Timothy Morton argues that ecological awareness in the present Anthropocene era takes the form of a strange loop or Möbius strip, twisted to have only one side. Deckard travels this oedipal path in Blade Runner (1982) when he learns that he might be the enemy he has been ordered to pursue. Ecological awareness takes this shape because ecological phenomena have a loop

form that is also fundamental to the structure of how things are. The logistics of agricultural society resulted in global warming and hardwired dangerous ideas about life-forms into the human mind. Dark ecology puts us in an uncanny position of radical self-knowledge, illuminating our place in the biosphere and our belonging to a species in a sense that is far less obvious than we like to think. Morton explores the logical foundations of the ecological crisis, which is suffused with the melancholy and negativity of coexistence yet evolving, as we explore its loop form, into something playful, anarchic, and comedic. His work is a skilled fusion of humanities and scientific scholarship, incorporating the theories and findings of philosophy,

Laura owns what might be the world's most extensive collection of BDSM lesbian erotica, but that's as close as she's gotten to the world of her fantasies. Until, that is, her friend Adele introduces her to Adele's mistress JeanneÑart collector, heiress, and experienced dominant. Nothing in Laura's reading prepares her for the powerful reaction she has to Jeanne or how completely she is captivated by this sensual new world. With Jeanne's first command, Laura's life changes forever. But even the most commanding mistress can't always control a willful submissive, and Adele's jealousy challenges

timelessness ...For any era, it's an accomplished, affecting novel. For this moment, it's piercing, subtly wending its way toward questions about who we are and who we want to be...." – Entertainment Weekly
From The New York Times- bestselling author of The Mothers, a stunning new novel about twin sisters, inseparable as children, who ultimately choose to live in two very different worlds, one black and one white. The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it's not just the shape of their daily lives that is different as adults, it's everything: their families, their communities, their racial identities. Many years later, one sister lives

with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing of her past. Still, even separated by so many miles and just as many lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect? Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, *The Vanishing Half* considers the lasting influence of the past as it

this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. with humor and warmth. It ' s Chloe Snow ' s sophomore year of high school, and life has only grown more complicated. Last year, Chloe was the star of the musical. This year, after an audition so disastrous she runs off the stage in tears, she ' s cast as a lowly member of the ensemble. Will she be able to make it through the show knowing everyone ' s either pitying her or reveling in her downfall? Chloe ' s best friend, Hannah, is no help: she ' s been sucked into the orbit of Lex, the velvet-gloved, iron-fisted ruler of the sophomore class. Chloe ' s dad is busy falling in love with Miss Murphy, and Chloe is no longer speaking to her mother, who is sending her increasingly desperate and unhinged emails from Mexico. As her parents ' divorce

negotiations unravel, a custody battle looms. If only Chloe could talk to Grady about it: his parents are divorced, and he 's easy to talk to. Or he was, until he declared his love for Chloe, and she turned him down because despite all her rational brain cells she can ' t seem to get over Mac, and then Grady promptly started going out with Lex. As the performance of the show approaches, Chloe must find a way to navigate all the messy elements of her life and make it through to the end of the year. The purpose of this book is to help children explore the art of reading through journaling, character building and reading literacy. Each reader will share their own ideas of the stories shared within the reading journal. The

painful, honest, shocking, bawdy and hilarious.” —The New York Times Book Review
From stand-up comedian, actress, and breakout star of Girls Trip, Tiffany Haddish, comes The Last Black Unicorn, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy

their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-

dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, The Last Black Unicorn shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to

of the homefront and private sphere. To expand scholarship on textual representations of war means to shed light on the multiple theaters of war, and on the many voices who contributed to, were affected by, and/or critiqued German war efforts. Engaged women writers and artists commented on their nations' imperial and colonial ambitions and the events of the tumultuous beginning of the twentieth century. In an interdisciplinary investigation, this volume explores select female-authored, German-language texts focusing on German colonial wars and World War I

and the discourses that promoted or critiqued their premises. They examine how colonial conflicts contributed to a persistent atmosphere of *Kriegsbegeisterung* (war enthusiasm) that eventually culminated in the outbreak of World War I, or a *Kriegskritik* (criticism of war) that resisted it. The span from German colonialism to World War I brings these explosive periods into relief and challenges readers to think about the intersection of nationalism, violence and gender and about the historical continuities and disruptions that shape such events.
