the most gifted graphic novelists of our time." --Wired
Killing and Dying is a stunning showcase of the possibilities of the graphic novel medium and a wry exploration of loss, creative ambition, identity, and family dynamics. With this work, Adrian Tomine (Shortcomings, Scenes from an Impending Marriage) reaffirms his place not only as one of the most significant creators of contemporary comics but as one of the great voices of modern American literature. His gift for capturing emotion and intellect resonates here: the weight of love and its absence, the pride and disappointment of family, the anxiety and hopefulness of being alive in the twenty-first century. "Amber Sweet" shows the disastrous impact of mistaken identity in a hyper-connected world; "A Brief History of the Art Form Known as Horticulture" details the invention and destruction of a vital new art form in short comic strips; "Translated, from the Japanese" is a lush, full-color display of storytelling through still images; the title story, "Killing and Dying", centers on parenthood, mortality, and stand-up comedy. In six interconnected, darkly funny stories, Tomine forms a quietly moving portrait of contemporary life. Tomine is a master of the small gesture, equally deft at signaling emotion via a subtle change of expression or writ large across landscapes illustrated in full color. Killing and Dying is a fraught, realist masterpiece.

No other city has such an untouched history and so it is fitting that Rome begins its cultural regeneration from its streets and its past. Creative inspiration has always been driven by instinct and these fleeting moments are preserved as etchings on everything from caves to catacombs, from Pasquino to propaganda murals. Rome remains one of the most important cities driving this movement and therefore it is right to celebrate it at the Museum of Contemporary Art of Rome (MACRO).
