A Chicago Review of Books Most Anticipated Fiction Book of 2018 "Fast-paced, energetic, searing. There are moments in Steve Kistulentz's Panorama that will take your breath away." ---Daniel Alarcón, author of Lost City Radio Richard MacMurray, a cable news talking head, is paid handsomely to pontificate on the issues of the moment. On New Year's Day he is scheduled to be a guest on a prominent morning talk show. As he awaits the broadcast, the network interrupts with news that a jet airliner has crashed in Dallas and that everyone aboard has perished. Within an hour, amateur videotape surfaces of the plane's last moments, transforming the crash into a living image: familiar, constant, and horrifying. Richard learns that his sister, Mary Beth, was aboard the doomed flight, leaving behind her six-year-old son, Gabriel. Richard is the boy's only living relative. When he is given an opportunity to bring Gabriel home, it may be that the loss of his sister will provide him with the second chapter he never knew he wanted. In this powerful debut, Steve Kistulentz captures the sprawl of contemporary America--its culture, its values, the workaday existence of its people--with kaleidoscopic sweep and controlled intensity. Yet within the expansive scope of Panorama lies an intimate portrait of human loss rendered with precision, humanity, and humor.

Panorama offers both students and general interest readers an interdisciplinary look at the fascinating subject of classical mythology. Early chapters cover the similarities among world myths, as well as concise histories of ancient Greece, ancient Rome, and the European Renaissance. The author then takes a full chapter to present classical origin myths and to detail the names of the deities in the classical pantheon, ensuring a clear understanding of the cast of characters. Twenty-five myths are then categorized into themes, making them easier to read and remember. Four hero myths and retellings of Homer's and Virgil's epic complete the collection. Throughout the book, interesting sidebar text highlights the relevance of the deities and myths to vocabulary, science, and the arts, and clear etchings and photographs help readers make essential visual

This book is a stimulating panoramic tour - quite different from a textbook journey - of the world of statistics in both its theory and practice, for teachers, students and practitioners. At each stop on the tour, the authors investigate unusual and quirky aspects of statistics, highlighting historical, biographical and philosophical

dimensions of this field of knowledge. Each chapter opens with perspectives on its theme, often from several points of view. Five original and thought-provoking questions follow. These aim at widening readers' knowledge and deepening their insight. Scattered among the questions are entertaining puzzles to solve and tantalising paradoxes to explain. Readers can compare their own statistical discoveries with the authors' detailed answers to all the questions. The writing is lively and inviting, the ideas are rewarding, and the material is extensively cross-referenced. A Panorama of Statistics: Leads readers to discover the fascinations of statistics. Is an enjoyable companion to an undergraduate statistics textbook. Is an enriching source of knowledge for statistics teachers and practitioners. Is unique among statistics books today for its memorable content and engaging style. Lending itself equally to reading through and to dipping into, A Panorama of Statistics will surprise teachers, students and practitioners by the variety of ways in which statistics can capture and hold their interest. Reviews: "As befits the authors' statement that 'this is not a textbook', the structure is unusual. There are twenty-five chapters organised in five sections, each beginning with a brief

perspective of a theme in statistics and finishing with five questions related to that theme. The answers provided to the questions, in section six, are as discursive and illuminating as the main body of the text. Even if you are pretty sure you know the answer, it is always worth checking what the authors have to say. Chances are that you will learn something every time. The glimpses and insights given into this enormous and far-reaching discipline succeed in being bewitching, entertaining and inviting; coverage was never the aim." "In summary, this splendid book lives up to the four 'p-values' of its title. It is panoramic in the scope of its survey of statistics, it is full of illuminating perspectives, it sets entertaining and challenging puzzles, and it explores fascinating paradoxes. Read it, enjoy it and learn from it." From Neil Sheldon, Teaching Statistics, volume 9, no. 2, May 2017

Who are the 144,000 in Revelation 7:1-8? Are the trumpet judgments literal or symbolic (Revelation 8; 11)? What is the mark of the beast (Revelation 13:18)? Readers who have questions about the book of Revelation usually don't want to wade through pages of commentary to find their answers. Prophecy expert Mark Hitchcock offers a helpful solution in this concise Q&A format. Questions are grouped in broad categories that focus on interpretation, background information, Jesus Christ, and the letters to the churches. A final category, "The Consummation," is further divided into subparts that address the tribulation, the second coming, the millennium, and more. These easy-to-find and easy-to-understand responses to the most commonly asked questions about the book of Revelation will empower readers to mine its riches and stand strong in their faith.

Looking outside the window every morning, I welcome the Sunshine And Thank the rays of the Sun For the beautiful and Eventful Day For giving me the Energy and Strength TO gauge something New and Share with the World Which is the eye and ear of my learning, and the mirror of my life. As a kid I was always intrigued by the mysteries that surround people, places and incidents. I have been a researcher in terms of looking out for the truth. Though curiosity can lead to problems but I feel that it gives you a sense of satisfaction and mental peace once you get the closure. In the hope and positive attitude that the heartfelt emotions being presented by me in this book will reach the people who want to build a good and strong character. Earning good money and achieving degrees and popularity are of No worth if a person's values are at stake. I have learned in all these years of hardship that Morals, Upbringing and Values should never be compromised if one has to reach the top. Because the Sooner you will reach the top, the faster you can fall on the ground. So let us all be careful and maintain our dignity. I have been hopeful however, I have had many setbacks. But this is Life...full of ups and downs. In a few people's period of existence there is more pain than blessings. Therefore, one must strive to do good deeds to earn more blessings. This book has got immense experiences which tell the depth of my true feelings and I wish this can help everyone who reads this book. It is a compilation of different events that have happened in my life and for making me the person I am today. When life hurls stones at you, Learn to use the shield of wisdom When life

offers you Flowers, Learn to catch and harbor them Accept Life the Way It is, For it is the Hallmark of a Human. Let's get started with the roller coaster ride and the amazing events that define the life of today's human being. Stay with me in this journey and delve deeper into the real meaning of liveliness, faith and confidence.
