

*Paco E Vivaldi I Miei Piccoli Libri Sonori Ediz A Colori*

**Adults and children alike will be enchanted by these charming board books which are distinguished by the exceptional quality of the sounds that bring every picture to life. Aimed at the very young, the books have a button on every spread which triggers one of six different nature sounds.**

**The Soviet Union is often presented as a largely isolated and idiosyncratic state. Soviet Internationalism after Stalin challenges this view by telling the story of Soviet and Latin American intellectuals, students, political figures and artists, and their encounters with the 'other' from the 1950s through the 1980s. In this first multi-archival study of Soviet relations with Latin America, Tobias Rupprecht reveals that, for people in the Second and Third Worlds, the Cold War meant not only confrontation with an ideological enemy but also increased interconnectedness with distant world regions. He shows that the Soviet Union looked quite different from a southern rather than a Western point of view and also charts the impact of the new internationalism on the Soviet Union itself in terms of popular perceptions of the USSR's place in the world and its political, scientific, intellectual and cultural reintegration into the global community.**

**Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.**

Go on a musical adventure to the circus with an adorable dog Poppy. Kids will love the experience as Poppy meets new friends who introduce her to the sounds of musical instruments. With 16 buttons to push and hear, children will be whisked to a different world while listening to the sounds of the different instruments and follow along with the story. With colorful illustrations and a new sound to discover on each page, both kids and parents will be entertained and engaged for hours. Poppy and the Brass Band offers an opportunity to teach kids about classical music and the instruments in a brass band. Now that is truly unique!

Mr. Martin finds a magical solution to maintain calm and silence around him. But how long will he enjoy his time away from everyone? Mr. Martin enjoys tranquility. He likes to drink his coffee in silence, read his newspaper quietly, and take peaceful naps. His neighbors are aware of that, but they easily forget it. So much so that the noise they make drives Mr. Martin up the wall. One day, he decides to take matters into his own hands...

**Foreword by Dr. Asad Madni, C. Eng., Fellow IEEE, Fellow IEE Learn the fundamentals of RF and microwave electronics visually, using many thoroughly tested, practical examples RF and microwave technology are essential throughout industry and to a world of new applications-in wireless communications, in Direct Broadcast TV, in Global Positioning System (GPS), in healthcare, medical and many other sciences. Whether you're seeking to strengthen your skills or enter the field for the first time, Radio Frequency and Microwave Electronics Illustrated is the fastest way to master every key measurement, electronic, and design principle you need to be effective. Dr. Matthew Radmanesh uses easy mathematics and a highly graphical approach with scores of examples to bring about a total comprehension of the subject. Along the way, he clearly introduces everything from wave propagation to impedance matching in transmission line circuits, microwave linear amplifiers to hard-core nonlinear active circuit design in Microwave Integrated Circuits (MICs). Coverage includes: A scientific framework for learning RF and microwaves easily and effectively Fundamental RF and microwave concepts and their applications The characterization of two-port networks at RF and microwaves using S-parameters Use of the Smith Chart to simplify analysis of complex design problems Key design considerations for microwave amplifiers: stability, gain, and noise Workable considerations in the design of practical active circuits: amplifiers, oscillators, frequency converters, control circuits RF and Microwave Integrated Circuits (MICs) Novel use of "live math" in circuit analysis and design Dr. Radmanesh has drawn upon his many years of practical experience in the microwave industry and educational arena to introduce an exceptionally wide range of practical concepts and design methodology and techniques in the most comprehensible fashion. Applications include small-signal, narrow-band, low noise, broadband and multistage transistor amplifiers; large signal/high power amplifiers; microwave transistor oscillators, negative-resistance circuits, microwave mixers, rectifiers and detectors, switches, phase shifters and attenuators. The book is intended to provide a workable knowledge and intuitive understanding of RF and microwave electronic circuit design. Radio Frequency and Microwave Electronics Illustrated includes a comprehensive glossary, plus appendices covering key symbols, physical constants, mathematical identities/formulas, classical laws of electricity and magnetism, Computer-Aided-Design (CAD) examples and more. About the Web Site The accompanying web site has an "E-Book" containing actual design examples and methodology from the text, in Microsoft Excel environment, where files can easily be manipulated with fresh data for a new design. Addressing the themes of: music and history; tradition versus innovation; cultural diversity/intercultural creativity; and music and the related**

*arts; this book focuses on encounters between China and Australia from the earliest imaginings and representations to the latest cultural exchanges. Here, the reader will find of stories of forbidden love, prejudice and deceit, of gestures of harmony and the fulfilment of dreams and wishes. Ethnomusicologists, composers, performers, historians and cultural theorists alike explore the past, present, and future of a long, complex and culturally rich interaction. Their writings, so varied and diverse, celebrate a multiplicity of identities, and present a challenging array of research avenues and perspectives through which to view the Australian-Chinese connection.*

*This is the story of a girl growing up in the 1990s – a middle-schooler who finds herself lost in the gulf between childhood and adolescence, developing paralyzing fears of failure, school, other people, and her own changing body. Along the way, she becomes obsessed with the Beatles... which might be just what she needs to find her way back to being okay. Yeah yeah yeah!*

Discover the life of Mozart, the greatest composers of all times, through 5 of his best-known works (Five 20-second extracts).

This #1 Italian bestseller, offering a father's observations of the everyday moments that might otherwise go unnoticed, has struck a chord with readers around the globe. Matteo Bussola is a designer and cartoonist who lives in Verona, Italy with his wife Paola; their three young daughters, Virginia, Ginevra, and Melania (ages eight, four, and two); and their two dogs. For two years, he's been writing posts on Facebook capturing the beauty of ordinary moments with his family. Sleepless Nights and Kisses for Breakfast is the memoir that grew out of these writings. Divided into winter, spring, summer, and fall, the book follows the different seasons of parenthood and life. At times moving, and at others humorous, these writings remind people to savor the present and appreciate the simple things in life. As Matteo says, "Virginia, Ginevra, and Melania are the lens through which I observe the world. . . . My daughters remind me that being a father means living in that gray area between responsibility and carelessness, strength and softness." Sleepless Nights and Kisses for Breakfast is an eloquent memoir by a gifted storyteller. Sleepless Nights and Kisses for Breakfast is a winner of the 2017 Family Choice Awards.

*Choral Repertoire is a comprehensive reference book about choral music in Western culture from Gregorian chant to compositions of the early twenty-first century. The material in the book covers general characteristics of the major historical eras, biographical sketches and discussions of the complete choral output of more than 500 composers, and performance annotations of more than 5,000 individual works.*

*A brand new series of sound-button board books which combines gorgeous illustrations with six high-quality sounds.*

*"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.*

From its very first contact with the West, India has been subject to great mystification. India's long history, the survival of ancient rituals, and its variety of languages and cultures, continues to fascinate. This narrative is intertwined with a newer one that sees the frenetic change of a society at the forefront of innovation. Success stories coexist alongside stories of daily struggle. A large slice of the population still does not have access to drinking water, and agriculture (still the main source of livelihood for most of the 1.3 billion people who live there) is threatened by climate change. India is a country that does not know how to eradicate one of the most infamous forms of classism/racism: the caste system. From the resistance of the Kashmiri people to that of atheists – hated by all religious communities – from the dances of the 'hijra' in Koovagam to the success of the female wrestler Vinesh Phogat, learn about the contradictory, terrible and joyful chaos that lies at the heart of India.

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Go on a musical adventure with Poppy the dog and friends in Poppy and Vivaldi. Children and parents will love pressing buttons and hearing the instruments and sounds of Vivaldi on every page! Go on a musical adventure with the adorable dog, Poppy, and learn about Vivaldi as he listens to favorite sounds from the great composer with his friend Enzo. The two friends take an unforgettable trip to the Carnival of Venice, where they hear the sounds of the mandolin, cello, flute, and more. From The Four Seasons to Griselda, Poppy and Enzo explore the opera and take a ride on a gondola, listening to the sounds of Vivaldi and learning a little bit about this great composer at the same time. With 16 buttons to push and hear, kids will love listening to the sounds of Vivaldi and the different instruments as they follow along with the story. With colorful illustrations and a new sound to discover on each page, both kids and parents will be entertained and engaged for hours. Poppy and Vivaldi offers an opportunity to teach kids about classical music and the sounds of some of Vivaldi's great works. Now that is truly unique! Secrets of master guitarists, revealed in conversation. Guitar Talk offers interviews with many of the most creative guitarists of our time. This new book presents these conversations, between Joel Harrison and Nels Cline, Pat Metheny, Fred Frith, Bill Frisell, Julian Lage, Elliott Sharp, Michael Gregory Jackson, Ben Monder, Anthony Pirog, Henry Kaiser, Mike and Leni Stern, Vernon Reid, Mary Halvorson, Nguyễn Lê, Rez Abbasi, Ava Mendoza, Liberty Ellman, Brandon Ross, Wayne Krantz, Dave Fiuczynski, Wolfgang Muthspiel, Miles Okazaki, Sheryl Bailey, Rafiq Bhatia, and Ralph Towner—twenty-seven great guitarists in all. An enormous range of approaches and sounds exist in the modern guitar. The instrument can howl, scrape, scratch, scream, sing, pluck, and soothe. What stands out in this book is not so much the instrument itself, rather the wonderful and idiosyncratic personalities of these bold souls, their sometimes wild, often zigzagging, and ultimately profound journeys toward beauty, meaning, and excellence in their work. We find out that jazz icon Bill Frisell won a high school band contest playing R&B tunes, beating out future members of Earth Wind and Fire. We learn which of Nels Cline's compositions he wishes to have played at his funeral. Michael Gregory Jackson recounts painful episodes of racism as he stretched between the chasm of avant jazz, rock, and blues in the 1980s. Many more revelations, amusements, and philosophies abound.

"Ein feste Burg ist unser Gott," Cantata No. 80, by Johann Sebastian Bach, was composed in Leipzig, Germany for Reformation Day and was first performed between 1727 and 1731. It is based on the famous chorale of Martin Luther, "Ein feste Burg ist unser Gott," or "A Mighty Fortress is Our God." German and English text.

Go on a musical adventure to the symphony with the adorable dog, Poppy, and see as she meets new friends who introduce her to the sounds of musical instruments. With 16 buttons to push and hear, kids will love listening to the sounds of the different instruments as they follow along with the story. With colorful illustrations and a new sound to discover on each page, both kids and parents will be entertained and engaged for hours. Poppy and the Orchestra offers an opportunity to teach kids about classical music and the instruments of the orchestra. Now that is truly unique!

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

"Il profumo dei fiori d'arancio, il fruscio di un abito da flamenco, la visione di un pueblo blanco arroccato su una rupe: i ricordi di un viaggio in Andalusia si imprimono indelebili nella memoria". Esperienze straordinarie: foto suggestive, i consigli degli autori e la vera essenza dei luoghi. Personalizza il tuo viaggio: gli strumenti e gli itinerari per pianificare il viaggio che preferisci. Scelte d'autore: i luoghi più famosi e quelli meno noti per rendere unico il tuo viaggio.

The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
