New York Times best-selling series - Omnibus - March Upcountry and March to the Sea, Books 1 and 2 in the Empire of Man Series. Roger Ramius MacClintock was young, handsome, athletic, an excellent dresser, and third in line for the Throne of Man. It probably wasn't too surprising that someone in his position should react by becoming spoiled, self-centered, and petulant. After all, what else did he have to do with his life? Then warships of the Empire of Man's worst rivals force his crippled vessel out of space and Roger is shipwrecked on the planet Marduk, whose jungles are full of deadly predators and barbarian hordes with really bad dispositions. Now all Roger has to do is hike halfway around the entire planet, then capture a spaceport from the Bad Guys, somehow commandeer a starship, and then go home to Mother for explanations. Fortunately, Roger has an ace in the hole: Bravo Company of Bronze Battalion of The Empress' Own Regiment. If anyone can get him off Marduk alive, it's the Bronze Barbarians. Entry #3 in the popular Hell's Gate series. The war between magically–gifted Arcana and psionically–talented Sharona continues to rage. The dragon–borne Arcanan assault across five universes has been halted at Fort Salby by a desperate defense, but at atrocious cost. One of those costs was the life of Crown Prince Janaki, heir to the newly created Sharonian Empire, who went knowingly to his death in the tradition expected of the House of Calirath. And another price will be the sacrifice of his younger sister, Grand Imperial Princess Andrin, now heir of Sharona, for the accords creating the Sharonian Empire require the marriage of the heir to the Crown to wed a Uromathian prince. Andrin bears her family's Talent, the Glimpses, which show flashes of events yet to come. She knows the accords must be secured . . . and like her brother, she will pay any price, make any sacrifice for her duty to her people. Sharona's soldiers dig in, facing the Arcanans in a tense standoff which cannot last long. Men and women of honor on both sides must grapple with the terrible costs and deadly secrets of the spreading cataclysm, and in the shadows, those who will balk at neither treason nor murder drive the conspiracies, pouring fuel into the furnace. The stakes are high and the pieces are in motion, but there are factors known not even to the conspirators, and not even a Calirath can Glimpse the final outcome. The Road to Hell Honor Harrington’s career has its ups and its downs. She’s survived ship-to-ship battles, assassins, political vendettas, and duels. She's been shot at, shot down, and just plain shot, had starships blown out from under her, and made personal enemies who will stop at nothing to ruin her, and somehow she's survived it all. But this time she's really in trouble. The People's Republic of Haven has finally found an admiral who can win battles, and Honor's orders take her straight into an ambush. Outnumbered, outgunned, and unable to run, she has just two options: see the people under her command die in a hopeless, futile battle... or surrender them-and herself to the Peeps. There can be only one choice, and at least the People’s Navy promises to treat their prisoners honorably. But the Navy is overruled by the political authorities, and Honor finds herself bound for a prison planet aptly named "Hell"... and her scheduled execution. Put into solitary confinement, separated from her officers and her treecat Nimitz, and subjected to systematic humiliation by her gaolers, Honor's future has become both bleak and short. Yet bad as things look, they’re about to get worse ...for the Peeps. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Church of God Awaiting's triumph over Charis was inevitable. Despite its prosperity, the Charis was a single, small island realm. It boasted less than two percent of the total population of Safehold. How could it possibly resist total destruction? The Church had every reason to be confident of a swift, crushing victory, an object lesson to other rebels. But Charis had something far more powerful than simple numbers. It had a king, a crown prince, and a navy prepared to die where they stood in its defense. It had the Brethren of Saint Zherneau, who knew the truth about Safehold's founding. Who knew that the Church of God Awaiting was a monstrous lie. And it had Merlin Athrawes, last survivor of long-vanished Earth. Merlin, the cybernetic avatar of a woman dead over a thousand years, who was determined to break the Church's grip upon the human mind and soul. So after eight years of war, it is not Charis but the Church that stands upon the brink of defeat. But the Church still commands immense resources, and - faced with the unthinkable - it's decided that it, too, must embrace the forbidden technology which has carried Charis so far. In the end, it is simple, for only one can survive. The lines are drawn, the navies and armies have been raised, and all of Safehold is poised for the final battle between those who believe in freedom and those who would crush it forever. David Weber's Like a Mighty Army is the hotly anticipated seventh volume in the New York Times bestselling Safehold series For centuries, the world of Safehold, last redoubt of the human race, lay under the unchallenged rule of the Church of God Awaiting. The Church permitted nothing new-no new inventions, no new understandings of the world. What no one knew was that the Church was an elaborate fraud–a high-tech system established by a rebel faction of Safehold’s founders, meant to keep humanity hidden from the powerful alien race that had destroyed old Earth. Then awoke Merlyn Athrawes, cybernetic avatar of a warrior a thousand years dead, felled in the war in which Earth was lost. Monk, warrior, counselor to princes and kings, Merlyn has one purpose: to restart the history of the too-long-hidden human race. And now the fight is thoroughly underway. The island empire of Charis has declared its independence from the Church, and with Merlyn's help has vaulted forward into a new age of steam-powered efficiency. Fending off the wounded Church, Charis has drawn more and more of the countries of Safehold to the cause of independence and self-determination. But at a heavy cost in bloodshed and loss--a cost felt by nobody more keenly that Merlyn Athrawes. The wounded Church is regrouping. Its armies and resources are vast. The fight for humanity's future isn't over, and won't be over soon... Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. By Heresies Distressed 4. A Mighty Fortress 5. Bahzell of the Hradani is back! Exciting fantasy adventure by the New York Times and USA TODAY bestselling author of the Honor Harrington series. In Wind Rider's Oath, Bahzell became a wind rider—the first hradani wind rider in history. And, even if Bahzell is the War God's champion, because the wind riders are the elite of the elite among the Sothoi, Bahzell's ascension is as likely to stir resentment as respect. What's more, Baron Tellian's daughter, the heir to the realm, seems to be thinking that he is the only man—or hradani—for her. Now, War Maid's Choice continues the story—and things really get complicated.

Earth is conquered. The Shongairi have arrived in force, and humanity’s cities lie in radioactive ruins. In mere minutes, over half the human race has died. Now Master Sergeant Stephen Buchevsky, who thought he was being rotated home from his latest tour in Afghanistan, finds himself instead prowling the back country of the Balkans, dodging alien patrols and trying to organize the scattered survivors without getting killed. His chances look bleak. The aliens have definitely underestimated human tenacity - but no amount of heroism can endlessly hold off overwhelming force. Then, emerging from the mountains and forests of Eastern Europe, new allies present themselves to the ragtag human resistance. Predators, creatures of the night, human in form but inhumanly strong. Long Enemies of humanity . . . until now. Because now is the time to defend Earth.

Struggling to deal with her lover's murder and a forced retirement, Captain Honor Harrington assumes the role of Steadholder on the planet Grayson, but a threatening uprising calls her back into duty as head of the Grayson Navy. Originally in paperback.

**BACK FROM HELL** For eight bloody years, the Star Kingdom of Manticore and its allies have taken the war to the vastly more powerful People's Republic of Haven, and Commodore Honor Harrington has been in the forefront of that war. But now Honor has fallen, captured by the Peep Navy, turned over to the forces of State Security ... and executed on the interstellar network's nightly news. The Manticoran Alliance is stunned and infuriated by Honor's death and grimly resolved to avenge it. Yet their military is over-extended and the People's Republic is poised to take (he offensive once more, this time with a new strategy, new weapons, a new command team, and a whole new determination to win. The war is about to enter a phase of unprecedented ferocity . . . and the Alliance is on the short end of the stick. But even as powerful Peep fleets hurtle towards their objectives, neither they nor the Alliance are aware of events occurring on a distant, isolated, inescapable prison planet called Hell. For what no one knows, not even State Security, is that Honor Harrington is not dead. She and a handful of her people are trapped on Hell, and determined to disprove the Peep boast that no one can ever escape it. Honor Harrington is going home, and taking her people with her... even if she has to conquer Hell to do it. At the publisher's request, this title is sold without DRM (Digital Rights Management).

**KNOW THY ENEMY** For Captain Honor Harrington, it's sometimes hard to know who the enemy really is. Despite political foes, professional jealousies, and the scandal which drove her into exile, she's been offered a chance to reclaim her career as an officer of the Royal Manticoran Navy. But there's a catch. She must assume command of a "squadron" of jury-rigged armed merchantmen with crew drawn from the dregs of her service and somehow stop the pirates who have taken advantage of the Havenite War to plunder the Star Kingdom's commerce. That would be hard enough, but some of the "pirates" aren't exactly what they seem . . . and neither are some of her "friends," For Honor has been carefully chosen for her mission¾by two implacable and powerful enemies. The way they see it, either she stops the raiders or the raiders kill her . . . and either way, they win. At the publisher's request, this title is sold without DRM (Digital Rights Management). Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David Weber's epic Off Armageddon Reef is can't-miss sci-fi. *My purpose in collecting the stories for HEROES was initially to preserve the important legacies of our nation through the first-person accounts of those who have participated in wars spanning the past 70 years and in the process increase patriotism. I have found that veterans are those who have the greatest love for our country, because they have sacrificed the most for it. While not everyone will have the opportunity or challenge they have had to serve, we can all develop a greater appreciation for our great nation vicariously through their storytelling.*

*This is a history of Triumph—a post-Vatican II, Roman Catholic lay magazine—that examines its origins and decline, paying special attention to the editors’ often bellicose views on a range of issues, from Church affairs to the Vietnam War, and civil rights to abortion. Triumph’s editors formed the magazine to defend the faith against what they perceived as the imprudent and secular excesses of Vatican II reformers, but especially against what they viewed as an increasing barbarous and anti-Christian American society. Yet Triumph was not a defensive magazine; rather, it was audaciously triumphalist—proclaiming the Roman Catholic faith as the solution to America’s ills. The magazine sought to convert Americans to Roman Catholicism and to construct a confessional state, which subjected its power to the moral authority of the Roman Catholic Church. If the liberalizing and secularizing trajectory in American society exalted man as sovereign of himself and his world, as Triumph’s editors posited, then their mission was to reinstitute Christ’s Kingship, to hallow the world in His name.*

But the ruling class knows what they need to keep in power: a "short victorious war" to unite the people and fill the treasury once more. In the world's upper hemisphere, only one small group has survived World War III: fourteen people, sheltered deep within a limestone mountain in Connecticut and with enough supplies and equipment to maintain their subsistence for upwards of two years. The group includes a forward-thinking millionaire and his family, a levelheaded Jewish scientist, a playboy, an aging African American servant and his daughter, a gigolo and the glamorous woman who has been his mistress, a beautiful Chinese girl, a young meter reader, two children, and a Japanese engineer. Fully aware of the outcome of the war that had raged briefly above them, the survivors seethe with hatred, fall into depression over their losses, rise to moments of superhuman bravery, and lapse into behavior that reflects their human weaknesses. Philip Wylie mercilessly predicts the inevitable end of a world that continues to function as selfishly and as barbarously as our own. Left stranded on the barbarian planet Marduk with a group of Royal Marines, Prince Roger MacClintock and his followers set out to recapture an interstellar empire from enemies who have branded Roger a traitor and outlaw.

REPORTS OF MY DEATH HAVE BEEN GREATLY EXAGGERATED . . . The People's Republic of Haven made a tiny mistake when it announced the execution of Honor Harrington. It seemed safe enough. After all, they knew she was already dead. Unfortunately, they were wrong. Now Honor has escaped from the prison planet called Hell and returned to the Manticoran Alliance with a few friends. Almost half a million of them, to be precise . . . including some who know what really happened when the Committee of Public Safety seized power in the PRH. Honor's return from the dead comes at a critical time, providing a huge, much-needed lift for the Allies' morale, for the war is rapidly entering a decisive phase. Both sides believe that victory lies within their grasp at last, but dangers no one could foresee await them both. New weapons, new strategies, new tactics, spies, diplomacy, and assassination. ... All are coming into deadly focus, and Honor Harrington, the woman the newsies call "the Salamander," once more finds herself at the heart of them all. But this time, the furnace may be too furious for even a salamander to survive. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The sequel to the New York Times best seller Off Armageddon Reef The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin—a being that, the world must not find out too soon, is more than human. A being on whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers.
