A New York Times best-selling call to arms from Nobel Prize – winning economist Paul Krugman. The Great Recession is more than four years old—and counting. Yet, as Paul Krugman points out in this powerful volley, "Nations rich in resources, talent, and knowledge—all the ingredients for prosperity and a decent standard of living for all—remain in a state of intense pain." How bad have things gotten? How did we get stuck in what now can only be called a depression? And above all, how do we free ourselves? Krugman pursues these questions with his characteristic lucidity and insight. He has a powerful message for anyone who has suffered over these past four years—a quick, strong recovery is just one step away, if our leaders can find the "intellectual clarity and political will" to end this depression now.

The Book of Arabic Wisdom and Guile

The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan). Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell's words, "an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years." As Mitchell learns more about Gould's epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces ("Professor Sea Gull" in 1942 and then "Joe Gould's Secret" twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould's secret, Mitchell's words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author's estate.

Selected Papers of Eugene F. Fama

End This Depression Now!

Winner of the 2007 Christopher Isherwood Foundation Award for Fiction Reminiscent of Mark Twain's Huckleberry Finn and Ernest Hemingway's Nick Adams stories, Memories from a Sinking Ship travels the landscape of a turbulent world seen through a boy ' s steady gaze. Like Twain ' s Mississippi River and Hemingway ' s Big Two-Hearted, Gifford ' s Chicago, New Orleans, and the highways and byways between offer us mesmerizing lives lost in the kaleidoscope of postwar America, in particular those of Roy ' s adrift and disappointed mother and his hoodlum father.

The Establishment

Call it Sleep

Herman Melville ' s picturesque account of the Galapagos Islands will make you want to abandon all responsibilities and travel there to see for yourself. Melville wrote this series of "sketches" – or short prose works – from his own experiences sailing around the islands, yet at the same time they are clearly a product of his extraordinary imagination.

Originally appearing in Putnam ' s Magazine in 1854, the novella was later published alongside five other Melville short stories in the collection ' The Piazza Tales ' , which was very well received. Herman Melville (1819-1891) was an American writer, best known for his whaling novel, ' Moby Dick ' , which was poorly received at the time but considered a classic today.

The Encantadas

And How They Get Away with it

Few scholars have been as influential in finance, both as an academic field and an industry, as Eugene Fama. Since writing his groundbreaking 1970 essay on efficient capital markets, Fama has written over 100 papers and books that have been cited hundreds of thousands of times. Yet there is no one collection where one can easily find his best work in all fields. "The Fama Portfolio" will be an outstanding and unprecedented resource in a field that still concentrates mainly on questions stemming from Fama's work: Is the finance industry too large or too small? Why do people continue to pay active managers so much? What accounts for the monstrous amount of trading? Do high-speed traders help or hurt? The ideas, facts, and empirical methods in Fama's work continue to guide these investigations. "The Fama Portfolio" will be a historic and long-lasting collection of some of the finest work ever produced in finance."

The Subtle Ruse

A Novel

Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of Greek Revival from the Garden: Growing and Cooking for Life, offers a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time.

Memories from a Sinking Ship

The Fama Portfolio

A major bestseller in the UK and a six-time Best Book of 2014, *The Establishment* is a sweeping look at how power and money have made British politics hugely undemocratic. Power, money, and undemocratic politics—wait, does that sound familiar? Who wields power in politics? It is a question that's asked all too often—and never really answered. But that's exactly what Owen Jones has done in *The Establishment*, which has already taken Great Britain by storm. To expose the shadowy and unaccountable network of people who dominate British political life—the people who influence major decisions and reap huge profits in the process—Owen Jones sets out on a journey into the very heart of the elite. From the lobbies of the Houses of Parliament to Rupert Murdoch's newsrooms to the conference rooms of some of the world's biggest banks, Jones systematically explores the revolving doors that link the worlds of politics, media, and finance—and shows how this corrupt and incestuous world came to be. Funny, sharp, and rich with brilliant descriptions of the men and women at the heart of the elite, *The Establishment* is a joy to read, but its diagnosis is deadly serious: the establishment is the biggest threat to democracy today. And it's time, writes Jones, for it to be challenged.
