A level 4 Oxford Bookworms Library graded readers. Retold for Learners of English by Kate Mattock. Life in the small English town of Cranford seems very quiet and peaceful. The ladies of Cranford lead tidy, regular lives. They make their visits between the hours of twelve and three, give little evening parties, and worry about their maid-servants. But life is not always smooth – there are little arguments and jealousies,

sudden deaths and unexpected marriages . . . Mrs Gaskell's timeless picture of small-town life in the first half of the nineteenth century has delighted readers for nearly 150 years. George Eliot's Religious Imagination addresses the much-discussed question of Eliot's relation to Christianity in the wake of the sociocultural revolution triggered by the spread of theories of evolution. The standard view is that the author of Middlemarch and Silas Marner "lost her faith" at this time of religious crisis. Orr argues for a more nuanced understanding of the continuity of Eliot's work, as one not shattered by science, but shaped by its influence. Orr's wide-ranging and fascinating analysis situates George Eliot in the fertile intellectual landscape of the nineteenth century, among thinkers as diverse as Ludwig Feuerbach, David Strauss, and

Søren Kierkegaard. She also argues for a connection between George Eliot and the twentieth-century evolutionary Christian thinker Pierre Teilhard de Chardin. Her analysis draws on the work of contemporary philosopher Richard Kearney as well as writers on mysticism, particularly Karl Rahner. The book takes an original look at questions many believe settled, encouraging readers to revisit George Eliot's work. Orr illuminates the creative tension that still exists between science and religion, a tension made fruitful through the exercise of the imagination. Through close readings of Eliot's writings, Orr demonstrates how deeply the novelist's religious imagination continued to operate in her fiction and poetry.

In our world today a hummingbird is a small, brilliantly coloured bird that lives in the tall trees of tropical forests. In the far distant future, Hummingbird (Hummy for short) is a girl of sixteen who lives somewhere in the Galaxy, on a planet called Just Like Home. She has the name 'Hummingbird' in big letters on all her clothes, but she has never seen a real hummingbird. She

Sherlock Holmes is the greatest detective of them all. He sits in his room, and smokes his pipe. He listens, and

watches, and thinks. He listens to the steps coming up the stairs; he watches the door opening - and he knows what question the stranger will ask. In these three of his best stories, Holmes has three visitors to the famous flat in Baker Street - visitors who bring their troubles to the only man in the world who can help them.

Among the many fatalities attending the bloom of young desire, that of blindly taking to the confectionery line has not, perhaps, been sufficiently considered. How is the son of a British yeoman, who has been fed principally on salt pork and yeast dumplings, to know that there is satiety for the human stomach even in a paradise of glass jars full of sugared almonds and pink lozenges, and that the tedium of life can reach a pitch where plum-

This is the first comprehensive study in any language of anagnorisis (recognition) - one of the least familiar terms in Aristotelian poetics, yet used to describe one of the most

familiar features of drama and narrative fiction. The book traces the history of the term 'anagnorisis' and explores some of the ways in which it continues to be of value as a focus for theoretical reflection. Then, in a series of critical essays, the author analyses examples of recognition plots drawn from French, German, and English literature, including Corneille, Racine and Goethe, Shakespeare, James, and Conrad. Examined thus from many angles,

recognition can at last been seen to deserve its place in the limelight, as a topic of the first importance, perhaps the most strictly literary of all topics in poetics. The book is aimed at a very wide readership, with English translations provided for quotations where necessary.
