Seminar paper from the year 1999 in the subject American Studies - Literature, grade: 1,3, <http://www.uni-jena.de/>, 11 entries in the bibliography, language: English, abstract: "At the age of fourteen, I discovered writing as an escape from a world of reality in which I felt acutely uncomfortable. It immediatly became my place of retreat, my cave, my refuge."1 This quotation by Tennessee Williams mirrors his inability to cope with the challenges and strokes of fate of his real life. For

example, he felt responsible for the lobotomie of his sister Rose although he had no knowledge about this operation. Furthermore, he could not cope with his social environment, especially with his fathers incapability to handle his introvert son. With his first success, the play "The Glass Menagerie" (1944), Williams holds up the mirror to the Broadway audience of the 1950s who is not willing to face the reality of the postwar period or to digest its experiences with the Second World War. In the same way as this generation flies from their war recollections into a problem repressing fictious world and as Williams escapes from his personal reality through writing, the figures of the drama fly from an unsatisfying life into their dreamworlds. The play deals with the Wingfield family (Amanda, Tom and Laura), who "share[s] a small apartment in a poor section of St. Louis."² The family members have, through the visit of a gentlemen caller for Laura (Jim), the chance to realize their dreams. But "the friend Tom brings home to meet Laura [...], although he happens to be the boy she secretly admired in high school, turns out, unfortunately, to be already engaged."³ Tennessee Williamss breakthrough "The Glass Menagerie" is respected to be one of his best plays, with Broadway performances exceeded only by "A Streetcar named Desire" In this paper it is to point out the character presentation and character constellation in Tennessee Williamss "The Glass Menagerie." ***got to - shimmer and glow - put a - paper lantern over the light. ... But I'm scared now - awf`ly [sic] scared."* These lines of self-revelation by Blanche DuBois, the protagonist of *A Streetcar Named Desire*, go hand in hand with Maggie's words of consolation at the end of *Cat on a Hot Tin Roof*: "Oh, you weak, beautiful people who give up with such grace. What you need is someone to take hold of you - gently, with love, and hand your life back to you, like something gold you let go of" Both describe one of the most crucial, if not the most central, elements of Tennessee Williams literary work: the concept of fragility and need for protection within a universe of hostility - the notion of "soft people." This term paper is intended to elucidate on the topic of "soft people" within Tennessee Williams most important plays, *The Glass Menagerie* and *A Streetcar Named Desire*. It will try to investigate the following questions: Why did the theme "soft people" gain such prominence within Williams' work? What parallels can be detected between the author's life and aspects of his characters? What makes Laura and Tom Wingfield, on the**

one hand, and Blanche DuBois, on the other hand, belong to this category? What misery do these characters share? What signifies their softness in any individual case, and what determines their fate at the end of the plays? In order to answer these questions, a thorough look into the characters and metaphors of the plays - with help of the plays - will be provided, as well as secondary literature of a wide range of literary scholars consulted. To achieve a high and detailed level of understanding of Tennessee Williams` allusions, tropes and allegories, an examination of the playwright`s personal life will precede the analysis of his "soft people." Moreover, to attain a profound exploration of the singularity of Tom`s situation - with respect to him being trapped within a society of mediocrity and sedation - the ideas and postulations of the Frankfurt School, the so called critical theory of industrial society, will be discussed.

In this unique and engaging collection, twelve essays celebrate the legacy of one of America's most important playwrights and investigate Williams's enduring effect on America's cultural, theatrical, and literary heritage. Like Faulkner before him, Tennessee Williams gave universal appeal to southern characters and settings. His major plays, from *Cat on a Hot Tin Roof* and *The Glass Menagerie* to *A Streetcar Named Desire* and *Night of the Iguana*, continue to capture America's popular imagination, a significant legacy. Though he died in 1983, only recently have Williams's papers become available to the public, bringing to light a number of intriguing discoveries—letters, drafts, and several unpublished and unproduced plays. These recent developments make a reassessment of Williams's life and

work both timely and needed. The essays in this collection originated as presentations at the 27th annual Alabama Symposium on English and American Literature at The University of Alabama in 1999. The book addresses a wide range of topics, among them the influence of popular culture on Williams's plays, and, in turn, his influence on popular culture; his relationship to Hollywood and his struggles with censorship, Hollywood standards, and the competing vision of directors such as Elia Kazan; his depictions of gender and sexuality; and issues raised by recently discovered plays. Anyone interested in American literature and drama will find this collection of fresh, accessible essays a rewarding perspective on the life, work, and legacy of one of the bright stars of American theatre.

No play in the modern theatre has so captured the imagination and heart of the American public as Tennessee Williams's *The Glass Menagerie*. *Menagerie* was Williams's first popular success and launched the brilliant, if somewhat controversial, career of our pre-eminent lyric playwright. Since its premiere in Chicago in 1944, with the legendary Lurette Taylor in the role of Amanda, the play has been the bravura piece for great actresses from Jessica Tandy to Joanne Woodward, and is studied and performed in classrooms and theatres around the world. *The Glass Menagerie* (in the reading text the author preferred) is now available only in its New Directions Paperbook edition. A new introduction by prominent Williams scholar Robert Bray, editor of *The Tennessee Williams Annual Review*, reappraises the play more than

half a century after it won the New York Drama Critics Circle Award: "More than fifty years after telling his story of a family whose lives form a triangle of quiet desperation, Williams's mellifluous voice still resonates deeply and universally." This edition of *The Glass Menagerie* also includes Williams's essay on the impact of sudden fame on a struggling writer, "The Catastrophe of Success," as well as a short section of Williams's own "Production Notes." The cover features the classic line drawing by Alvin Lustig, originally done for the 1949 New Directions edition.

This thesis presents new ways of looking at an

old classic by illuminating the emotions and hardship of the Wingfield family through the use of color and texture. The Glass Menagerie by Tennessee Williams was presented at the University of Arkansas in September of 2017. The challenges of this production will be addressed as well as the achievements and areas of improvement of this production. Finally, this document will answer the question: How does color, texture, and the angle of stage lighting help heighten the emotions of the characters and engage an audience in the play? Included are all the documents critical for the lighting design process including, but not limited to: light plot, magic sheet, cue sheets, and research images. Production photographs are included and referenced throughout the paper to help further illustrate the design approach.

Seminar paper from the year 2007 in the subject American Studies - Literature, grade: 1,0, <http://www.uni-jena.de/> (Institut für Anglistik/Amerikanistik), course: Classics of Modern American Drama, 18 entries in the bibliography, language: English, comment: This seminar paper deals with the Character of Amanda in the play and influences on the depiction of it., abstract: Of particular interest for this paper is the juxtaposition of conflicting traits in Amanda's character. On the one hand, she is characterized by critics as the good mother and perpetuator. On the other hand, she

is the terrible, cruel mother and perpetrator. These different characteristics seem to be directly connected to Amanda's relationship to her children. For her daughter she is the good mother, trying everything to ensure her daughter's security in the future. Her son experiences his mother's treatment as suffocating and restricting for his dreams and ambitions. Yet, both of these different attitudes seem to be motivated by the same disposition in Amanda: the love and devotion of a mother for her children. Consequently, there must be other reasons that motivate Amanda's behavior. This paper is going to consider the social and economical situation in the USA at the time of the play, Amanda's glorification of her own past and the fact that the play is Tom's memory for a combination of these three points seem to be the reason why Amanda is portrait as such an ambiguous character in the drama. To begin with, the relevant social and economic circumstances in the USA during the time of the play are going to be analyzed. Amanda's glorification of her past is then discussed followed by the analysis of the influence of Tom's memory on the portrayal of Amanda in the play. Finally, the results of the analysis of the three factors are applied to the relationship of Amanda and her children."
