We love traveling in the Pacific Northwest but there is so very much to see I couldn't imagine how they could get it all into one book, but they have done a very good job of it! The organization of the book makes it easy to find just what you want in each area from restaurants and places to stay in all price ranges, tours, camping, information sources, maps, etc. I especially like the sections called Adventures which have separate categories for on foot, horseback, wheels, water, and snow.
