

Ovid Workbook Answer Key

Designed to reinforce JC McKeown's Classical Latin: An Introductory Course, this innovative workbook offers a wide range of exercises, accommodating a wide range of learning styles, to help students master Latin morphology and vocabulary. Included are exercises involving parsing, correcting mistakes, completing sentences by providing the correct inflected word ending, distinguishing words within an unbroken series of letters, recognizing word forms, unscrambling anagrams, and more. A superb supplement to a brilliant Introductory Latin textbook.

Ovid's Ars Amatoria has met with astonishingly varied fortunes down the centuries. Ten years after publication the book became a reason, or more probably a pretext, for the author's banishment from Rome. It was removed from public libraries, and more recently the poem suffered a virtual embargo in schools and universities. This is the first detailed English commentary on any part of the poem. Examined afresh, it emerges as the witliest of Ovid's love poems, turning upside down the attitudes and conventions of orthodox love elegy. The work is full of psychological insight and is richly embroidered with details of contemporary Roman social and political life. This new paperback edition intends to bring out the spirit of provocative frivolity which was undeniably meant to irritate Roman traditionalists. The text of Kenney's Oxford Classical Text is reproduced and supplemented with a full introduction to the style and historical background the poem, as well as with a full commentary and appendices.

For nearly sixty years, Wheelock's Latin has remained the optimum liber of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features, many of them improved and expanded, that have made it the bestselling single-volume beginning Latin textbook: 40 chapters with grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; Self-tutorial exercises, each with an answer key, for independent study; An extensive English-Latin/Latin-English vocabulary section; A rich selection of original Latin readings—unlike other Latin textbooks, which contain primarily made-up texts; Etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary, and translation tips; new comprehension and discussion questions; and new authentic classical Latin readings, including Roman graffiti, in every chapter.

Publisher Description

The Book of Firsts is an entertaining, enlightening, and highly browsable tour of the major innovations of the past twenty centuries and how they shaped our world. Peter D´ Epiro makes this handy overview of human history both fun and thought-provoking with his survey of the major "firsts"—inventions, discoveries, political and military upheavals, artistic and scientific breakthroughs, religious controversies, and catastrophic events—of the last two thousand years. Who was the first to use gunpowder? Invent paper? Sack the city of Rome? Write a sonnet? What was the first university? The first astronomical telescope? The first great novel? The first Impressionist painting? The Book of Firsts explores these questions and many more, from the earliest surviving cookbook (featuring parboiled flamingo) and the origin of chess (sixth-century India) to the first civil service exam (China in 606 AD) and the first tell-all memoir about scandalous royals (Byzantine Emperor Justinian and Empress Theodora). In the form of 150 brief, witty, erudite, and information-packed essays, The Book of Firsts is ideal for anyone interested in an enjoyable way to acquire a deeper understanding of history and the fascinating personalities who forged it.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Classical Latin

Book 1

From Catullus to Horace, the tradition of Latin erotic poetry produced works of literature which are still read throughout the world. Ovid´s Amores, written in the first century BC, is arguably the best-known and most popular collection in this tradition. Born in 43 BC, Ovid was educated in Rome in preparation for a career in public services before finding his calling as a poet. He may have begun writing his Amores as early as 25 BC. Although influenced by poets such as Catullus, Ovid demonstrates a much greater awareness of the funny side of love than any of his predecessors. The Amores is a collection of romantic poems centered on the poet´s own complicated love life: he is involved with a woman, Corinna, who is sometimes unobtainable, sometimes compliant, and often difficult and domineering. Whether as a literary trope, or perhaps merely as a human response to the problems of love in the real world, the principal focus of these poems is the poet himself, and his failures, foolishness, and delusions. By the time he was in his forties, Ovid was Rome´s most important living poet; his Metamorphoses, a kaleidoscopic epic poem about love and hatred among the gods and mortals, is one of the most admired and influential books of all time. In AD 8, Ovid was exiled by Augustus to Romania, for reasons that remain obscure. He died there in AD 17. The Amores were originally published in five books, but reissued around 1 AD in their current three-book form. This edition of the first book of the collection contains the complete Latin text of Book I, along with commentary, notes and full vocabulary. Both entertaining and thought-provoking, this book will provide an invaluable aid to students of Latin and general readers alike. This book contain embedded audio files of the original text read aloud by Aleksandra Szypowska.

The Classical Outlook

A Latin Via Ovid Workbook

Learn to Read Latin

Introduction to Latin, Second Edition is an introductory Latin textbook designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build "instinctive skills" that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week Innovative exercises that go beyond the usual translation practice, engaging students with the mechanisms of the language and developing "more instinctive" skills Succinct grammatical explanations that don't overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level of Latin Revised selection of readings for more appropriate level of difficulty

"Vocabulary Power Plus Levels Six through Eight combine classroom-tested vocabulary drills with reading exercises designed to prepare students for both secondary school and the revised Scholastic Assessment Test."--Introduction.

Intensive Basic Latin: A Grammar and Workbook comprises a dynamic reference grammar and related exercises in a single volume. The book presents forty individual grammar points, covering the core material which students would expect to encounter in their first year of learning Latin. Grammar points are followed by contextualised examples and exercises which allow students to reinforce and consolidate their learning. There is a particular emphasis throughout on familiarising students with real, unadulterated Latin and the task of teasing information from the Latin via translations. To this end, there are matching exercises with unedited Latin excerpts and rough English translations in the chapters, encouraging students to take a hands-on approach in their learning. In addition to this, a short reading relating to the adventures of Hercules is presented at the end of almost every chapter; these readings, which become progressively more complex, give the course a strong sense of narrative cohesion and interest and provide students with opportunities to develop their comprehension and translation skills. Key features include: Clear, accessible format and jargon-free explanations of grammar Many useful language examples Abundant and varied exercises with full answer key Controlled usage of vocabulary throughout, allowing students to concentrate on building up their grammatical knowledge at intervals throughout the text, providing exercises specially designed to consolidate knowledge of language points covered Useful English-Latin and Latin-English glossaries at the back of the book Written by an experienced instructor, Intensive Basic Latin: A Grammar and Workbook is an ideal resource for beginning students of Latin. It can be used as a textbook, grammar reference and practice resource and is suitable both for class use and independent study.

Workbook for Wheelock's Latin, 3rd Edition, Revised

Medieval and Renaissance Drama in England

Includes Part 1A: Books and Part 1B: Pamphlets, Serials and Contributions to Periodicals

This complete introductory course to the Latin language, suitable for both high school and college students, consists of two volumes, each accompanied by a teacher's manual and students' workbooks. The strategy employed for teaching and learning incorporates the best of both the reading approach and the more abstract grammatical method. The choice of vocabulary in each chapter reflects ancient authors commonly studied for the AP Latin examinations. There are exercises designed for oral use, as well as a substantial core of more conventional exercises in each chapter. The readings, pictures, and supplementary inserts on cultural information illuminate Roman life, civilization, Roman history, and mythology, as well as the continuing use of Latin after antiquity and its vigorous literary tradition in such periods as the Middle Ages and Renaissance. Each chapter also includes derivatives, the influence of Latin vocabulary on English, and selected proverbs or common Latin sayings. Special Features • the best of the reading approach and the grammar-translation approach • one Latin passage in each chapter that is adapted from post-antique Latin literature • each chapter contains an unadapted selection of classical Latin from Nepos' Life of Atticus • text ends with ten additional unadapted selections from the Life of Atticus for students' transition to authors courses • Nepos' selections accompanied by facing notes and vocabulary • clear, concise grammatical explanations • abundant exercises, both Latin to English and English to Latin • optional oral exercises • vocabulary geared to upper level literature and AP* syllabi • review unit for every three chapters • derivative and proverb studies • background essays on daily life and the culture of post-ancient world • essays on the heroes of classical mythology • essays connecting the ancient, post-ancient, and modern worlds written by university scholars • plentiful full-color illustrations, complement the Latin text of each chapter • study tips for students • three maps custom-made for Latin for the New Millennium • timeline of historical and literary events*

Latin for the New Millennium Companion Website: this website has additional information about Latin for the New Millennium including a "Teachers' Lounge". The teachers' lounge is a forum for teachers using and interested in using Latin for the New Millennium series textbooks, workbooks, and enrichment texts.

Extensively field-tested and fine-tuned over many years, and designed specifically for a one-year course, JC McKeown's Classical Latin: An Introductory Course offers a thorough, fascinating, and playful grounding in Latin that combines the traditional grammatical method with the reading approach. In addition to grammar, paradigms, and readings, each chapter includes a variety of extraordinarily well-crafted exercises that reinforce the grammar and morphology while encouraging the joy of linguistic and cultural discovery.

Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

Ovid was a major Roman poet during the reign of Augustus. Ovid, along with Horace and Virgil, helped form Latin literature as the world came to know it. Ovid's most famous works are The Metamorphoses and his collections of love poetry. Ars Amatoria is a series of elegies portrayed in three books. The action centers around the teaching of basic relationship skills between men and women.

The Metamorphoses of Ovid offers to the modern world such a key to the literary and religious culture of the ancients that it becomes an important event when at last a good poet comes up with a translation into English verse."—John Crowe Ransom ... a charming and expert English version, which is right in tone for the Metamorphoses."—Francis Fergusson This new Ovid, fresh and faithful, is right for our time and should help to restore a great reputation." —Mark Van Doren The first and still the best modern verse translation of the Metamorphoses, Humphries' version of Ovid's masterpiece captures its wit, merriement, and sophistication. Everyone will enjoy this first modern translation by an American poet of Ovid's great work, the major treasury of classical mythology, which has perennially stimulated the minds of men. In this lively rendering there are no stock props of the pastoral and no literary landscaping, but real food on the table and sometimes real blood on the ground. Not only is Ovid's Metamorphoses a collection of all the myths of the time of the Roman poet as he knew them, but the book presents at the same time a series of love poems—about the loves of men, women, and the gods. There are also poems of hate, to give the proper shading to the narrative. And pervading all is the writer's love for this earth, its people, its phenomena. Using ten-beat, unrhymed lines in his translation, Rolfe Humphries shows a definite kinship for Ovid's swift and colloquial language and Humphries' whole poetic manner is in tune with the wit and sophistication of the Roman poet.

Against the Grain

Ars Amatoria

A Grammar and Workbook

First Form Latin Teacher Manual

Ovid, Amores (Book 1)

Metamorphoses

Ovid's magnificent panorama of the Greek and Roman myths-presented by a noted poet, scholar, and critic. Prized through the ages for its splendor and its savage, sophisticated wit, The Metamorphoses is a masterpiece of Western culture-the first attempt to link all the Greek myths, before and after Homer, in a cohesive whole, to the Roman myths of Ovid's day. Horace Gregory, in this modern translation, turns his own poetic gifts toward a deft reconstruction of Ovid's ancient themes, using contemporary idiom to bring to today's reader all the ageless drama and psychological truths vividly intact.

Using an introduction to mythology by the master storyteller Ovid himself, the authors have prepared a unique teaching tool designed to achieve proficiency at Latin in one year at the college level, two years at the high school or intermediate level. The volume provides students with imaginative, connected reading, beginning with introductory prose versions of Ovid's simple myth tales and progressing to the rich poetry of Ovidian Latin (with appropriate teaching aids) within forty lessons. The grammatical approach is traditional, but the central emphasis is on reading. In each chapter the reading appears first, followed by the vocabulary, the grammar, exercises, and etymology relating to the vocabulary. The exercises begin with a group of questions in Latin (based on the reading), to be answered in Latin. Each tale is preceded by a brief discussion in English of the story and its mythological significance. The myths retold by Ovid and the attractive format are conceived to impel the student into acquiring the skill to read the author in the original language. For additional complimentary materials on this topic, please see Latin Via Ovid Audio materials (available via downloadable flash drive and cassette tapes) by Norma Goldman and Jacob E. Nyenhuis and the accompanying text Practice, Practice: A Latin Via Ovid Workbook by Norma Goldman and Michael Rossi.
